MUNICIPAL DEPARTMENT.

MUNICIPAL—No. 5672M.

CALCUTTA, THE 20TH DECEMBER 1897.

FROM THE HON'BLE H. H. RISLEY, C.I.E.,

Secretary to the Government of Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

SIR,

I AM directed to submit, for the information of the Government of India, the accompanying copy of a Resolution recorded by the Lieutenant-Governor on the working of Municipalities in Bengal during the year 1896-97, together with Statistical Tables Nos. I, II, and III, prescribed under Home Department Resolutions No. $\frac{1 \text{ Mupl.}}{53-64}$, dated 31st May 1890, and No. $\frac{1 \text{ Mupl.}}{68-79}$, dated 23rd July 1891. Table No. IV is blank, as no octroi duties are levied in Bengal.

2. In accordance with the orders of the Government of India, contained in Mr. Lyall's letter No. 32, dated the 19th April 1894, the balances of the several Municipalities have been verified in the manner prescribed by the Accountant-General.

3. The Report on the working of the Calcutta Municipality has already been submitted to the Government of India, with the Lieutenant-Governor's Resolution thereon.

I have the honour to be,

SIR,

Your most obedient servant,

H. H. RISLEY,

Secretary to the Government of Bengal.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

CALCUTTA, THE 20TH DECEMBER 1897.

RESOLUTION—No. 5671M.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in the Lower Provinces of Bengal (except Calcutta) during the year 1896-97.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1895-96.

The following Resolution reviews the reports submitted by Commissioners of Divisions on the working of municipalities in Bengal during the year ending with the 31st March 1897. The reports from the Dacca, Chittagong, Bhagalpur, and Chota Nagpur Divisions were submitted on or about the prescribed date, but the rest were delayed, and the latest reports from the Burdwan and the Presidency Divisions were received on the 27th and 28th September, or two months after the prescribed date. The Government of India insist on the punctual submission of the provincial statistics, and this is obviously impossible unless the divisional reports are received in good time. The Lieutenant-Governor is aware of the difficulty of obtaining complete and correct reports from the smaller municipalities, but he regrets to observe that the Howrah Municipality with its large establishment is behindhand with its report year after year.

2. *Number of Municipalities, Population, and Rate-payers.*—The number of municipalities increased from 145 to 150. New municipalities were created at Asansol in Burdwan and Somastipur in Darbhanga, and three others, viz., Garden Reach, Garulia, and Azimganj, were formed by subdividing existing municipalities. No returns have been received from the Asansol and Somastipur municipalities, which came into existence towards the close of the year, and this Resolution therefore deals with only 148 municipalities.

The table in Appendix A shows the date of establishment of each municipality, the population within municipal limits, and the number of rate-payers in each. The inhabitants of the 148 towns number 2,708,974 persons.

With an increase of about 4,000 in the municipal population as compared with the previous year, the total number of rate-payers fell from 456,050 to 453,845, representing 16·7 per cent. of the population. The percentage varies from 30·3 at Birnagar in the Presidency Division to 5·7 at Kurseong in the Rajshahi Division. As in the previous year, the falling off in the number of rate-payers was most marked in the Presidency and Bhagalpur Divisions, whilst there was an increase of about a thousand in the Burdwan Division.

3. *Results of Elections held during the year.*—The fifth general election of Commissioners under the Bengal Municipal Act, 1884, took place during the year on the expiry of the term of office of those who were elected in 1893. The elections were conducted under the revised rules, which transfer to the Chairmen the duties hitherto discharged by the Magistrate. The new power appears to have been judiciously exercised. It was only in the case of the two small municipalities of Baduria in the 24-Parganas and Madaripur in the Faridpur district that it was found necessary to set aside the elections owing partially to irregularities of the proceedings, and fresh elections had to be held. The results of the general elections as also of the bye-elections held during the year are given in Appendix B. The statistics show that the average

percentage of attendance of voters in contested cases was 40·9, against 39·4 and 43·2 in the third and fourth general elections.

4. *Constitution of Committees.*—The following table illustrates the composition of the Municipal bodies in each Division at the close of the year:—

Name of Division.	Number of Members.				Race.		Occupation or Profession.								
	Ex-officio.	Nominated.	Elected.	Total.	European.	Natives.	Government servants.	Zamindars and land-holders.	Pleaders and mukhtars.	Planters.	Merchants, traders, and money-lenders.	School-masters (other than Government employés.)	Medical practitioners.	Government pensioners.	Unspecified.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Burdwan ...	5	136	224	365	24	341	54	71	82	...	59	12	41	11	35
Presidency ...	1	240	338	579	31	548	76	179	78	...	84	16	45	32	69

Patna	14	170	185	369	47	322	64	118	101	2	42	4	8	3	27
Bhagalpur ...	3	61	93	157	25	132	28	33	23	...	18	2	3	5	45
Orissa	...	41	34	75	5	70	23	13	25	...	2	5	...	1	6
Chota Nagpur	15	62	42	119	20	99	35	13	35	...	15	3	6	1	11
Total ...	46	936	1,166	2,148	211	1,937	376	512	485	10	259	56	128	61	261
Percentage on total.	2·1	43·5	54·2	...	9·8	90·1	17·5	23·8	22·5	·4	12·08	2·6	5·9	2·8	12·1
Percentage on total for 1895-96.	2·07	42·9	55·3	...	8·9	91·1	17·2	24·7	22·4	·6	11·4	4·4	4·1	3·1	11·7

There has been no material change in the proportion of members drawn from each of the various classes.

5. *Attendance at Meetings.*—There were in all 2,674 meetings held during the year, against 2,665 in 1895-96. Of these, 292, or 10·9 per cent., were unsuccessful or adjourned, as against 260, or 9·7 per cent., in the previous year. During the year under review 40 municipalities held more than 20 meetings each, against 37 in the previous year, whilst 13 municipalities failed to hold at least 1 meeting every month against 9 in 1895-96. Three municipalities, namely, Cossipore-Chitpur and Khulna in the Presidency Division and Sherpur in the Dacca Division, held 40 meetings each, of which 1, 13 and 8 meetings respectively had to be adjourned. In four other municipalities, viz., Krishnagar, Ranaghat, Kotechandpur and Bihar, the Commissioners held more than 30 meetings each.

In 78 towns, as against 75 in 1895-96, an average of more than one-half of the number of Commissioners attended at each meeting. The highest percentages of attendance were 75·4 at Daltonganj and 74·4 at Meherpur. The municipalities of Bally in Howrah and Jhalda in the Manbhum district return percentages of 8·7 and 5·2 respectively, and in the three other towns named in the margin less than one-third of the members on an average attended each meeting.

Name of municipality.	Percentage of attendance.	Total number of meetings held.	Number of unsuccessful meetings.
Kotrang	16·2	11	4
Rangpur	27·5	12	6
Patna	26·59	21	...

6. *Assessments and Taxation.*—The statement in Appendix C shows the mode of assessment prevailing in each municipality in the Province, the percentage at which each tax was levied, and the results of the revision of assessment made during the year. The rate on holdings was in force in 37 towns, and was levied at the maximum rate in all except 12 towns, including the Municipalities of Hooghly-Chinsura, Howrah, Krishnagar, Darjeeling, Dacca and Patna. In Bhagalpur and Purnea the rate was raised during the year to the legal maximum, and in Dacca it was resolved so to raise it with effect from April 1898. In Krishnagar a resolution to this effect, passed more than two years ago, has not yet been carried out. The tax on persons was in force in the remaining 111 towns.

7. The incidence of municipal taxation (excluding Calcutta) varied between Rs 5-6-6 at Darjeeling and 3 annas and 6 pies at Ramjibunpur in the district of Midnapore; the average for the whole province was 14 annas and 11 pies, showing an increase of 10 pies per head over the figure for the previous year. There has

been a steady rise in the figure since the year 1893-94, when it was 12 annas 9 pies. In the following year it rose to 13 annas 7 pies, and in 1895-96 it stood at 14 annas 1 pie. In 37 towns, as in the previous year, the incidence of taxation exceeded one rupee per head of population. All these towns are in Bengal Proper, none in the Patna, Bhagalpur, Orissa and Chota Nagpur Divisions having attained this standard. The incidence of taxation was below 8 annas in 53 towns as in 1895-96.

8. A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Darjeeling ...	... 6,765	Howrah ...	... 1,232
Chapra ...	... 5,539	Narainganj ...	... 1,186
Naihati ...	... 3,923	Dacca ...	... 1,115
Bihar ...	... 3,088	Nasirabad ...	... 1,590
Arrah ...	... 2,978	Patna ...	... 950
Purnea ...	... 2,812	Bhadreswar ...	... 870
Cuttack ...	... 1,352	Purulia ...	... 782

In the Bhagalpur Municipality an increase of Rs. 673 was obtained by the enhancement of the rate on holdings from 7 to 7½ per cent., but as the assessment was reduced on revision by Rs. 786, the net result was a loss of Rs. 114 to the Municipality. In Baranagar the assessment was decreased by the large sum of Rs. 3,178 owing to remissions granted on appeal against a revised assessment, which had resulted in an increase of Rs. 6,619.

On the general question of the revision of Municipal assessment, the Commisioner of Burdwan remarks:—

"A discreditable feature of the administration of some Municipalities is the great delay incidental to the disposal of objections to assessment, a delay which often interferes seriously with collections. To give an instance, the assessment in Burdwan Municipality was revised in 1894-95, and the revised assessment was supposed to come into force in the year 1895-96. When inspecting this Municipality in 1896, I commented upon the fact that many objections were then undisposed of and now, a year after, I have found that some are still pending. With too often inadequate assessment of the well-to-do and influential, with reckless remissions on objections made and delay in deciding these, the wonder is that results are even what they are in many Municipalities."

9. *Demands, collections, remissions, and outstandings on account of taxes.*—The following table compares the totals under these heads for the year 1896-97 with those for the three previous years:—

Year.	Demand.			Collections.						Remissions.				
	Arrear.	Current.	Total.	Arrear.	Current.	Total.	Percentage of column 5 on column 2.	Percentage of column 6 on column 3.	Percentage of column 7 on column 4.	Arrear.	Current.	Total.	Percentage of column 13 on column 4.	Outstanding balance.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.				Rs.	Rs.	Rs.		Rs.
1893-94 ...	4,27,689	22,81,279	27,08,968	2,43,143	18,60,629	21,03,772	56·8	81·5	77·6	59,612	59,372	1,18,984	4·3	4,86,212
1894-95 ...	4,93,558	23,71,593	28,65,151	2,74,419	19,76,277	22,50,696	55·6	83·3	78·5	96,983	58,144	1,55,127	5·4	4,59,328
1895-96 ...	4,63,780	25,27,826	29,91,606	2,47,870	20,89,234	23,37,104	53·4	82·6	78·1	75,814	59,450	1,35,264	4·5	5,19,238
1896-97 ...	5,21,077	27,13,569	32,34,646	2,89,108	22,09,050	24,98,158	55·4	81·4	77·2	94,613	70,672	1,65,285	5·1	5,71,203

The current demand rose to Rs. 27,13,569 from Rs. 25,27,826 in the previous year. The total increase during the last five years has been Rs. 7,54,329 in the current demand, or on an average Rs. 1,50,866 a year. The percentage of arrear collections shows some improvement, but that of the current demand fell from 82·6 to 81·4 during the year, and although remissions were more freely given, the outstanding balance rose from Rs. 5,19,238 to Rs. 5,71,203.

10. The table below shows the percentages of collection attained by the municipalities in each Division as compared with the previous year:—

Percentage of total collections on total demand.	Number of Municipalities.																			
	Burdwan.		Presidency.		Rajshahi.		Dacca.		Chittagong.		Patna.		Bhagalpur.		Orissa.		Chota Nagpur.		Total.

Total number of municipalities.	26	26	37	39*	11	11	17	17	5	5	25	25	10	10	5	5	9	9	145	147*

* The Garden Reach Municipality, established in March 1897, is not included.

The Dacca and Chittagong Divisions maintained their generally satisfactory record of the previous year, the latter even showing a further improvement. Fifteen out of 17 municipalities in the former and 3 out of 5 in the latter collected over 90 per cent. of their demands, and the collections in the remaining municipalities did not fall below 85 per cent. in any case. The results are again bad in the important Divisions of Burdwan and the Presidency, in the former of which the collections show a further falling off of 1·6 per cent. in the demand. The collections in the Bally and Bhuddressur Municipalities were as low as 53 per cent.; and those in Howrah fell from 65·1 per cent. in 1895-96 to 64·0 per cent. during the year under review. The financial condition of this large and important municipality demands the most serious consideration of the Commissioners. Since 1893-94 the outstanding balance has risen from Rs. 63,798 to Rs. 1,53,515, notwithstanding that in the past year Rs. 37,846 or 7·1 per cent. of the demand was remitted. The system of collecting taxes by contract which was introduced on 1st October 1895, has not produced the results expected from it; the town is heavily in debt; and if disaster is to be avoided, some means must be found of adding to its income or reducing its liabilities.

11. Over 95 per cent. of the demands was collected in 37 towns, and the results attained by the following 21 municipalities show what can be done by careful administration:—

Names of municipalities.	Total demand.	Percentage of collection.	Total remission.	Outstanding balance.
	Rs.		Rs.	Rs.
Deoghar	5,700	99·87	7	...
Jhalakati	3,765	99·7	11	...
Roserah	3,560	99·6	13	...
Sitamarhi	5,499	99·52	3	22
Tamluk	4,155	99·2	18	14
Narayanganj ...	44,065	99·1	250	113
Kendrapara ...	6,996	99·1	63	...
Bazitpur	2,254	99·1	20	...
Moheshpur	2,325	99·0	17	...
Titaghar	6,928	99·0	46	18
Hajipur	6,779	98·9	67	6
Jagadispur	4,142	98·8	44	...
Gaya	56,297	98·7	202	365
Vishnupur	4,633	98·7	57	...
Madhubani	6,758	98·6	43	45
Kotechandpur ...	5,460	98·4	85	...
Sherpur	5,915	98·3	28	63
Siwan	6,703	98·2	23	96
Lalganj	4,354	98·1	7	75
Kurseong	7,810	98·0	156	...
Sirajganj	18,104	98·0	288	79

In all these cases, which include municipalities of various degrees of importance, the collections were 98 per cent. or over, and there is no reason why in any case the collections should fall so low as is shown in the table in paragraph 10 above. The Lieutenant-Governor fully agrees in the following remarks of the Commissioner of Burdwan as regards the short collections in many municipalities:—

"These figures disclose a very unsatisfactory state of things, and it is due in the main, as usual, to the weakness of the Municipal executive, which from indifference or fear of unpopularity will not efficiently supervise the collecting staff, and enforce prompt coercive measures against defaulters. Prevalent high prices of food-grains is a circumstance which has been made the most of as an excuse for failure to take proper measures to collect the demand. It might warrant lenity in individual cases, but not wholesale postponement of collections."

12. There was a slight increase in the average percentage of remissions for the whole Province, which rose from 4·5 in the year 1895-96 to 5·01. There were comparatively marked fluctuations in the percentages in the six Divisions named in the margin as compared with the previous year. Dacca again shows the best result. The statistics in Appendix D point to the conclusion that large remissions are the necessary consequence of bad collections. The number of municipalities, in which the remissions exceeded 10 per cent. of the demand, rose from six to nine, the worst instances being Debhatta (20·3), Maniktola (16·5), Rangpur (13·9), Chaibassa (12·5), and Arrah (12·2).

	1895-96.	1896-97.
Burdwan ...	4·5	6·1
Dacca ...	2·5	1·7
Patna ...	3·7	4·4
Bhagalpur ...	2·5	5·8
Orissa ...	6·7	4·6
Chota Nagpur	4·2	5·2

13. *Fresh imposts levied during the year.*—License fees for offensive and dangerous trades were levied for the first time in the municipalities of Vishnupur, Sonamukhi, Basirhat, Mohespur, Nasirabad, Sherpur, Purnea, Kishanganj, Deoghur, Cuttack, Ranchi, and all the municipalities in the Patna Division. The tax on privies and cess-pools was introduced into the Ranaghat, Kishoreganj, Chittagong, Noakhali, and Buxar Municipalities. At Chittagong operations under Part IX of the Act, regarding the cleansing of privies and cess-pools and levy of fees for the purpose, were started in two of the wards from the 20th September 1896 and in another ward from 1st January 1897. At a special meeting held on the 22nd February a majority of the Commissioners passed a resolution suspending the operation of the tax except in respect of persons occupying holdings who were willing to avail themselves of the service. Their resolution was held to be *ultra vires*, and Government directed that effect should be given to the provisions of Part IX within three months from the 1st April last. This led to an outbreak of incendiary fires in the town, which taxed the energies of the police and the executive to put them down. The work is now progressing, but the collection of the tax is reported to be attended with great difficulty. A water-rate at 1½ per cent. per annum on the annual value of holdings was for the first time levied at Maniktala, and the tax on carriages and on horses and other animals at Jessore, and fees on milkmen, cartmen, livery stable-keepers, and keepers of hackney carriages at Cuttack.

14. *Income and expenditure.*—The following table shows separately for each Division the opening and closing balances, the income and the expenditure of its municipalities during 1895-96 and 1896-97:—

Name of Division.	Opening balance.		Income during the year.		Total funds available for expenditure.		Total expenditure.		Closing balance.	
	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.

Orissa ...	4,063	4,910	1,11,751	1,13,932	1,15,814	1,18,842	1,10,905	1,14,538	4,909	4,304
Chota Nagpur ...	12,800	11,114	67,918	74,486	80,718	85,600	69,604	74,072	11,114	11,528
Total ...	4,85,824	4,69,845	41,16,855	38,79,703	46,02,679	43,49,548	41,31,562	39,11,448	4,71,117	4,38,100

The discrepancy of Rs. 1,270 between the closing balance of 1895-96 and the opening balance of the year 1896-97 is due to revised figures having been shown in the present accounts.

15. *Closing balances of Municipalities.*—Although there was a satisfactory reduction in the aggregate closing balances of the municipalities, there were large balances in several individual cases, in some of which funds are being accumulated for large schemes connected with water-supply and drainage, or loans were received from Government too late to be spent during the year. In the following cases among others no explanation has been furnished of the failure to utilise the funds available :—

Name of Municipality.	Total income of year.	Closing balance.	Name of Municipality.	Total income of year.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Tamluk	8,651	3,047	Netrokona	6,354	2,293
Murshidabad	22,076	11,676	Gaya	78,627	18,279
Khulna	13,493	6,409	Jagdispur	4,871	2,035
Sirajganj	26,685	2,920	Siwan	10,481	2,101
			Motihari	15,264	3,307

Other municipalities, again, unduly reduced their balances, so that difficulty must have arisen in the payment of establishment and other current charges falling due towards the beginning of the new official year. The following are conspicuous instances of this form of mismanagement, which bears very hardly upon the salaried staff :—

Name of Municipality.	Income, including opening balance.	Closing balance.	Name of Municipality.	Income, including opening balance.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Baranagar	54,851	43	Satkhira	4,292	35
South Suburban ...	58,863	43	Debhatta	4,093	33
Barasat	10,102	88	Brahmanbaria ...	7,427	60
Basirhat	5,351	5	Arrah	47,088	18
Raniganj	18,074	161	Chapra	39,059	35
Jangipur	10,120	25	Ranchi	19,570	24

INCOME.

16. The following table shows the growth of the revenue derived from taxation proper in each Division during the ten years ending 1896-97 :—

Year.	Names of Divisions.									
	Burdwan.	Presidency.	Rajshahi.	Dacca.	Chittagong.	Patna.	Bhagalpur.	Orissa.	Chota Nagpur.	Total.
1	2	3	4	5	6	7	8	9	10	11
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1886-87	4,88,673	3,52,838	1,53,990	1,88,612	45,066	3,30,585	1,23,017	59,128	23,566	17,65,475
1891-92	5,43,855	4,56,946	1,75,379	2,29,153	55,298	3,83,542	1,45,281	65,911	40,797	20,96,162
1895-96	6,00,851	4,84,142	2,28,726	2,68,498	58,446	4,53,276	1,74,532	80,313	41,816	23,87,600
1896-97	6,89,640	5,30,657	2,29,543	2,80,064	61,441	4,47,470	1,71,627	82,095	43,128	25,35,665
Increase during 5 years ending 1891-92.	55,182	1,04,108	21,389	40,541	10,232	52,957	22,264	6,783	17,231	3,30,687
Percentage of increase.	11·29	29·50	13·88	21·49	22·70	16·01	18·09	11·47	73·11	18·73
Increase during 5 years ending 1896-97.	1,45,785	73,711	54,164	50,911	6,143	63,928	26,346	16,184	2,331	4,39,503
Percentage of increase.	26·80	16·13	30·88	22·21	11·10	16·66	18·13	24·55	5·70	20·96
Increase during the 10 years ending 1896-97.	2,00,967	1,77,819	75,553	91,452	16,375	1,16,885	48,610	22,967	19,562	7,70,190
Percentage of increase.	41·12	50·39	42·56	48·48	36·33	35·35	39·51	38·84	83·00	43·62

17. Considering the high prices that prevailed during the year, it is remarkable that the income from taxation should have risen by so much as Rs. 1,48,065 or 6·2 per cent. This increase was shared in varying degrees by all the Divisions except Patna, where the receipts declined by Rs. 5,806

and was largest in the Burdwan, Presidency, and Dacca Divisions, where it came to Rs. 88,789, Rs. 46,515, and Rs. 11,566, respectively. The figures in the foregoing table show that the total municipal revenue from taxation (excluding Calcutta) has risen from Rs. 17,65,475 in 1886-87 to Rs. 25,35,665 in 1896-97, being a net increase of 43·62 per cent. in ten years. The increase during the first quinquennial period (1887-88 to 1891-92) was 18·73 per cent., whilst during the second quinquennial period the income increased by 20·96 per cent.

18. The statement in Appendix E shows the details of total income under each head separately for each Division during the years 1895-96 and 1896-97, and the following figures give the difference between the receipts of the two years for the whole Province:—

Heads of Revenue.	Total receipts, 1896-97.	Comparison with 1895-96.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
	Rs.	Rs.	Rs.	
1. Municipal rates and taxes—				
(*a*) Tax on houses and lands ...	8,95,081	60,812	...	7·2
(*b*) ,, on animals and vehicles ...	1,96,825	4,406	...	2·2
(*c*) ,, on professions and trades	47,471	5,337	...	12·6
(*d*) Tolls on roads and at ferries	1,37,344	...	14,217	9·3
(*e*) Water-rate	1,46,128	71,639	...	96·1
(*f*) Lighting rate	37,128	1,321	...	3·7
(*g*) Conservancy (including scavenging and latrine rates).	4,98,610	31,000	...	6·6
(*h*) Tax on persons according to circumstances and property.	5,63,496	...	12,201	2·1
(*i*) Miscellaneous (penalties, &c.)	13,582	...	32	·23
2. Realizations under special Acts ...	92,817	...	2,691	2·8
3. Revenue derived from municipal property and powers apart from taxation.	2,86,821	8,226	...	2·9
4. Grants and contributions (for general and special purposes).	1,49,633	18,997	...	14·5
5. Miscellaneous	70,207	...	9,936	12·3
6. *Extraordinary and debt*—				
(*a*) Sale-proceeds of Government securities and withdrawals from Savings Bank.	10,509	3,153	...	42·8
(*b*) Loans	4,90,500	...	4,11,500	45·6
(*c*) Realisations of sinking fund for repayment of loans.	5,357	2,971	...	124·5
(*d*) Advances	1,44,342	...	735	·5
(*e*) Deposits	93,852	6,298	...	7·2
Total ...	38,79,703	2,14,160	4,51,312	...
Net decrease ...	...	...	2,37,152	5·7

The falling off of Rs. 2,37,152 in the revenue is more than compensated by a reduction of Rs. 3,99,813 in the income under the major head "Extraordinary and debt," the municipalities having borrowed smaller amounts from Government for capital expenditure, so that there was actually an increase of Rs. 1,62,661 in the real income of the municipalities, representing an increase of 5·4 per cent. over the receipts in the previous year.

19. *Tax on houses and lands.*—The net total increase of revenue from this tax was Rs. 60,812, against Rs. 17,357, the increase in 1895-96. All Divisions contributed to the increase except Chota Nagpur, where it is not in force, and Orissa, where there was a falling off of Rs. 2,424 due to revised classification of the income on account of public buildings at Cuttack, which has been hitherto included under "Tax on persons." The tax on houses and lands was substituted wholly or partly for the tax on persons in the municipalities of Baidyabati, Bhadreswar, and Motihari. In the 34 municipalities, where it was already in force, there was an increase in 21 and a falling off in the others. Taking individual cases, the following municipalities show the largest fluctuations:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of decrease.
	Rs.		Rs.
South Suburbs	11,540	Hooghly and Chinsura... ...	3,185
Baranagar	6,506	Muzaffarpur	2,628
Patna	4,786	Jamalpur (Monghyr)	1,766
Gaya	4,077	Midnapore	1,258
Darjeeling	3,512		
Chittagong	2,241		
Narayanganj	1,932		
Bhagalpur	1,752		
Sahibganj	1,100		

The increase is ascribed variously to revised assessments, to assessment of new and improved holdings, and to better collections of arrear and current demands. The increased collections in the Bhagalpur and Purnea Municipalities were due mainly to the introduction of the system of paying tax-collectors by commission. The falling off of income, on the other hand, was due to laxity of collections, to the scarcity and high prices that prevailed during the year, and to remissions allowed on appeals against revised assessments.

20. *Tax on animals and vehicles.*—The increase in the income under this head was slight, viz., Rs. 4,406, or 2·2 per cent. of the revenue derived during 1895-96. The increase occurred in the Burdwan, Presidency, Rajshahi, and Orissa Divisions, whilst the other Divisions show a falling off. The largest increase occurred in the municipalities of Midnapore (Rs. 3,088), Ghatal (Rs. 1,396), and Howrah (Rs. 1,180), and the Patna Municipality suffered the largest decline of Rs. 1,718. In some cases the decrease is attributed to a reduction in the number of carriages and horses kept by the rate-payers owing to the high price of food-grains.

21. *Tax on professions and trades.*—The revenue under this head shows an improvement of Rs. 5,337, being 12·6 per cent. over the income of the previous year. The increase was noticeable only in the Burdwan and Dacca Divisions, where it amounted to Rs. 3,654 and Rs. 1,138 respectively. In Howrah the appointment of a special Inspector to look after the collection of this tax resulted in an increase of Rs. 1,331, and the increased manufacture of bricks and tiles accounts for an increase of Rs. 2,211 in the municipalities in the Hooghly district. There was also an increase of Rs. 913 in the Nasirabad Municipality.

22. *Tolls on roads and ferries.*—Tolls are nowhere levied on roads. The income from ferries in the Presidency and Rajshahi Divisions shows increases of Rs. 2,400 and Rs. 1,036 respectively. The large decreases of Rs. 15,888 and Rs. 3,300 in the Patna and Bhagalpur Divisions are only apparent, and were caused by changes in the method of crediting the receipts.

23. *Water-rate.*—The income from water-rate, which is levied only by eight municipalities, rose from Rs. 74,489 to Rs. 1,46,128, owing mainly to the levy for the first time of the rate at Howrah, where it yielded Rs. 60,803. The fluctuations in the income in other municipalities are shown in the margin. The increase at Burdwan and Nasirabad was due to the raising of the rate at which the tax is levied. As regards the falling off at Arrah, where the Municipal Commissioners are in debt to the Joint-Committee, who manage the works, the Commissioner reports:—

	Rs.
Burdwan ...	+2,239
Cossipore-Chitpur ...	+3,884
Darjeeling ...	+2,082
Nasirabad ...	+1,802
Bhagalpur ...	+927
Arrah ...	—1,045

"The Vice-Chairman explains that in the preceding year there was a large amount of outstanding arrears to be collected, while this was not the case during the year under report, hence the decrease. The Magistrate, however, does not think this to be a sufficient explanation, as the balance left outstanding at the close of the year was very high. The true explanation, Mr. Windsor says, is "that the tax-daroga and his staff are incompetent and afraid of the more wealthy residents, and that the office is too lazy to carry out repeated instructions as to the issue of notices of demands and warrants in due time." This reveals a very unsatisfactory state of things, and the Magistrate will be requested to put matters right."

24. *Lighting-rate.*—This rate was levied only at Howrah, where the income rose from Rs. 35,807 to Rs. 37,128.

25. *Conservancy, including scavenging and latrine rates.*—The increase of Rs. 31,000 under this head was shared by five Divisions, and the Burdwan, Presidency, and Dacca Divisions show the largest increase of Rs. 11,102, Rs. 14,500, and Rs. 4,935 respectively. The increase in Burdwan occurred mainly in the municipalities of Howrah (Rs. 10,404) and Bally (Rs. 1,848), due in the latter town to the extension of Part IX of the Act to a portion of that Municipality. In the Presidency Division the improvement was shared mainly by the municipalities of Naihati (Rs. 3,590), Maniktola (Rs. 3,343), South Suburbs (Rs. 2,803), and Berhampore (Rs. 1,792). The Dacca and Patna Municipalities also show an improvement of Rs. 2,534 and Rs. 2,446 respectively. The increase was due mostly to better collections, but at Naihati it is attributed partly to the enforcement of Part IX of the Act throughout the Municipality, and also to the payment of a commission on the collections.

The Municipal Commissioners of Burdwan continued to realise Rs. 400 as rent for the old trenching-ground, which has been converted into a garden. The lessee is reported to have raised good crops of maize and cabbages and other vegetables, which obtained a ready sale in the market. The term of the lease having expired, the land has been resettled for four years from 1897-98, at an enhanced rent of Rs. 490 a year. The Municipality also received Rs. 180 from the owners of some private lands for night-soil deposited thereon. With this example before them other municipalities should endeavour to make their trenching-grounds a source of income. In 1895-96 the municipalities of the North-Western Provinces realised Rs. 1,10,804 on this account, and what can be done there ought to be equally possible in Bengal.

26. *Tax on persons according to their circumstances and property.*—The receipts for the whole Province declined by Rs. 12,201, or 2·2 per cent. on the income of the previous year. This decline is due to the rate on holdings, having been introduced entirely in the Municipality of Baidyabati and partially in those of Bhadreswar and Motihari. Among individual municipalities, the following show the largest fluctuations in the yield of the tax:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of decrease.
	Rs.		Rs.
Berhampore	... 2,925	Sasaram	... 1,635
Naihati ...	... 2,091	Rampur-Boalia	... 1,568
Bihar ...	... 2,050	Nasirabad	... 1,411
Purulia ...	... 1,272		

The fluctuations under this head are due to the same causes as affected the receipts under the tax on holdings. The Commissioner of the Burdwan Division ascribes the decrease partly to "undue leniency shown in view of the approaching elections," but Mr. Westmacott, Commissioner of the Presidency

Division, thinks that "neglect on the part of the executive to organize and enforce an efficient system of collection, and want of proper supervision over their subordinates are the chief reasons which hamper collections."

27. *Grants from Provincial and Local Funds.*—The contributions received by municipalities from Provincial and Local Funds and from other sources rose from Rs. 1,20,965 to Rs. 1,35,488. They are classified as follows:—

Purpose for which made.	Provincial.	District Fund.	Other funds and public charity.	Total.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
Medical	5,003	48,135	41,129	94,267
Education	3,834	.....	841	4,675
Public Works	9,634	.....	9,339	18,973
Other purposes	1,570	200	15,803	17,573
Total ...	20,041	48,335	67,112	1,35,488

28. *Gifts of money or land and works of public utility executed by private individuals.*—Besides the contributions included in the statement above, the following instances of private liberality deserve mention:—At Serampore Sreemati Beraj Mohini Dasi built a *gangabasi* house (resting place for dying persons removed to the bank of the Ganges) at a cost of Rs. 600. Rai Kherada Prosad Pal Bahadur of Howrah contributed Rs. 600 for laying water-pipes in a lane in that town which bears his name. Raja Ranjit Singh of Nashipur paid Rs. 1,500 to the Murshidabad Municipality for the excavation of a tank. Mr. J. Fairlie presented eight iron beds with spring mattresses to the Kushtia Municipal Hospital. In Debhatta a dispensary and a public library were maintained by a zamindar family of Sripur, and about half a dozen of their old private tanks were excavated and made over for the use of the public. In Baranagar an iron bathing ghat, and a large room, with a smaller one for females, were built by Babu Sri Gopal Mallik for the use of the public, and a tank was excavated and a bathing ghat constructed by Babu Rakhal Das Kar at a total cost of Rs. 2,700. In Baruipur Srimati Mukta Kesi Dasi built a rest-house, at a cost of Rs. 800, for the use of persons coming to cremate their dead. The Titaghar Jute and Paper Mills Companies have spent Rs. 500 in putting up three hydrants, with pipes, for supplying water from their factories to the bazar. The late Rai Harrish Chandra Mittra Bahadur made a gift of three tube-wells to the Barasat Municipality; two of them have been sunk and are giving excellent results. In Baduriya the Gyanbikasini Sabha maintained a high school at a cost of Rs. 1,400, nearly half of which has been borne by its Secretary, Babu Upendra Chandra Basu. The residents of Basirhat and Baduriya derived much benefit from a poor-house maintained by Babu Upendra Nath Shaw, Babu Shyama Charan

Ballabh, and Babu Mahendra Nath Gaen, in which from five hundred to a thousand people were fed daily. In Rampur Boalia Babu Taran Krishna Chaudhuri excavated a large tank in mahalla Kaderganj. A fine two-storied building has been constructed for the Rajshahi Public Library by public subscription, the Raja of Dighapatia contributing the main portion. In Sherpur, in the district of Bogra, a shop-keeper excavated an *indara* for drinking-water, at his own expense, as an act of religious merit. Raja Rajendra Narayan Roy Bahadur, of Bhowal, has offered to pay a sum of Rs. 20,000 for an extension of the Buckland bandh, to be called the Mackenzie bandh, in commemoration of the visit to Dacca of His Honour the Lieutenant-Governor of Bengal in July 1896. He also gave another sum of Rs. 5,000 on the same occasion for the construction of a ward in the Mitford Hospital for the accommodation of respectable females, to be called the 'Johnson Ward,' after the late Commissioner, Mr. Luttman-Johnson. Babus Gopi Mohan Roy Choudhury and Krishna Prasad Roy Choudhury, of Haripur, in the Brahmanbaria subdivision of the district of Tippera, made a donation of Rs. 2,500 for the construction of a masonry building for the charitable dispensary at Brahmanbaria. Babu Josiah Naik sunk a well in perpetuation of his wife's memory, and presented it to the Municipality of Cuttack. Babu Khosal Chand Marwari, a Municipal Commissioner, with some of the Marwaries of the town, placed Rs. 548-4 at the disposal of the Municipal Commissioners, to have an additional building constructed at the Konnagar Hindu Burning Ghât for the convenience of the public. Babu Nogendra Nath Rai Choudhury, a zamindar, spent Rs. 1,400 on the re-excavation of a tank situate in the heart of the Kendrapara town, which has greatly improved the sanitary condition of its surrounding quarters. A local subscription of Rs. 1,500 was collected for the construction of a new dispensary building at Daudnagar in Gaya. Messrs. Burrows, Thomson, and Mylne of Behea contributed Rs. 950 to the dispensary at Jagadispur: and with the aid of voluntary subscriptions, have built a new dispensary, doctor's quarters, and servants' quarters at a cost of Rs. 5,500. In Bhabhua Babu Mokund Sahu, an Honorary Magistrate, is re-excavating the municipal tank near the office.

EXPENDITURE.

29. The total expenditure in the municipalities of the Province (excluding Calcutta) amounted during the year to Rs. 39,11,448, against Rs. 41,31,561 in 1895-96, being a decrease of Rs. 2,20,113. The year closed with a balance of Rs. 4,38,100, against Rs. 4,71,117 of the preceding year. The statement in Appendix F shows the percentage that the expenditure in each municipality under each of the principal heads bears to the total outlay (excluding debt and suspense heads). For the whole Province the percentages for the two years are as follows:—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1895-96 ...	8·7	4·4	25·9	3·9	23·3	7·9	·51	13·1	3·5
1896-97 ...	9·8	4·7	15·5	3·4	26·6	9·5	·56	16·1	3·8

30. The following statement shows the expenditure of 1896-97 under its main heads, and also shows how these totals have varied from those of the previous year:—

Heads of Expenditure.	Total expenditure in 1896-97.	Comparison with 1895-96.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
1. General Administration—	Rs.	Rs.	Rs.	
(*a*) Office establishment, &c. ...	1,93,069	3,074	...	1·6
(*b*) Collection of taxes, &c. ...	1,49,825	3,311	...	2·2

Total ...	39,11,448	3,23,241	5,43,354	...
Net decrease ...	...	...	2,20,113	5·3

31. *Office and Collection Establishment.*—There was an increase in the charges both on account of office establishment and collection of taxes. In three small municipalities, against six in the previous year, the cost of

establishment exceeded one quarter of the whole actual expenditure during the year. The increase of Rs. 6,124 on account of office and collection charges in the Presidency Division was due principally to the establishment employed in the new municipalities of Garulia and Azimganj and the inclusion under the former head of the cost of construction and repairs of office buildings, including an item of Rs. 1,058 incurred on this account at Jessore. The system of paying for collections by commission instead of by fixed salaries appears to have been introduced more largely during the year, and the Commissioner of the Presidency Division observes :—

"The new system has been introduced in almost all municipalities, and, in a majority of cases, with success. It has not only effected general savings, but has improved collections almost everywhere. The Magistrate of the 24-Parganas reports that it has given excellent results in South Dum-Dum and Naihati."

32. *The prevention of fire.*—The total expenditure under this head fell from Rs. 20,969 to Rs. 19,518, the largest decline occurring in the Cossipore-Chitpur Municipality in the Presidency Division, due to a decrease in the charges payable by the Municipality towards the Metropolitan Fire-Brigade. A great fire broke out in the town of Barnagore after the close of the year, causing considerable damage, and it is reported that the Commissioners of that Municipality have since been negotiating with the Commissioner of Police, Calcutta, for the services of the Fire-Brigade to meet such contingencies in future. The Municipal Commissioners of Dacca have not yet been able to carry out the suggestion of the Magistrate to purchase hand fire-engines.

33. *Street lighting.*—The total expenditure under this head declined from Rs. 1,72,610 to Rs. 1,66,498. The reduction was shared by five divisions, viz., Burdwan, Rajshahi, Dacca, Chittagong and Patna, the rest showing some improvement. Nineteen municipalities incurred no expenditure on this account.

34. *Water-supply.*—The large decline of Rs. 4,51,457 under this head is more than accounted for by a reduction of Rs. 7,29,252 in the capital expenditure on account of the water-works at Howrah, which were opened towards the close of the previous year. On the other hand expenditure rose from Rs. 17,542 in 1895-96 to Rs. 2,85,580 in the Bhagalpur Division, owing to the outlay of Rs. 2,70,956 in the Bhagalpur Municipality on the extension of the water-works to the two remaining wards of the town. The attention of the Sanitary Board, who examined and approved of the Howrah water-works scheme before its adoption by the Municipality, will be drawn to the following remarks of the Commissioner of the Burdwan Division on the works :—

"Mr. E. A. Parsick, Secretary and Engineer to the Municipality, who is now in charge of the water-works, is of opinion that the settling tanks are far from perfect, and that, in order to make them water-tight, as well as to protect them from rats, a heavy outlay will, in the near future, be necessary. Mr. W. C. Borham, a Mechanical Engineer, who was in charge of the Water-works in February and March 1897, reported that the engines and pumps purchased from Messrs. Evans and Sons were not substantial, and were intricate in construction, and therefore likely to give much future trouble. His opinion is entitled to weight, inasmuch as he was the officer who came out with these engines, fixed them in position, and looked after them as Superintendent up to 3rd February 1897, when he was appointed, by the Municipal Commissioners, their Engineer in charge of the Water-works. The outlook is thus not very encouraging."

Increases of expenditure of Rs. 5,075 and Rs. 8,521 occurred also in the Dacca and Patna Divisions. In the former division the charges for maintaining the water-works at Dacca and Nasirabad rose, and a tank was excavated by the Netrokona Municipality. The Municipal Commissioners of Faridpur spent Rs. 3,986 during the year in completing the construction of a filter connected with a large tank excavated during the previous year. The filter supplies about 10,000 gallons of water daily, and is reported to have proved a great success. Full particulars of its working should be furnished to the Sanitary Board, who will consider whether similar schemes can be introduced in other municipalities which cannot afford regular water-works.

The expenditure by the Gaya Municipality of Rs. 3,852 in cleansing four sacred tanks in that town which are resorted to by the Hindu pilgrims, and

by the Muzaffarpur Municipality of Rs. 1,473 in repairing and disinfecting certain drinking-water wells, contributed mainly to the increase of the expenditure in the Patna Division. At Patna the Commissioners sanctioned an expenditure of Rs. 12.000 for boring experiments in connection with the preparation of a project for filtered water-supply, and of this Rs. 632 were spent during the year. In the Burdwan Municipality the Commissioners fitted up a workshop at the water-works and extended the filtered water-supply to areas which were not supplied with the pure water before. At Darjeeling also the Commissioners incurred a capital expenditure of Rs. 7,887 in constructing an additional filter-house and erecting a new hydrant connected with the water-works in that town. The construction of the Pasteur-Chamberland filter at a cost of Rs. 70,000, the contract for which was entered into in the previous year, was not completed during the year. A costly scheme framed by the Sanitary Engineer for the supply of pure water by pumping water from wells in the sandy bed of the Kaliganj river has been approved by the Commissioners of the Midnapore Municipality, and preliminary experiments have been sanctioned by the Commissioners since the close of the year. All the seven riparian municipalities in the district of Hooghly, from Bansberia to Uttarpara, as well as Bally in the Howrah district, joined in a comprehensive scheme for the supply of filtered water. Bansberia, however, which lies farthest to the north, has since withdrawn from the project at the suggestion of the Sanitary Engineer, who is now engaged on drawing up the estimate. At Maniktala the Commissioners extended the water-works at a cost of Rs. 4,271. The Corporation of Calcutta have agreed to supply 50,000 gallons of filtered water daily to the Garden Reach Municipality, and an approximate estimate of cost is now under the consideration of the Commissioners. Negotiations are proceeding for a supply of filtered water to the South Dum-Dum Municipality from the local cantonment main, which is connected with the Calcutta system of supply. The Municipalities of North Dum-Dum, North Barrackpore, Rajpur and Barasat are taking loans from Government to improve their water-supply. The Titagar Jute and Paper Mills have arranged to supply filtered water to the most populated quarters in the Titagar Municipality, and it is expected that similar liberal concessions will be made by other mills. The Titagar Paper Mills have also sunk a well in the centre of the bazar. The small municipality of Debhatta spent Rs. 2,100 in excavating three big tanks, and Meherpore also spent Rs. 1,893 in improving the water-supply. Tube-wells were tried in several places with indifferent success; but at Barasat six of Norton's tube-wells are said to be "giving excellent results, and the water drawn from them is considered the best in the locality." A comprehensive scheme for the supply of filtered water from the neighbouring hills has been framed for the Chittagong Municipality, and negotiations are now being carried on with the Assam-Bengal Railway with the object of inducing them to join in the project.

The scarcity of drinking-water which prevailed during the year forcibly drew attention to the necessity for enlarging and improving the supply, and considerable activity was displayed by most municipalities in dealing with the question. The statistics of available sources of water-supply in each municipality, and of the quality and quantity of the supply are shown in Appendix M.

35. *Drainage.*—The total expenditure under this head fell from Rs. 1,49,559 to Rs. 1,21,060, owing to the decline of the capital outlay by Rs. 32,557, whilst the maintenance charges increased by Rs. 4,058. The decrease was shared largely by the Burdwan, Rajshahi and Patna Divisions. In the Burdwan Division the completion of the construction of the main drainage channels in Serampore during the previous year, when a capital expenditure of Rs. 9,152 was incurred, accounts for the reduction of the expenditure during the year under review. As regards the suggestion made by the present Sanitary Engineer, that the outfall should be from and not into the river Hooghly, the Commissioner reports :—

"I have asked the Magistrate of Hooghly to enquire and report on the point * * * Theoretically it is, no doubt, open to objection that drainage should be into the Hooghly. But those rate-payers of the riparian Municipalities, who take an interest in the matter, often urge that drainage into rivers largely prevails even in England, that surface drainage can do little harm in a river like the Hooghly, especially considering that mills are allowed

to contaminate the water to a much more serious extent, and that it is not fair that the riparian Municipalities should be asked to cripple themselves for an idea, *i.e.*, the drainage being taken elsewhere than to the river, where its natural outfall would be, and this at great expense."

The Lieutenant-Governor will await the Magistrate's report on the subject. The falling off in the Rajshahi Division was due to the decline of expenditure on original works in the Jalpaiguri Municipality from Rs. 12,775 in 1895-96 to Rs. 2,150 during 1896-97. Similarly, the decline in the Patna Division is accounted for by the fact that the Muzaffarpur Municipality spent Rs. 10,815 on drainage in 1895-96 and nothing during the past year.

	Rs.
Bhagalpur ...	... 5,439
Cossipore-Chitpur	,, 4,998
Patna ...	... 4,560
Dinajpur ...	... 3,693
Purulia ...	... 2,966
Netrakona ...	... 2,288
Jalpaiguri ...	... 2,150

The municipalities named in the margin incurred considerable expenditure on original works. A drainage project for Howrah is at present under preparation by the Engineer to the Corporation of Calcutta, and the towns of Cuttack, Maniktala, Netrokona, Nasirabad, Jamalpur, English Bazar, and Tangail have schemes under preparation or consideration.

A sum of Rs. 8,216 was spent in the Patna Municipality in repairing the existing drains and in removing the more serious defects in the drainage works, in regard to which the Magistrate remarks:—

"The general condemnation of the drainage works led to an enquiry being held by the Sanitary Commissioner and Sanitary Engineer, and the expenditure incurred has been chiefly on their recommendations. The defects in levels in many cases have been removed, other drains have been widened, and new drains have been and are being constructed to make the system more complete. A flushing scheme for the more crowded parts of the town is under consideration, and, it is hoped, will be carried out in the current year."

In Monghyr a combined water-works and drainage scheme is now being considered by the Commissioners. Their attempts to remove the existing encroachments on the municipal drains have involved them in heavy litigation, and no less than 53 cases have been instituted against them. Most of the cases have, however, been settled amicably, and the Commissioner commends the Vice-Chairman of the Municipality, Babu Sivanandan Prosad Singh, for the success attained in this important matter.

36. *Conservancy (including road cleaning) and watering and latrine.*—The expenditure under this head rose from Rs. 8,94,066 in 1895-96 to Rs. 9,29,998 in 1896-97, showing an increase of Rs. 35,932, which was shared by all the Divisions* except Rajshahi and Bhagalpur, where the expenditure declined by Rs. 1,899 and Rs. 400 respectively. The statistics given in Appendix F show that the percentage of total expenditure applied to this purpose varied between 53·0 in the Puri Municipality and 1·7 in the small Municipality of Debhatta.

	Increase. Rs.
*Burdwan ...	... 13,659
Presidency ...	... 14,147
Dacca ...	... 5,362
Chittagong ...	... 1,221
Patna ...	... 2,715
Orissa ...	... 659
Chota Nagpur	... 468

The introduction of the provisions of Part IX of Act III of 1884, the purchase of land for trenching grounds or conservancy yards, the provision of additional latrines, the strengthening of the road and latrine-cleansing establishment, and the purchase of additional plant and stores account generally for the increase of expenditure. The special measures taken for cleansing towns with a view to prevent the spread of plague also contributed to the increase of expenditure. As regards the Cossipore-Chitpur Municipality the Commissioner remarks "this is really the only municipality in the Presidency Division which has an efficient conservancy establishment, a regular system of road-cleaning, an excellent trenching-ground, and an adequate number of public latrines." The Municipal Commissioners of Dacca have resolved thoroughly to reorganise their Conservancy Department, which has for years past been in a most unsatisfactory condition, at a large cost to be met out of borrowed capital.

37. *Hospitals and dispensaries.*—The total expenditure rose from Rs. 3,02,792 in 1895-96 to Rs. 3,32,653. The charge incurred by municipalities in 1891-92 on this account was Rs. 2,58,544, since when the expenditure has risen by Rs. 74,109 or 28·6 per cent.

The municipalities named in the margin show the largest fluctuations in their expenditure under this head as compared with the previous year. The decline at Utterpara is only apparent, and is due to a change in the system of management which does not affect the working of the institution. At Krishnagar the charge on account of the pay of the Assistant Surgeon was reduced, at Chapra the decrease was due to the payment of large arrear bills in the preceding year, while at Santipur there was no further expenditure on building. The large increase at Faridpur was due to the construction of a dispensary building, towards the cost of which the Government and the District Board contributed Rs. 2,000 each, while Rs. 1,300 were raised by subscriptions. At Berhampore the Commissioners added a new ward to the hospital for the treatment of patients suffering from infectious diseases. The large increase at Monghyr was due mainly to the construction of Rai Kamaleswari Bahadur's Dufferin Zanana Hospital and of a moribund ward. The construction of a new building for the General Hospital in the town of Chittagong was completed at a cost of Rs. 93,207, of which Rs. 75,000 were contributed by the Chittagong Municipality, the Port Commissioners and the District Board, and the balance was paid by Government. The hospital is managed by a Joint-Committee consisting of 12 members appointed by Government, with the Divisional Commissioner for its President. The Municipality pays an annual contribution of Rs. 2,000, and is relieved of the sole charge of the institution. The cost of maintaining the popular and useful dispensary in the small town of Barh has hitherto been a heavy burden on the Municipal fund; but since the close of the year the Assistant Surgeon in charge of the dispensary has been replaced by a Hospital Assistant, and this change will greatly reduce the expenditure.

Municipality.	Increase Rs.
Berhampore	1,776
Faridpur	3,525
Patna	3,032
Bihar	1,208
Gaya	2,396
Arrah	1,023
Monghyr	9,799
Balasore	2,652

Municipality.	Decrease. Rs.
Utterpara	1,681
Krishnagar	1,419
Santipur	1,086
Chapra	1,930

The Municipal Commissioners of Burdwan continued to employ the services of a lady doctor at the Municipal Dispensary, and the District Board contributed Rs. 25 a month towards her pay. Only five female patients came to the Zanana Hospital in Bankura, but the lady doctor's services were largely utilised in treating the female patients attending the Bankura Charitable Dispensary, and the number of these rose from 2,754 in 1895-96 to 3,420 during 1896-97. There were trained midwives at Suri and Hooghly-Chinsura, paid respectively by the District Board of Birbhum and the Lady Dufferin Fund. A maternity hospital is attached to the Bankipore Dispensary, where a lady doctor is employed at the cost of the Municipality. A lady doctor is also employed in the Arrah dispensary, and a portion of her salary is paid by the District Board. Female Hospital Assistants were employed also in the Bettiah and Purnea dispensaries. A lady doctor held charge of the female department of the Boalia dispensary, and at Jalpaiguri the Commissioners employed a passed midwife on a salary of Rs. 30 per month. The Darjeeling Municipality spent Rs. 290 on the medical education of two Christian hill girls.

38. *Vaccination.*—The statement in Appendix H gives full information in regard to vaccination. One hundred and ninety-four vaccinators were employed at a cost of Rs. 19,973. They performed 117,676 operations, of which 93,171 were primary and 24,505 revaccinations; of the total operations, 84·5 per cent. are reported to have been successful, against 86·3 of the previous year. Each operator vaccinated on an average 606 persons, and the average cost of each operation was 3 annas 3 pies. The proportion of persons primarily vaccined exceeded 5 per cent. in the 14 towns named in the margin. The provisions of the Compulsory Vaccination Act are in force in all municipalities.

Berhampore	5·54	Bihar	7·02
Darjeeling	12·69	Daudnagar	5·74
Kurseong	23·1	Arrah	5·22
Sherpur	5·4	Bhabhua	6·34
Faridpur	5·6	Jamalpur	7·4
Barisal	6·7	Cuttack	6·03
Jhalakati	5·3	Ranchi	6·3

39. *Public Works.*—The expenditure on Public Works rose from Rs. 5,03,741 in 1895-96 to Rs. 5,62,901 in the year under review. The

following table compares the expenditure under the several sub-heads during the two years:—

Year.	Establishment.	Buildings.	Roads.	Stores.	Total.
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.	Rs.
1895-96 ...	64,652	49,960	3,86,529	2,600	5,03,741
1896-97 ...	69,111	34,196	4,36,684	22,910	5,62,901
Increase (+) or decrease (—) ...	+ 4,459	— 15,764	+ 50,155	+ 20,310	+ 59,160

There was a satisfactory increase of expenditure on roads contributed mainly by the Burdwan, Presidency and Chittagong Divisions, whilst the charge on account of buildings declined.

40. *Public Instruction.*—The total expenditure under this head as shown in Form III fell from Rs. 1,37,627 in 1895-96 to Rs. 1,34,716. This decline is more than accounted for by the transfer of the Nator Municipal School to the Maharaja Bahadur of Nator on the 1st April 1896, so that the expenditure on that school does not appear in the Municipal accounts. There is a discrepancy of Rs. 1,977 between the total figures as returned in Appendix I and Form III, due partly to the expenditure of Rs. 1,143 from fees and fines at Dinajpur not having been included in the former. A discrepancy of Rs. 742 in the Patna Division has not been explained.

The total expenditure on primary education shows only a slight increase of Rs. 394, the charge on this account having risen from Rs. 69,153 in 1895-96 to Rs. 69,547 in 1896-97. The following table compares the expenditure on primary education, Division by Division, during the last two years:—

Name of Division.	Cost of teaching half the boys of a school-going age in each municipality at 10 annas per head.	Total expenditure on primary education.		Variation between columns 2 and 4.	Variation between the figures in columns 3 and 4.	Ratio of expenditure on primary education to total ordinary income.	
		1895-96.	1896-97.			1895-96.	1896-97.
1	2	3	4	5	6	7	8
	Rs.	Rs.	Rs.	Rs.	Rs.		
Burdwan ...	12,015	11,389	12,130	+115	+741	1·6	1·5
Presidency ...	14,084	14,734	15,037	+953	+303	2·6	2·3
Rajshahi ...	3,610	5,891	5,533	+1,923	—358	1·9	2·5
Dacca ...	6,752	5,558	5,733	—1,019	+175	1·7	1·9
Chittagong ...	1,763	2,259	2,233	+470	—26	2·9	3·1
Patna ...	18,776	17,381	17,159	—1,617	—222	3·2	3·6
Bhagalpur ...	5,293	5,329	5,096	—197	—233	2·6	2·5
Orissa ...	3,098	4,376	4,539	+1,441	+163	4·6	4·8
Chota Nagpur ...	2,174	2,236	2,087	—87	—149	3·6	3·2
Total ...	67,565	69,153	69,547	+1,982	+394	3·2	3·1

The prescribed standard of expenditure on primary education, as shown in column 2, was very nearly attained in the Chota Nagpur and Bhagalpur Divisions, whilst the municipalities in the Burdwan, the Presidency, Rajshahi, Chittagong, and Orissa Divisions spent more than the allotted amount.

41. *Loans.*—The table in Appendix K shows the loan transactions of the municipalities during 1896-97. The new loans received during the year and the purposes for which they were obtained are shown in the margin. The Ranaghat and Kotechandpur Municipalities received the first instalment of their loans of Rs. 5,000 and Rs. 3,000 respectively. The Howrah Municipality obtained the last instalment of the loan of 15 lakhs for water-works. The total loan liability of the municipalities at the close of the year was Rs. 28,63,918.

Name of Municipality.	Amount of loan.	Purpose.
	Rs.	
Ranaghat ...	2,500	Water-supply and other improvements.
Meherpur ...	1,500	Water-supply.
Kotechandpur ...	1,500	
Sirajganj ...	5,000	
Darjeeling ...	30,000	Steam laundry and other improvements.
Nasirabad ...	5,000	Improvement of water-works.
Chittagong ...	5,000	Burial-grounds and other improvements.
Darbhanga ...	40,000	Sanitary improvements.
Bhagalpur ...	3,00,000	Water-works extension.

42. *Audit and Embezzlements.*—One case of embezzlement of municipal money occurred in Hooghly-Chinsura, where a dismissed collecting sarkar is reported to have realised certain taxes before and even after his dismissal by presenting fraudulent bills. Apart from the laxity of control and neglect of rules, which rendered the embezzlement possible, it is surprising to find that the Municipality did not prosecute the sarkar, nor report the matter to the Examiner of Local Accounts. He was, however, prosecuted on behalf of Government and sentenced to 21 months' rigorous imprisonment and to a fine of Rs. 100. In the Darbhanga Municipality a sum of Rs. 1,498 was embezzled by the late tax-daroga, who has been convicted by the Sessions Judge, and sentenced to three years' rigorous imprisonment and to pay a fine of Rs. 1,500, and in default to nine months' further imprisonment. In the Patna Municipality fraudulent receipts, covering a sum of Rs. 25-6-4, were granted to three individuals by a tax-collector. These were detected, and a warrant issued for his arrest. The man is still at large, but steps are being taken to attach his security. Embezzlements of small amounts also occurred in the Municipalities of Dacca, Bhagalpur, Monghyr, Chattra, Lohardaga and Daltonganj.

43. *Working of the Porters and Dandiwallahs' Act in Darjeeling.*—The Act is in force in the Darjeeling Municipality only. The number of porters and *dandiwallahs* registered was 925, against 726 in the previous year. The prosecutions under the Act numbered 29, and the fines amounted to Rs. 34-4, against Rs. 117 imposed in 1895-96. Nine licenses were cancelled during the year. On the whole, the law is reported to have been worked carefully, and there is a close supervision of *dandiwallahs* and porters.

44. *General working of the Act during the year.*—Mr. G. Stevenson, Officiating Commissioner of the Burdwan Division, submits the following general observations on the working of municipalities in his Division:—

Amongst the municipalities of this Division, Howrah occupies a unique position, and sundry questions of municipal law, as affecting its taxation and the like, are now before Government. One of these, the question of adequately dealing with sanitation in *bastis*, is of interest to other municipalities of the Division also, as mills are gradually increasing in numbers along the course of the river Hooghly. I have, in the course of this report, indicated various shortcomings on the part of municipalities; but, generally speaking, in the larger towns, municipal administration is not unsatisfactory. The Commissioners, if naturally conservative, are open to reason, and fully and fairly consider representations made to them by Government officers. In the smaller mufassal municipalities, unless there is a Government officer on the spot to rouse them to action, the state of things is not so satisfactory, though here, too, there are exceptions. The tendency to let things slide is unchecked. The Chairman of one such Municipality, a non-official, observes as follows:—"Most of the Municipal Commissioners do not take any interest in matters municipal beyond their own elections, and it is only when their own interests are concerned that they care to attend meetings." I fear this remark is of a very general application. Indeed considering the results achieved and the trouble involved in audit inspection and correspondence, I venture to think that many of these petty municipalities would be better abolished, could only some simpler method be introduced of raising money for sanitary and other local improvements. The Magistrate of Hooghly has, in his remarks reproduced above, indicated the most usual defects which are mainly the result of inadequate supervision by the Chairman and Vice-Chairman, and this, as usual, is most noticeable out of doors in such departments as deal with roads, drainage obstructions, and especially sanitation. No doubt

the non-official Chairman or Vice-Chairman has probably his own business to occupy him during the day, and is consequently indisposed to move about the municipality in his leisure hours. But when he accepts the position he knows what duties it entails, and he should endeavour to see and hear for himself. Meddlesomeness on the part of individual Commissioners not infrequently interferes with good administration. If these gentlemen were content to ferret out irregularities and bring them to the notice of the municipal executive, they would deserve well of the rate-payers. But their energy is too often misdirected, and they interfere with the Municipal subordinates, and pass orders direct, as if they were entitled to do so. Even when these orders are warranted, the practice is objectionable, much more is it so when interference takes the form of desiring, for instance, a tax-daroga not to be severe with a defaulter. So far as my observation goes, it has not led me to regard the elective system as a success in municipalities. It does not certainly, as the rule, tempt the best men to come forward. They object to enter into a contest with, very likely, some person of inferior social position, the rather that success at the poll can be expected only by hopes being held out of reduced taxation, opposition to all changes and the like.

The fact that, apart from personal or party-feeling, the rate-payers take no interest in the election except for the above reasons, probably explains also the lack of administrative energy frequently noticeable just before a general election. Reforming zeal at such a time might have awkward results at the poll.

45. Mr. E. V. Westmacott has recorded the following observations:—

Referring to the remarks which I made when closing my report for the year ending in March 1896, I find them equally applicable to the subsequent year. Municipal administration is not local-self-government by the people, but government by a limited class, which has no sympathy with the bulk of the people. It is necessary for controlling authorities to be incessantly on the watch to protect the interests of the poor and all who do not belong to the class of educated Babus. Here and there the municipal work of the year shows some improvement, in such matters as the collection of taxes and sanitary improvements, but except where the administration has been taken into the hands of Europeans, as at Titagar and Garuliya, such improvement is solely due to pressure exercised by the Magistrate and the Commissioner of the Division. Without this pressure, I believe that all the admonitions of the Sanitary Commissioner would fall on very barren soil, and, as I have noticed already, municipal incomes would dwindle away from feeble administration. It is unfortunate that the class of pleaders has directed its ambition to municipal office, for, with few exceptions, such as the Chairman of the Jessore Municipality, these men have shown themselves to be most inefficient administrators. In some cases, such as Jangipur and Krishnagar, there has been an obstinate determination not to improve, but, generally, Chairmen and Vice-Chairmen have shown themselves amenable to advice, though generally very feeble in following it.

46. Mr. P. Nolan, Commissioner of the Rajshahi Division, remarks:—

I did not observe any failure in administration, which could be attributed to the terms of the Act. The success attained depends on the energy and practical knowledge of the leading Municipal Commissioners, and their attainments were generally good.

47. Mr. L. Hare, Officiating Commissioner of the Dacca Division, concludes his report with these remaks:—

I have not had time yet to gain much detailed experience of the municipalities of this Division. I saw something of the Nasirabad Municipality, and had occasion to find fault with the work going on, principally road-making. All the elementary rules laid down for this work were being neglected.

Of Dacca and Narayanganj, I had long experience. I thoroughly endorse Mr. Shirres' remarks about Narayanganj, which is a model municipality. Since I have been here I have given much attention to the affairs of the Dacca Municipality. It suffers from want of efficient and adequate supervision. The present Commissioners are, however, working hard to remedy defects and introduce improvements. But I am convinced that a large municipality, such as this is, cannot be for long successfully worked by the class of men we are likely to get as Municipal Commissioners, unless they have the backbone of an official Chairman. The efficient control and working of the large establishments entertained for this town cannot be managed by any one who has not had training in such work.

48. Mr. F. R. S. Collier, Officiating Commissioner of the Chittagong Division, submits the following observations as well as extracts from the District Officer's report on the working of municipalities:—

The Magistrate of Tippera writes:—"The Commissioners of the Comilla and Brahmanbaria Municipalities seem to take interest in their work, but the arrangements are not altogether satisfactory. The crying want in the Comilla Municipality is a proper drainage system. A scheme to improve the drainage was prepared and submitted to Government for sanction. It is standing over, nominally pending the settlement of the important question of the outfall drainage, but practically the municipality has given up, for the time at least, all idea of interior drainage. The conservancy and the drainage of the Brahmanbaria town are unsatisfactory. The condition of the private privies is reported to be very

bad, and it is essential that the latrine should be introduced. To this the Municipal Commissioners, however, object and decline to be moved."

The following extract from my general administration report relates to the Chittagong Municipality:—"The working of the Chittagong Municipality has been very unsatisfactory for years past. The rate-payers are strongly opposed to all improvements which entail additional taxation, and the elected Commissioners have, even when they were in favour of improvements, themselves been unwilling in many cases to destroy their chances of re-election by voting against the views of their constituents. Moreover, an unpopular Municipal Commissioner runs the risk every dry season of having his house burnt down. A Municipal Commissioner whose house was recently burnt down stated to an official that the act was due to his being known to be in favour of the introduction of Part IX. 'But,' remarked the official, 'you voted against the introduction of Part IX.' 'Yes,' was the reply, 'but they knew I was really in favour of it all the same.' The Chittagong version of a well-known proverb is—'Those who live in thatched houses should not vote for unpopular taxes.' I am afraid that the elective system is utterly unsuited to Chittagong. I should, however, like to give the present body of Municipal Commissioners a chance of showing that this view is wrong, and I therefore do not advocate its immediate withdrawal. They have recently elected Mr. Phillimore, I.C.S., as their Chairman, and this step appears to indicate a desire for an improved administration."

The Cox's Bazar Municipality is a small one. Its income is chiefly spent in repairing roads and drains. It appears to have worked satisfactorily.

49. Mr. J. A. Bourdillon, Commissioner of the Patna Division, recorded the following remarks:—

Municipal administration throughout the year has been of the usual character. Where the Chairman or Vice-Chairman, or both, have been strong and efficient, things have gone smoothly and well. Instances of such prosperous municipalities are Muzaffarpur, Jagadispur, Madhubani and Bihar. Elsewhere the administration has been marked by apathy and abuses in a greater or less degree. The worst of the large municipalities have probably been Chapra and Darbhanga, with Arrah not far behind; but I trust that for all of these better times are in store. The District Magistrate is now Chairman in all three. There has been a change of Vice-Chairman, and energetic efforts are being made to set things right. In Patna and at Gaya the post of paid Vice-Chairman has been abolished, and it is proposed at both these places to appoint a Secretary-Engineer. The want of these two great towns is a good water-supply, and I am glad to say that the prospects of getting them are good.

50. The following are the comments of Mr. W. B. Oldham, Commissioner of the Bhagalpur Division:—

"The Division exhibits every stage of municipal government. The most backward municipality is that of Deoghur, under purely official direction, and with by far the best results in every branch except that of actual self-government. The next best is Purnea, where the management is wholly foreign. The Magistrate is the Chairman and the Vice-Chairman, and most active Commissioners are professional men from the metropolitan districts. The two little municipalities in Malda come nearest to self-governing institutions managed by local men who are well acquainted with, and also have sometimes to contend with, local interests. Altogether I would give the first place as an example of real and successful municipal government to Monghyr, which is a considerable city. Though the Commissioners continue to choose the District Magistrate as their Chairman, the Vice-Chairman, Babu Shivanandan Prasad Singh, is a prominent townsman, and so are the bulk of the Commissioners. Local interests are often encountered, and of late years there has been no shrinking from such encounters.

"The Municipality of Jamalpur occupies a place by itself. Its taxation and revenue business, its public works and its sanitation, are carried out to the satisfaction of everybody, but otherwise its relations with the controlling authorities are so unsatisfactory, and their demands and requirements are ignored to such a degree, that unless there is amendment in this respect the intervention of Government will become necessary. The kind of neglect under notice amounts to a breach of the law. For instance, the Commissioners are at this moment levying some taxes without any legal sanction.'

"The Commissioners of the important Municipality of Bhagalpur have achieved far more than any other in the Division, but the reaction thereby caused in their ordinary business, which was noticed last year, has increased, and their management of their taxation and revenue is in much disorder and will cause the greatest trouble."

51. Mr. H. G. Cooke, Commissioner of the Orissa Division, writes:—

On the whole, the Municipal Act worked satisfactorily and smoothly in all the Municipalities of this Division.

In the Kendrapara Municipality, it is said, the revision of assessment took place during the current year, which caused a small section of the people to agitate. They petitioned the Municipal Commissioners and the Magistrate of the district. With a view to convince the authorities of the gravity of the general discontent, they put down the signatures (apparently without their knowledge) of those whose taxes have been reduced or even

exempted, and, more ridiculously still, got some persons to sign the petition who were not tax-payers at all. The Chairman says:—"It is more to the agitation of such men I may attribute the unpopularity of the municipality." The Magistrate of the district endorses this opinion and says:—"I believe this to be a fair statement of the case." I am not so sure of this; I am aware that discontent has prevailed in Kendrapara for the last five years, and I am not much surprised, after seeing the way the Commissioners have stood in the way of fair play towards the Transgobri portion of the municipal area after the case had been given against them repeatedly by absolutely unprejudicial official inquiries where such a spirit exists, it would be surprising if the rate-payers had not other causes of dissatisfaction.

The Chairman of the Jajpur Municipality says that some amount of discontent was raised by the numerous enhancements made in the revised assessment, but that the murmurings of the discontented people were removed by a careful disposal of objections, and by patiently dealing with the poorer tax-payers.

I am of opinion that far too high a standard is expected, especially in the case of the smaller municipalities; it is impossible, with the incomes at their disposal, for the Municipal bodies to approach such standard. In some cases, creditable attempts have been made in various directions, but some great wants are invariably allowed to stand over, and this must continue to be the case.

Many of the difficulties of the Commissioners arise from the settled habits of the people, and these are perhaps most conspicuous under the heads "Conservancy and Water-supply." Nothing but a strong, not to say tyrannical, administration would create any impression on such habits, which would be resumed at the first relaxation of vigilant severity. The Commissioners' chief obstacle, after want of funds, is the passive resistance of the people themselves.

52. The following are the comments of Mr. A. Forbes, Commissioner of the Chota Nagpur Division:—

Owing to famine and other pressing duties, I have not had time since I took charge of this Division in December last to give much attention to municipal affairs; but I have, on the whole, been well impressed with what I have seen. The municipalities are, as a rule, well drained, and the streets well kept and clear, and attention is generally paid to the question of drinking water. The proper disposal of night-soil is a weak point almost everywhere, but this is due to want of funds owing to the general low assessments under section 85(*a*), and the small extent to which Part IX of the Act is made use of. Except from Chatra, I have had no complaints regarding the working of the Municipal bodies. On the contrary, the standard amongst Municipal Commissioners, as regards interest in their work and the wish to do their duty, seems to me quite up to, if not in advance of, that to be found in most parts of Bengal.

53. The Officiating Lieutenant-Governor has little to add to the remarks recorded last year by Sir Alexander Mackenzie on the subject of municipal administration in Bengal. It seems to him, however, that the intrinsic difficulty of the work which is done by the Commissioners of the various municipalities is sometimes imperfectly realised, and that sufficient allowance is not made for the limited funds at their disposal, and the social obstacles which all proposals to increase taxation or enforce more vigorous methods of conservancy have to contend with. As time goes on and experience is gained, it may be hoped that the conduct of municipal affairs will pass more completely into the hands of practical men of business, and that the people will come to understand that a well-managed town is a healthy town, and that a reduced death-rate is well worth the taxation by which alone it can be brought about.

By order of the Lieutenant-Governor of Bengal,

H. H. RISLEY,

Secretary to the Government of Bengal.

APPENDIX C.

Statement showing the mode of assessment in vogue in each Municipality in the Province, the rate at which the Tax on Holdings or on Persons is levied, and the result of any Revision of Assessment made during the year 1896-97.

Serial number of Municipality.	Name of Municipality.	Mode of assessment in vogue.	The rate at which the assessed tax is levied.	Result of any General or Partial Revision of Assessment made during the year.		Remarks.
				Increase in income.	Decrease in income.	
1	2	3	4	5	6	7
				Rs. A. P.	Rs. A. P.	
1	Burdwan	Rate on holdings ...	Rs. 7½ per cent.	...	...	
2	Kalna	Tax on persons ...	According to circumstances and property, annas 8 to Re. 1 per cent. on annual income of the assessee.	...	72 0 0	No revision of assessment during the year, but the assessment was reduced by Rs. 72-2 owing to exclusion of certain areas from Municipal limits.
3	Katwa	Ditto ...	Ditto 12 annas per cent. on the annual income.	172 0 0	...	There was a general revision of assessment at the end of the year, which will come into force from the beginning of the year 1897-98.
4	Dainhat	Ditto ...	Ditto ditto	...	...	
5	Raniganj	Rate on holdings ...	Rs. 7½ per cent.	37 0 0	...	No general revision of assessment; the increase is due to the assessment of improved holdings.
6	Suri	Tax on persons ...	14 annas per cent. per month on income of above Rs. 30, and 12 annas on income below Rs. 30. Latrine-tax on valuation— Annual valuation. Quarterly tax. Rs. A. P. Rupees 24 ... ... 0 9 0 " 25—30 ... ... 0 12 0 " 31—47 ... ... 0 15 0 " 48—72 ... ... 1 2 0 " 73—100 ... ... 1 5 0 and annas 2 per every Rs. 50 and upwards.	...	...	
7	Bankura	Ditto ...	Generally at 12 annas per cent. per month or Rs. 9 in the year.	...	...	
8	Vishnupur	Ditto ...	Re. 1-4 per cent. per month	...	...	
9	Sonamukhi	Ditto ...	Rs. 2 per cent. per month	...	...	The assessments were enhanced in a few cases of new and improved holdings.
10	Midnapore	Rate on holdings ...	Rs. 7½ per cent. on annual value of holdings.			
11	Tamluk	Tax on persons ...	As. 12 per cent. on the monthly income of the assessees.	...	...	
12	Ghatal	Ditto ...	Re. 1-4 per cent. ditto ditto	...	...	
13	Chandrakona	Ditto ...	Re. 1 per cent. ditto ditto	...	62 13 0	Due to partial revision.
14	Ramjibanpur	Ditto ...	As. 12 per cent. ditto ditto	168 15 0	...	General revision.
15	Khirpai	Ditto ...	Re. 1-8 per cent. ditto ditto	14 0 0	...	Ditto.
16	Kharar	Ditto ...	As. 12 per cent. ditto ditto	...	212 2 9	Due to remission.
17	Hooghly-Chinsura ...	Rate on holdings ...	Rs. 6¼ per cent. on the annual value of holdings.	...	...	
18	Serampore	Ditto ...	Rs. 7½ per cent. on annual value of holdings.	319 3 6	...	Increased on account of partial revision of assessment.
19	Uttarpara	Ditto ...	Rs. 7½ per cent. for house and 3 per cent. for latrine on the annual value of holdings.	155 3 3	...	Increased on account of assessment of new and improved holdings during the year.
20	Baidyabati	Ditto ...	.....	226 0 0	...	
		Latrine-tax ...	At a rate not exceeding Rs. 7½ per cent. on the annual value of holdings.	13 0 0	...	
21	Bhadreswar	(1) Tax on holdings in Wards Nos. I and III.	6¼ per cent. on the annual value of holdings.	870 0 0	...	General revision of assessment for Wards Nos. I and III made at the close of 1895-96 came in force from the beginning of April 1896.
		(2) Tax on persons in Wards Nos. II and IV.	There is no fixed rate, but generally Rs. 7 per cent. on the annual income of the rate-payers.			
		(3) Latrine rate ...	At Rs. 4-11 per cent. per annum on the annual value of holdings, the minimum for each holding being annas 12 per year, and that of cooly lines at 6 annas per head or 12 annas per each compartment.	2,168 0 0	...	The increase is chiefly due to assessment of new area where provisions of Part IX come into operation from April 1896, and partly on account of revision of assessment in new area.
22	Kotrung	Tax on persons ...	According to circumstances and property of the inhabitants at the rate of Re. 1-4 per cent.	...	21 2 6	
23	Bansbaria	Ditto ...	According to circumstances and property			
24	Jahanabad	Ditto ...	According to circumstances and property of inhabitants at the rate of 12 annas per cent.			
25	Howrah	Rate on holdings ...	Rs. 7½ per cent.	1,232 0 0	...	The increase results from assessments on new and improved buildings.
26	Bally	Ditto ...	Ditto	673 12 6		A general revision of assessment was made last year, but it took effect from the commencement of this year.

APPENDIX C—*continued.*

Serial number of Municipality.	Name of Municipality.	Mode of assessment in vogue.	The rate at which the assessed tax is levied.	Result of any general or partial revision of assessment made during the year.		Remarks.

99	Cox's Bazar	Tax on persons ...	Levied according to circumstances and property of assessees.	229	...	The assessment was revised during the year, but takes effect from 1897-98.
100	Patna	Rate on holdings ...	At 7½ per cent. on annual value of holdings.	950 0 0	...	
101	Barh	Tax on persons ...	According to the circumstances and property, from half an anna to Rs. 7-8 a month.	...	...	
102	Bihar	Ditto	According to the circumstances and property, from half an anna to Rs. 7 a month.	3,088 0 0 (a)	...	(a) The revised assessment was made by a paid assessor in 1895-96. The increased amount Rs. 3,291 was shown in the column of remarks of Appendix C of 1895-96, but the said assessment remained invalid for that year. It came into force this year, and before coming into force an enquiry with regard to vacant holdings was made, and Rs. 203 were remitted, hence this increase has been counted after deducting remission. Last year, the revenue from latrine tax was Rs. 3,170 which was shown in the column of remarks of Appendix C. In the present year Rs. 459 were increased on account of new holdings, &c., so for the present year the revenue under the head "latrine" amounted to Rs. 3,629.
103	Dinapore Nizamut ...	Rate on holdings ...	At 7½ per cent. on annual value of holdings.	...	...	
104	Gaya	Ditto	Ditto ditto	...	...	
105	Tikari	Ditto	Ditto ditto	...	50 0 0 (b)	(b) The decrease is due to remission under section 103 of the Municipal Act.
106	Daudnagar	Tax on persons ...	According to circumstances, and property of persons, under section 85, clause (a) of the Act. The average rate at which taxes are levied, does not exceed 2 per cent. of the total income.	189 0 0 (c)	...	(c) There was partial revision of assessments in 1895-96, but it took effect in 1896-97.
107	Arrah	Ditto	According to circumstances and property at Re. 1-8 per cent.	2,978 0 0	...	
108	Jagadispur	Ditto	According to circumstances and property.	...	...	
109	Buxar	Ditto	Ditto ditto	...	...

180	...	180	41	...	...	...	...	243	284	44,862	48,916	1 8 4	1 14 10	* The difference of Rs. 1,263 between the opening balance shewn against Murshidabad and the closing balance shewn in the previous Return against Lalbagh, is due to adjustment of the deposit account of the previous years, which included a fictitious entry of Rs. 1,263. The correct balance, as ascertained after audit of the accounts by the Examiner of Local Accounts, is now shewn.

MUNICIPAL—No. 707M.

CALCUTTA, THE 10TH FEBRUARY 1900.

FROM THE HON'BLE E. N. BAKER,
Secretary to the Government of Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I AM directed to submit, for the information of the Government of India, the accompanying copy of a Resolution recorded by the Lieutenant-Governor on the working of Municipalities in Bengal during the year 1898-99, together with Statistical Tables Nos. I, II, and III, prescribed under Home Department Resolutions No. $\frac{1 \text{ Mupl.}}{53-64}$, dated 31st May 1890, and No. $\frac{1 \text{ Mupl.}}{68-79}$, dated 23rd July 1891. Table No. IV is blank, as no octroi duties are levied in Bengal.

2. In accordance with the orders of the Government of India, contained in Mr Lyall's letter No. 32, dated the 19th April 1894, the balances of the several Municipalities have been verified in the manner prescribed by the Accountant-General.

3. The Report on the working of the Calcutta Municipality has already been submitted to the Government of India, with the Lieutenant-Governor's Resolution thereon.

4. The review of the financial position of each Municipality in Bengal in debt to Government, which was called for in the letters from the Government of India noted in the margin, is contained in paragraph 43 of the Resolution.

No. 134, dated the 16th August 1898.
No. 140, dated the 29th August 1899.

I have the honour to be,

SIR,

Your most obedient servant,

E. N. BAKER,
Secretary to the Government of Bengal.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

RESOLUTION—No. 701M.

CALCUTTA, THE 10TH FEBRUARY 1900.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in the Lower Provinces of Bengal (except Calcutta) during the year 1898-99.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1897-98.

The following Resolution reviews the reports submitted by Commissioners of Divisions on the working of Municipalities in Bengal during the year ending with the 31st March 1899. The reports from the Dacca, Chittagong, Patna, Chota Nagpur and Bhagalpur Divisions were submitted on or about the prescribed date, whilst those from the Burdwan and Presidency Divisions again came in last, the former being received on the 23rd September and the latter on 6th October 1899. In the Burdwan Division the Municipality of Howrah, and in the Presidency the South Suburban and Baduria Municipalities were the most behindhand with their reports.

2. *Number of Municipalities, population and rate-payers.*—There was no increase in the number of Municipalities, which stood at 151 at the close of the year. One Municipality, Chandpore, came into existence towards the close of the previous year, but no statistics for it were included in the returns for that year, which dealt with 150 towns. The present returns deal with 151 towns.

The table in Appendix A shows the date of the establishment of each Municipality in the Province, the population within municipal limits, and the number of rate-payers in each. The inhabitants of the 151 towns number 2,730,348 persons. It should be noted that the figures of population on which these tables are based, reproduce the census figures of 1891, and that the actual population is without doubt considerably greater at the present time.

With an increase of 8,178 in the municipal population as compared with the previous year, due to the inclusion of the additional municipality above referred to, the number of rate-payers fell from 469,221 to 467,240, representing 17·1 per cent. of the population, as against 17·2 in the previous year. This is a result, not to have been anticipated in a year of general prosperity. The decrease was most marked in Rangpur, Sirajganj, Chapra and Darbhanga. The percentage varies from 31·1 at Birnagar in the Presidency Division to 6·0 at Kurseong. Of towns where the percentage falls below the provincial average, the most notable example is Bhagalpur, where it was only 9·1. On this the Commissioner observes that "it is preposterous to imagine that the people are poorer than in many of the large municipalities of the Patna Division, and there is no doubt that many persons who should pay get off the payment of their just dues." The finances of this municipality have for years been thoroughly out of order and its income inadequate to meet its needs; and it is therefore the more to be regretted that during the year the number of rate-payers actually fell from 6,596 to 6,289. In Darbhanga, where in 1897-98 a revision of assessments by a salaried assessor resulted in a rise in the number of assessees from 6,801 to 14,713, the exemptions allowed by an objection committee caused a fall in the year under review of 3,612 from the latter figure. The Commissioner offers no opinion as to how far these exemptions were justified by circumstances. The Lieutenant-Governor

observes that the incidence of the current demand in this Municipality was only 7 annas 7 pies per head, while the collection amounted to only 50·3 per cent. of the total demands. It is evident that there is something very wrong in the assessment and collection departments of this Municipality and the local officers will be directed to report the results of the action they have taken to put matters right. Similar grievous failures have occurred in Baduria, where only 60·5 per cent. was collected of an assessment amounting to 5 annas and 7 pies per head; in Netrakona, where the assessment was 7 annas 1 pie per head, and the collection 63·7 per cent.; in Sunamukhi, where the corresponding figures were 5 annas 7 pies and 75·9 per cent.; and Nadia, where the figures were 5 annas 2 pies and 82·5 per cent.

3. *Results of elections held during the year.*—General elections were held during the year only in the Cossipore-Chitpur and Maniktala Municipalities in the Presidency Division. In the former the rate-payers took a keen interest in electing their representatives and in unseating those members of the out-going Committee whose attendance at the meetings had not been regular. There was a lively contest among the candidates, and on an average more than three-fifths of the total number of voters attended at the polling stations. In Maniktala there was virtually no contest in any of the elections. The results of these elections, as also of the bye-elections held during the year, are shown in Appendix B. The net result is that out of 50 wards in which vacancies occurred, elections were contested in 24, and a total of 2,871 persons actually voted out of an electorate numbering 8,775 in the contested wards.

4. The following table shows the composition of the municipal bodies in each Division at the close of the year:—

Name of Division.	Number of Members.				Race.		Occupation or Profession.								
	Ex-officio.	Nominated.	Elected.	Total.	Europeans.	Natives.	Government servants.	Zamindars and land-holders.	Pleaders and mukhteers.	Planters.	Merchants, traders and money-lenders.	School-masters (other than Government employés).	Medical practitioners.	Government pensioners.	Unspecified.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Burdwan ...	...	148	228	376	29	347	49	77	71	4	56	38	16	8	57

Patna ...	18	173	193	384	51	333	58	126	108	4	34	10	4	1	39
Bhagalpur ...	....	64	93	157	29	128	28	32	25	...	20	2	6	4	40
Orissa ...	...	41	34	75	6	69	24	10	27	...	1	3	...	4	6
Chota Nagpur ...	16	64	37	119	23	96	30	7	44	...	16	2	6	2	13
Total ...	62	945	1,173	2,180	230	1,950	355	503	506	14	244	114	93	61	291
Percentage on total.	2·8	43·4	53·8	...	10·6	89·4	16·3	23·1	23·3	·6	11·2	5·2	4·2	2·8	13·3
Percentage on total for 1897-98.	3·06	43·2	53·6	...	10·7	89·3	15·9	23·5	23·6	·7	10·8	3·1	5·4	2·5	13·7

The variations from the figures of the previous year are slight. The number of lawyers has fallen from 516 to 506, but this class still provides the largest number of Municipal Commissioners, whilst the landlords come next. The number of school-masters other than Government servants rose from 69 to 114, whilst medical practitioners lost about one-third of the seats they occupied in the previous year.

5. *Attendance at meetings.*—There were in all 2,586 meetings held during the year, against 2,609 in 1897-98. Of these, 227, or 8·7 per cent., were unsuccessful or had to be adjourned, as against 219 meetings, or 8·3 per cent., in the previous year. Thirty-one municipalities against 39 in the previous year held more than 20 meetings, whilst 15 municipalities failed to hold at least one meeting every month. At Cossipore-Chitpur the Commissioners held 47 meetings, all successful, with an average attendance of 73 per cent. of the total number of members. Four other municipalities held more than 30 meetings, viz., Kalna (36), Santipur (33), Sherpur in Mymensingh (38), and Bihar (36). The municipality of Jamalpur in Monghyr held only 7 meetings, out of which one was unsuccessful, with an average attendance of 58 per cent. of the members.

In 79 municipalities as against 102 in 1897-98, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were 80 at Ramjibanpur and Baduria, 78 at Patuakhali, 76 at Jagdispur, and 73 at Cossipore-Chitpur and Krishnagar, while the lowest was 17 at Kushtia. On the whole the number of meetings held and the average attendance appear to be satisfactory, and sufficient for practical administrative purposes. The Commissioners of the Presidency and Bhagalpur Divisions alone express dissatisfaction with the results attained. The Commissioner of the Dacca Division remarks that 'the decline in the number of meetings, and in the percentage of attendance at meetings and the increase in the number of meetings adjourned for want of a quorum, denote less faction between the Committees and their executive quite as much as decrease of interest in municipal affairs.'

6. *Assessments and taxation.*—The statement in Appendix C shows the mode of assessment prevailing in each municipality in the Province, the percentage at which the tax was levied, and the results of revisions of assessment made during the year. The rate on holdings was in force in 38 towns, and the alternative tax upon persons in the remainder, with the exception of two towns, viz., Bhadressur and Puri, where both forms of taxation were in force in different wards. The rate on holdings was levied at the maximum in all but 11 towns, including among others Howrah, Darjeeling, Hooghly and Chinsura, and Narayanganj. The lowest rate, 5 per cent., was levied at Sahibganj, and the highest, 10 per cent., at Dacca.

7. The incidence of municipal taxation excluding Calcutta) varied between Rs. 6-2-8 at Darjeeling and 4 annas at Bazitpur in the district of Mymensingh; the average for the whole Province was Re. 1-0-9, which shows an increase of one anna and one pie per head since the previous year. In 46 towns, against 39 in 1897-98, the incidence of taxation exceeded one rupee per head of population, and it was below 8 annas in 40 towns, against 52 in the two previous years. In this case also no allowance has been made for the natural increase of population, the extent of which can for the present only be left to conjecture.

8. *Revision of assessment.*—A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Midnapore	1,364	Narainganj	1,025
Hooghly and Chinsura ...	1,718	Chittagong	1,638
Serampore	2,260	Barh	1,698
Howrah	7,263	Arrah	3,600
Cossipore-Chitpur	1,953	Dumraon	1,865
Titagar	1,063	Bettiah	1,031
Naihati	4,919	Darbhanga	3,296
Nadia	1,067	Cuttack	3,884
Kandi	1,649	Chattra	1,260
Darjeeling	9,809	Ranchi	2,043
Dacca	2,359	Chaibassa	1,593

On the general question of municipal assessment and the revision of assessment on appeal, the Commissioner of the Presidency Division agrees in the following remarks made by the Magistrate of the 24-Parganas:—

"There are obvious inconsistencies in the system of taxation, especially as regards the incidence of the tax on persons, and there can be no doubt that in several municipalities the Municipal Commissioners fail in the duty of adequately assessing the rate-payers for fear of being unpopular, and the result is that a large number of men, who can afford to pay, either escape taxation or pay much less than they should, while improvement is rendered impossible by want of funds. An advance in this respect can scarcely be anticipated so long as municipalities are allowed free control over assessments. It invariably happens that any revision of assessment, in which enhancement is obtained, is followed by liberal reductions granted

by appeal committees, the members of which are more alive to their own interests and those of their friends, and more eager to escape personal unpopularity, than anxious for the welfare of the general body of rate-payers whom they represent."

A similar complaint was made by the Commissioner of the Burdwan Division in the report for 1897-98 with reference to the large reductions in assessment allowed in the Hooghly and Chinsura and certain other municipalities on appeal, and the Commissioner was asked to enquire into the matter and report to Government. This report has since been received. It appears that in Hooghly and Chinsura neither the salaried assessor nor the appeal committee did their work satisfactorily; but that in the other cases the reductions made on appeal were the result of reasonable compromises.

The case of the Bhagalpur Municipality is quoted by the Commissioner as another example of failure on the part of a paid assessor to arrive at a fair assessment, and the large number of remissions allowed in Darbhanga point clearly to failure either on the part of the assessor or of the objection committee. It is evident that the work of such an officer cannot be expected to provide in every case a final and satisfactory result. But it is equally evident that the proper system is to appoint not an indifferent assessor, with whose assessments the Municipal Committee interfere in innumerable corrections; but a trusted representative whose conclusions they will very rarely vary. To get a plenipotentiary of this sort the Committees must pay well, but it is to their abundant advantage and convenience that they should do so. No man of self respect will serve a committee, if his findings are distrusted and frequently changed, but the necessity of securing, by all means possible, gentlemen of respectability and integrity for this difficult duty is impressed on the Lieutenant-Governor by the evidence that has come before him over and over again that assessments are too often not made with a single-minded devotion to public interests, that many people who ought to contribute are allowed to escape, while others who are too big to be omitted are assessed at too low a figure. The matter is commended to the particular attention of Municipal Committees and the District Officers and Commissioners who advise them.

9. *Demands, collections, remissions and outstandings on account of taxes.*—The following table compares the totals under these heads for the year 1898-99 with those of the previous five years:—

Year.	Demands.			Collections.						Remissions.				Outstanding balance.
	Arrear.	Current.	Total.	Arrear.	Current.	Total.	Percentage of column 5 on column 2.	Percentage of column 6 on column 3.	Percentage of column 7 on column 4.	Arrear.	Current.	Total.	Percentages column 13 on column 4.	
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.				Rs.	Rs.	Rs.		Rs.
1893-94 ...	4,27,689	22,81,279	27,08,968	2,43,149	19,60,629	21,03,772	56·8	81·5	77·6	59,612	59,372	1,18,984	4·3	4,86,212
1894-95 ...	4,93,558	23,71,593	28,65,151	2,74,419	19,76,277	22,50,696	55·6	83·3	78·5	96,983	58,144	1,55,127	5·4	4,59,328
1895-96 ...	4,63,780	25,27,826	29,91,606	2,47,870	20,89,234	23,37,104	53·4	82·6	78·1	75,814	59,450	1,35,264	4·5	5,19,238
1896-97 ...	5,21,077	27,13,569	32,34,646	2,89,108	22,09,050	24,98,158	55·4	81·4	77·2	94,613	70,672	1,65,285	5·0	5,71,203
1897-98 ...	5,75,937	28,35,594	34,11,531	3,24,221	23,00,280	26,24,501	56·2	81·1	76·9	69,255	69,429	1,38,684	4·6	6,48,346
1898-99 ...	6,52,216	29,29,708	35,81,924	3,45,271	24,52,861	27,98,132	52·9	83·7	78·1	1,04,857	71,909	1,76,760	4·6	6,07,032

The current demand rose to Rs. 29,29,708 from Rs. 28,35,594 in the previous year, resulting in an increase of Rs. 94,114; and the percentage of total collection on total demand, which had steadily fallen during the previous three years, also rose from 76·9 to 78·1 per cent. During the past quinquennium the total collections have risen from Rs. 21,03,772 to Rs. 27,98,132, being an increase of Rs. 6,94,360, or 33·0 per cent. The average annual increase was Rs. 1,38,872. There was a decrease in the percentage of arrear collections, which fell from 56·2 in 1897-98 to 52·9. But the proportion of the gross collections to the current demand, nearly 96 per cent., was higher than in any previous year except 1894-95; and, on the whole, the Lieutenant-Governor thinks the Municipal Committees have done well.

10. The table below shows the percentages of collection attained by the municipalities in each Division as compared with the previous year:—

Percentage of total collection on total demand.	Number of Municipalities.																			
	Burdwan.		Presidency.		Rajshahi.		Dacca.		Chittagong		Patna.		Bhagalpur.		Orissa.		Chota Nagpur.		Total.

Total number of municipalities.	27	27	40	40	11	11	17	17	5	6	26	26	10	10	5	5	9	9	150	151

Of the divisional groups, the first place is taken by Dacca with the high average percentage of 92·7; the only exception to the uniformly high standard of efficiency being the small municipality of Netrakona. Good results were also obtained in the Patna and Bhagalpur Divisions, the averages being 86·7 and 86·21 respectively. The important group of municipalities in the Presidency Division attained a general average of 80·9—a very considerable improvement on the previous year's results. The Commissioner has given special attention to this branch of the work, and the success which has attended his efforts is encouraging.

The lowest place is taken by the Burdwan group, which has now fallen to the discreditably low average of 64·9.

11. Of individual municipalities, in 42, against 37 in the three previous years, over 95 per cent. of the total demand was collected, the following 23 towns showing the best results:—

Name of Municipality.	Total demand.	Percentage of collection.	Total remission.	Outstanding balance.
	Rs.	Rs.	Rs.	Rs.
Deoghur	6,159	99·98	1	...
Gaya	55,748	99·8	95	6

Dumraon	7,280	98·0	139	2
Chakdaha	3,192	98·0	42	21

The table above shows what can be done by watchful administration, and prompt enforcement of demands; and the Lieutenant-Governor congratulates

these municipalities on their successful management of this most important branch of municipal administration. A satisfactory improvement is to be noted in Patna, the most populous municipality in the province, where, owing to the efforts of a new and energetic Secretary, collections improved from 77·8 to 85·4.

Of the municipalities which call for adverse criticism in this respect, the most important is Howrah, which has now for some years been a standing example of lamentable inefficiency. In the year under review the total percentage of collections fell from 62·3 to 60 per cent., and the outstanding balance reached the enormous figure of Rs. 2,35,185, the result being the total disorganisation of the municipal finances, and the admitted reduction to helplessness of the collection department. The Chairman considers that quite 10 per cent. of the demand is irrecoverable, being due from a class of persons who live from hand to mouth, and are unable to pay more than one quarter's demand at a time. This irrecoverable demand has to be wiped out by remissions, and as the clerical labour of dealing with so many items of remission is too great for the staff, the arrear demand, much of it unrealisable, continues to mount up. Nothing could be less satisfactory than this state of things. If necessary a special staff should be employed to overhaul the arrear list and write off the whole of the items which are really irrecoverable. Nothing is to be gained by retaining these nominally on the collection roll. Meantime it is absolutely necessary to ascertain and collect with promptitude the recoverable proportion of the arrear demand. It is reported that this is now being done by the organisation of a separate warrant department, and the Lieutenant-Governor hopes that the improvement which has been so long delayed will at length be made manifest during the current year. It is noticeable that the greater part of the outstanding balance has accumulated since the introduction of the contract system of collections in 1895.

Among the other important towns in the Province, the most notable instance of failure is Darbhanga, where only 50·3 per cent. of the total demand was collected. The Magistrate ascribes this result to the recalcitrancy of the tax-payers and the inefficiency of the collection establishment. Of these two evils, the latter has been dealt with by the prosecution of all the three tax darogas for dishonesty and the dismissal of the head clerk and head muharrir for incompetence. Improvements in the *personnel* of the staff will doubtless be followed in due course by a corresponding improvement in the state of mind of the rate-payers.

Other towns where collections were defective are Bhadreswar, Chandpur, Hooghly and Chinsura, Bally, Purulia, Garden Reach, Baduria, Serampore, Ranchi, Kotrang, Rangpur and Netrakona.

The ordinary explanation given is the general unwillingness of Municipal Commissioners to adopt coercive measures. It will rest with the local officers to impress upon these municipalities the necessity of doing so where circumstances require it.

12. The table in the foregoing paragraph illustrates the fact that the prompt realisation of municipal dues entirely obviates the necessity for large remissions. A general rise in the percentage of remissions is noticed in all the Divisions except Dacca and Orissa, where there was a slight improvement as compared with 1897-98. The largest increase occurred in the Divisions named in the margin. In 11 towns as against 7 in 1897-98, the remissions exceeded 10 per cent. of the total demand, the worst instances being Kotrung (29·5), Rangpur (27·9), and Darbhanga (26·6).

	Remissions.		Outstanding balance.	
	1897-98.	1898-99.	1897-98.	1898-99.
			Rs.	Rs.
Rasjhahi	... 3·6	6·0	26,072	26,314
Chittagong	... 2·6	4·1	2,718	5,239
Patna	... 3·2	5·4	71,955	43,045
Bhagalpur	... 1·4	3·13	41,064	26,666

13. *Fresh imposts levied during the year.*—Fees for the registration of carts were levied for the first time in the municipalities of Khirpai, Muktagacha and Sherpur (Mymensingh). Fees under Part IX of the Bengal Municipal Act for the cleansing of private privies were also levied for the first time at Jaynagar, Garden Reach, South Barrackpore, Purnea, Daltonganj, Purulia, Raghunathpur and Chaibassa, and in portions of the municipalities of Rajpur, North Barrackpore, Kandi and Jangipur. A half-yearly license-fee of Re. 1 on bullock-sheds was imposed under section 263 in the Maniktala Municipality.

In the same town saltpetre refineries were brought under the category of dangerous and offensive trades under section 261 of the Act, and an annual fee of Rs. 100 was imposed on each. In Baranagar annual fees were levied for the first time for licenses for the sale of fuel, &c., at burning ghats. License fees under section 261 were also levied for the first time at Netrakona, Bihar, English Bazar, Chatra, Raghunathpur and Chaibassa Municipalities. A tax on animals and vehicles was levied in the Daltonganj Municipality from 1st October 1898. Part X of the Municipal Act containing provisions for the regulation of markets, was introduced into the Daltonganj Municipality.

14. *Income and expenditure.*—The following table shows separately for each Division the opening and closing balances, the income and the expenditure of its municipalities during 1897-98 and 1898-99:—

Name of Division.	Opening balance.		Income during the year.		Total funds available for expenditure.		Total expenditure.		Closing balance.	
	1897-98.	1898-99.	1897-98.	1898-99.	1897-98.	1898-99.	1897-98.	1898-99.	1897-98.	1898-99.

Chota Nagpur ...	11,527	10,252	71,734	97,693	83,261	1,07,945	73,009	93,010	10,252	14,935
Total ...	4,38,115	4,00,961	38,28,622	38,46,349	42,66,737	42,47,310	38,65,776	37,63,175	4,00,961	4,84,135

15. *Closing balances of municipalities.*—There was an increase in the aggregate closing balances from Rs. 4,00,961 to Rs. 4,84,135. In several municipalities funds are being accumulated for schemes of sanitation or other municipal reforms; *e.g.*, at Cossipore-Chitpur Rs. 56,083 have been reserved for drainage and water-supply, whilst in the Rajshahi Division money was kept in hand for probable plague charges. In a few other cases the loan funds received for water-supply or other purposes could not be wholly utilised during the year, and this led to the increase of the closing balances. In the following cases among others, no explanation has been furnished of the failure of the municipalities to utilise the funds at their disposal:—

Name of Municipality.	Total income.	Closing balance.	Name of Municipality.	Total income.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Santipur	35,548	5,710	Comilla	29,503	7,140
Azimganj	19,429	3,037	Dinapore	18,974	4,623
Kandi	9,227	2,131	Revelganj	11,741	3,074
Khulna	24,600	5,729	Siwan	12,468	4,658
Satkhira	5,252	1,187	Darbhanga	62,611	21,228
Barisal	35,797	6,413			

On the other hand, the following are conspicuous instances of municipalities which unduly reduced their working balances. This must have resulted in difficulty in the payment of salaries of establishment and other regular charges at the commencement of the new official year:—

Name of Municipality.	Total income of year.	Closing balance.	Name of Municipality.	Total income of year.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Burdwan	1,05,462	390	Jamalpur (Mymensingh)	17,874	489
South Suburbs ...	41,807	842	Sherpur	7,301	96

4. Grants and contributions (for general and special purposes).	1,47,454	...	8,624	5·5
5. Miscellaneous	76,166	3,357	...	4·4
6 Extraordinary and debt—				
(*a*) Sale-proceeds of Government securities and withdrawals from Savings Bank.	22,968	...	12,227	34·7
(*b*) Loans	1,01,150	...	1,43,850	58·7
(*c*) Realizations of sinking fund for repayment of loans.	2,310	...	2,110	47·7
(*d*) Advances	1,49,249	...	32,866	18·0
(*e*) Deposits	52,548	...	4,813	8·7
Total ...	38,46,349	2,24,231	2,06,504	...
Net increase ...	...	17,727	...	·4

The small increase of 17,727 in the revenue shown above does not represent the real increase in the ordinary revenues of the municipalities, for the municipalities borrowed Rs. 1,43,850 less than in the year 1897-98. Excluding the receipts under "6—Extraordinary and debt," the total real income amounted to Rs. 35,18,124, against Rs. 33,04,531 of the previous year, showing an increase of Rs. 2,13,593, or 6·4 per cent.

17. The following table shows the revenue derived in each Division from taxation proper, *i.e.*, under the head "1—Municipal rates and taxes," during 1898-99 and the five previous years:—

Year.	Names of Divisions.									
	Burdwan.	Presidency.	Rajshahi.	Dacca.	Chittagong.	Patna.	Bhagalpur.	Orissa.	Chota Nagpur.	Total.
1	2	3	4	5	6	7	8	9	10	11
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1893-94	5,71,793	4,43,654	2,04,781	2,42,967	50,206	3,92,136	1,52,909	82,010	39,445	21,79,901
1894-95	5,84,253	4,74,507	2,12,813	2,62,646	56,418	4,27,672	1,71,872	82,479	40,825	23,13,485
1895-96	6,00,851	4,84,142	2,28,726	2,63,498	58,446	4,53,276	1,71,532	80,313	41,816	23,87,606
1896-97	6,89,640	5,30,657	2,29,543	2,80,064	61,441	4,47,470	1,71,627	82,095	43,128	25,35,665
1897-98	7,57,305	5,65,823	2,26,132	2,89,856	72,036	4,58,591	1,84,481	82,932	42,030	26,79,186
1898-99	7,83,653	6,03,938	2,37,410	3,04,274	79,042	4,94,882	2,16,672	85,163	55,511	28,60,545
Increase during the past quinquennium.	2,11,860	1,60,284	32,629	61,307	28,836	1,02,746	63,763	3,153	16,066	6,80,644
Percentage of increase.	37·05	36·1	11·05	25·2	57·4	26·2	41·6	3·8	4·7	31·2

18. During the past quinquennium municipal taxation has increased by Rs. 6,80,644, or 31·2 per cent., varying in the different Divisions from 57·4 in Chittagong to 3·8 in the Orissa Division. Excluding the municipalities which have been established since the beginning of this period, the increase is mainly accounted for by the establishment of new waterworks producing an additional revenue of Rs. 1,65,000; by the extension of the scavenging rate to the extent of over a lakh and-a-half; and by an increase of slightly under $2\frac{1}{2}$ lakhs in the receipts from the rate on holdings and the tax on persons. This last item represents the result obtained from increase in population, rise in the value of town property and improvement in the practical administration of assessments during the past five years. This indicates commendable attention by the municipalities on the whole to their duty of steadily revising and perfecting their assessments. The Lieutenant-Governor has no desire to press upon them any fresh taxation except for the execution of essential and approved sanitary projects or in payment of such a convenience to the people and protection to the public health as the provision of pure water. But there are still municipalities in which there is large room for revision before a fair and reasonable distribution is attained of the taxation they have imposed on themselves as their ordinary source of income, and to this revision the Lieutenant-Governor does not doubt they will address themselves in the spirit and after the fashion already suggested.

As compared with the previous year, the income from taxation shows an increase of Rs. 1,81,359, or 6·7 per cent. The increase was shared by all the Divisions, and was largest in the Burdwan, Presidency, Patna and Bhagalpur Divisions, where it amounted to Rs. 26,348, Rs. 38,115, Rs. 36,291 and Rs. 32,191, respectively.

19. *Tax on houses and lands.*—This tax yielded a revenue of Rs. 10,51,230, which is Rs. 86,524, or 8·9, in excess of the income during the previous year. The increase was shared more or less by all the Divisions, the percentages varying from 42·2 in Chota Nagpur to 2·9 in the Orissa Division. Better collection of both current and arrear demands, revision of assessments, as also a change in the form of taxation in some places from a tax on persons to the rate on holdings, as at Titagar, contributed to the increase, whilst delay in the disposal of objections against revised assessment and laxity of supervision of the collection establishment were responsible for short collections under this

as under other forms of taxation. The largest variations as compared with the previous year occurred in the following municipalities:—

Name of Municipality.	Increase.	Name of Municipality.	Increase.
	Rs.		Rs.
Hooghly and Chinsura	4,729	Patna ...	5,993
Howrah ...	14,202	Bhagalpur ...	12,322
South Suburban ...	3,159	Burdwan ...	2,459
Krishnagar ...	3,184	Maniktala ...	1,307
Santipur ...	3,059	Cossipore-Chitpur ...	1,059
Dacca ...	4,587	Muzaffarpur ...	1,425
Chittagong ...	4,693		

20. *Tax on animals and vehicles.*—As compared with the previous year, there was a slight decrease of Rs. 1,790 in the income from this source, which amounted in the aggregate to Rs. 2,09,129 in 1898-99. The largest decrease occurred in the Burdwan Division, where the receipts fell by Rs. 4,177. This decrease was shared mainly by the municipalities of Howrah (Rs. 4,480) and Ghatal (Rs. 1,674). In the former place the decline is ascribed partly to the failure of the Corporation of Calcutta to pay to the municipality its share of the cart-registration fees for the second-half of the year, and also to the opening of the Howrah-Amta and the Howrah-Sheakhalla Tramways. The introduction of the system of cart registration in the neighbouring municipalities affected the receipts at Ghatal. There was an increase of Rs. 1,171 in the receipts in the Kalna Municipality, which is reported to be the result of better supervision. At Bhagalpur the receipts show an improvement of Rs. 2,166, owing to a larger number of carts having been registered during the year after the previous year's dullness of local trade. The revenue was almost stationary in the Presidency, Rajshahi and Dacca Divisions.

21. *Tax on professions and trades.*—The revenue from this source declined by Rs. 224. The income was stationary in the Presidency Division and fell off in Burdwan and Rajshahi, whilst in the rest of the Divisions there was some increase. Several municipalities shared the decline in the Burdwan Division, notably Bansberia, where the receipts fell off from Rs. 1,889 to Rs. 288, for which no reasons have been assigned.

22. *Tolls on roads and at ferries.*—In no district are tolls levied on roads, nor do the municipalities in the Chota Nagpur Division derive any income from ferries. The rise of 6·7 per cent., as compared with the previous year, was shared mainly by the Patna and Chittagong Divisions, where there was an increase of Rs. 12,164 and 3,342, respectively. The Patna and Muzaffarpur Municipalities contributed Rs. 10,465 and Rs. 2,324 towards the increase in the former Division, due at Patna to collection of arrears of rent, and at Muzaffarpur to increased rent at which ferries have been let. In the Chittagong Division the increase was due to the inclusion in the accounts of the ferry receipts in the new Municipality of Chandpur, and to increased rents obtained for the ferries in the Chittagong Municipality. The receipts declined in the Dacca, Bhagalpur and Presidency Divisions, the decline being largest in the last-named Division, where it amounted to Rs. 3,365. In the Azimganj Municipality in the Presidency Division the income fell off by Rs. 3,051, of which no explanation has been given.

23. *Water-rate.*—This rate is levied only in eight municipalities where water-works have been installed. In Dacca the Commissioners levy no rate for the filtered water supplied. The total receipts rose from Rs. 1,99,352 to Rs. 2,00,614. The largest increase occurred in the Bhagalpur Municipality, where the receipts increased from Rs. 8,077 in 1897-98 to Rs. 13,278, owing to vigorous measures being taken for the realisation of arrears.

24. *Lighting-rate.*—This rate is levied only in the municipalities of Howrah and Darjeeling. In the former town the receipts rose from Rs. 37,517 to Rs. 45,112 owing to the extension of gas-light to new areas and the levy of the tax in those places. At Darjeeling the receipts amounted to Rs. 9,241, against the small sum of Rs. 197 levied towards the close of the previous year.

25. *Conservancy, including scavenging and latrine rates.*—The income under this head shows the large advance of Rs. 49,607, or 9·4 per cent. over the receipts of the previous year. This increase of revenue occurred in

all the Divisions except Rajshahi. The increase was largest in the Presidency Division (Rs. 14,262), in Bhagalpur (Rs. 10,623), and Chota Nagpur (Rs. 7,332), where it rose from Rs. 4,585 to Rs. 11,917. The improvement in revenue was due to the levy of the tax for the first time in some municipalities and in portions of others, and also, as in the case of other demands, to the stricter supervision exercised over the collection department. Taking municipalities separately, the largest increase occurred in the towns named in the margin. As regards Howrah, the Magistrate observes:—

Name of Municipality.	Increase. Rs.
Hooghly-Chinsura ...	2,280
Howrah	3,851
Baranagar	2,259
Darbhanga	2,361
Bhagalpur	4,149

"Although there was an improvement of Rs. 3,851 in the collections under this head in Howrah, this is still the worst collected of all the principal taxes, due to the unfairness of its incidence. The Commissioners have now to some extent modified this unfairness by raising the rate to 5 per cent. on all holdings of the annual value of Rs 400 or over against an arbitrary rate averaging about 4⅛ per cent. previously in force."

Several municipalities took steps towards making the trenching grounds a source of income. The sale of nightsoil and sweepings also yielded an income in some towns. The receipts, however, from these sources are trifling, and it is probable that the general repugnance of the cultivators in Bengal to the use of nightsoil as manure, noted in last year's Resolution, will take time to disappear.

26. *Tax on persons according to their circumstances and property.*—The total revenue rose from Rs. 5,35,002 in 1897-98 to Rs. 5,51,196, resulting in an increase of Rs. 16,194, or 3·0 per cent., the increase occurring in all the Divisions except Orissa, where the revenue declined by Rs. 559. The increase was largest in the Presidency Division (Rs. 6,867) and Chota Nagpur (Rs. 3,357). The following municipalities show the largest variation in the yield of the tax:—

Name of Municipality—	Income during 1897-98. Rs.	Increase. Rs.
Murshidabad ...	5,426	2,316
Rangpur ...	6,349	1,805
Barh ...	4,389	1,736
Bettiah ...	10,174	2,418
Jajpur ...	2,953	2,222

Name of Municipality—	Income during 1897-98. Rs.	Decrease. Rs.
Jainagar ...	5,188	1,844
Darbhanga ...	21,257	3,082

As in some municipalities the tax on persons has been replaced by the rate on holdings within entire municipal areas or in selected wards, the net result of the year can only be determined on a comparison of the aggregate income from both the forms of tax with that of the previous year. The net result was an increase of Rs. 1,02,718 in the income under both heads taken together.

27. *Grants from Provincial and Local Funds.*—The contributions received by municipalities from Provincial and Local Funds and from other sources, shown in detail in Appendix L, fell from Rs 1,51,949 to Rs. 1,42,904. They are classified as follows:—

Purpose for which made.	Provincial Funds.	District Funds.	Other funds and public charity.	Total.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
Medical	2,765	45,177	47,023	94,965
Education	3,781	266	255	4,302
Other purposes	17,084	13,555	12,998	43,637
Total ...	23,630	58,998	60,276	1,42,904

28. *Gifts of money or land and works of public utility executed by private individuals.*—Besides the contributions included in the statement above, the following instances of private liberality deserve mention:—Babu Khetra Nath Adhikari, the present Vice-Chairman of the Dainhat Municipality, made a free gift of 2 bighas of land for use as a trenching-ground. Raja Narendra Nath

Khan, of Narajole, is sinking a big well in the Mirzabazar mahalla of the town of Midnapore, where the necessity for pure drinking-water was strongly felt. Two ladies of Hooghly-Ghootiabazar and Hooghly-Bally are reported to have caused two bathing-ghats to be constructed for public convenience. In the Baidyabatty Municipality Babus Umes Chandra Roy and Annoda Prosad Addy contributed Rs. 3,000 and Rs. 2,500 respectively for constructing two pucka ghats. In the town of Titagar, the Khardaha Company set up five hydrants on the Khardaha road for supplying filtered water from their mills to the people of the place; similarly, the Standard Jute Company placed two hydrants on Trevor's Road. The owners of the mills within the Garulia Municipality spent Rs. 1,448 on the construction of 700 feet of *pucka*, and 1,500 feet of *kutcha*, drains. They also supplied a public latrine and some urinals at a cost of Rs. 1,065. In this town the widow of the late Babu G. C. Bose erected a *pucka* bathing-ghat on the river bank at a cost of Rs. 1,000. Rai Setab Chand Nahar Bahadur made a free gift of a piece of land, measuring $10\frac{1}{2}$ cottahs, in the heart of the town, for the construction of a new road in the Azimganj Municipality. He also made over a piece of land rent free for a segregation camp for plague patients. A building with corrugated-iron roof attached to the Bogra Charitable Dispensary, named the Bogra Pauper Ward, was constructed at a cost of Rs. 1,000 by Babu Chandra Kishore Munshi, zamindar of Sherpur. In Comilla Rs. 1,900 was received from Raja Ashutosh Nath Rai, zamindar of the Sarail estate, for the construction of a ward attached to the Comilla Charitable Dispensary, for the accommodation of out-door patients, and in Brahmanbaria Rs. 3,000 was received from Babu Lokonath Rai Choudhuri, zamindar of Adavir, and Rs. 200 from Raja Ashutosh Nath Rai for excavation of a tank. Maulvi Syed Mohammad Abu Saleh, Khan Bahadur, zamindar of the district of Gaya, gave two pieces of land, each measuring 10 cottahs, for trenching purposes. Subscriptions aggregating Rs. 2,490 have been raised by the Daudnagar Municipality for the construction of a new dispensary building. Messrs. Thomson and Mylne, of Jagdispur, contributed a sum of Rs. 784 during the year towards the expenses of the local dispensary and maintained, at their own cost, a middle-class English school, their grant for this purpose during the year having been Rs. 656. They have also spent a sum of about Rs. 1,500 in building a house for the new school. The Maharani of Dumraon constructed a suitable building for the local municipality at a cost of Rs. 2,000. Contributions aggregating Rs. 1,049 were received by the Patna Municipality for making drains and sewers. The Chaibassa Municipality received a donation of Rs 1,000 from the Raja of Seraikella to commemorate the visit of the Lieutenant-Governor to that town in November 1898.

EXPENDITURE.

29. The total expenditure in the municipalities of the Province (excluding Calcutta) amounted during the year to Rs. 37,63,175, against Rs 38,65,776 in 1897-98, being a decrease of Rs. 1,02,601. The year closed with a balance of Rs. 4,84,135, against Rs. 4,00,961 in the preceding year. The statement in Appendix F shows the percentage which the expenditure in each municipality under each of the principal heads bears to the total outlay (excluding debt and suspense heads). For the whole Province the percentages for the past four years are as follows:—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1895-96	8·7	4·4	25·9	3·9	23·3	7·9	·51	13·1	3·5
1896-97	9·8	4·7	15·5	3·4	26·6	9·5	·56	16·1	3·8
1897-98	10·4	7·2	7·4	3·2	30·3	9·7	·57	17·1	3·7
1898-99	10·6	4·4	5·9	3·4	31·7	10·5	·5	16·3	3·4

There was a large falling-off in the expenditure on lighting and water-supply. The decrease under lighting was due to heavy capital charges having been incurred at Darjeeling in the previous year on the electric light installation in that town, and to the payment in that year by the Howrah Municipality of heavy arrear bills for the supply of gas. The falling-off under water-supply was also due mainly to smaller capital expenditure having been incurred during the year.

30. The following statement shows the expenditure of 1898-99 under the main heads, and also shows how these totals have varied from those of the previous year:—

Heads of Expenditure.	Total expenditure in 1898-99.	Comparison with 1897-98.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
1. General Administration—	Rs.	Rs.	Rs.

Total ...	37,63,175	1,67,542	2,70,143	...
Net decrease ...	...	...	1,02,601	2·6

31. *Office and Collection Establishment.*—The total expenditure on office establishment shows an increase of Rs. 6,095, and that on collection establishment of Rs. 4,729. There has been a steady growth of expenditure under this head during the past four years, and this requires to be closely watched, and if possible checked. In four small municipalities, as compared with seven in 1897-98, the cost of office and collection establishment exceeded one quarter of the whole expenditure of the year. It is reported by the Commissioner of the Presidency Division that the system of paying for collections by commission instead of by fixed salaries did not work well during the year, and that most of the municipalities in which it was introduced in previous years have reverted to the fixed pay system.

32. *The prevention of fire.*—The expenditure under this head fell from Rs. 19,463 to Rs. 18,822, the largest decline occurring in the Darjeeling and Cossipore-Chitpur Municipalities. In the former it was due to no stores having been purchased during the year. Since the close of the year an arrangement has been made for the levy of a contribution from the Garden Reach Municipality towards the cost of the Metropolitan Fire Brigade. The result of the negotiations between the Commissioners of the Baranagar Municipality and the Commissioner of Police for extending the service of the Metropolitan Fire Brigade to that town, referred to in the last Resolution, has not been reported to Government.

33. *Street lighting.*—The expenditure under this head fell from Rs. 2,54,204 to Rs. 1,53,170, showing a decrease of Rs. 1,01,034, which occurred mainly under capital expenditure. The decrease, which was shared by all the Divisions except Chittagong and Patna, where there was a slight increase, was largest in the Municipalities of Howrah and Darjeeling, being Rs. 39,110 and Rs. 53,957 respectively, and was due to the non-payment of arrear bills of the Gas Company in the former, and to heavy capital expenditure having been incurred in the latter on the electric light installation in the previous year. Seventeen municipalities against 20 in the previous year, incurred no expenditure on this item. In some places only a small expenditure was incurred in supplying oil for the lanterns of the patrolling police, no street lamps being put up.

34. *Water-supply.*—Under this head also the total expenditure fell from Rs. 2,62,636 in 1897-98 to Rs. 2,01,387, the large decline of Rs. 61,249 being shared by the five divisions named in the margin, whilst there was some increase in the remaining divisions, mainly in Chittagong, where the charge rose from Rs. 1,183 to Rs. 5,113. The Howrah Municipality shows a decrease of Rs. 19,742 under "Capital" outlay. As stated in the last Resolution, the water-works installed in the town were not found to be altogether successful at first. Improvements have since received due attention, and the Chairman considers that the works are now settling into shape. The water supplied through the works was found to be in no way inferior to the filtered water supplied in Calcutta. At Cossipore-Chitpur and Maniktala the Commissioners further extended the water-supply which is obtained from the Calcutta mains, but the supply in the latter place is still inadequate. The Commissioners are contemplating other extensions of the supply, and a scheme has been framed for the purpose, the cost of which will be met out of revenue. Proposals are also under consideration for the extension of the Calcutta water-supply to portions of the South Suburban and Garden Reach Municipalities. The South Dum-Dum Municipality have obtained sanction to the extension of the filtered-water supply from the Cantonment main. At Berhampore the water-works were completed and opened after the close of the year. At Rampur Boalia the Commissioners spent Rs. 4,227 on the re-excavation of tanks. The maintenance charge also increased in that town by Rs. 2,138. The reduction of expenditure of Rs. 11,831 at Dacca, was only a paper one, due to the payment of arrear bills in the previous year. At Patuakhali the Subdivisional Officer and Chairman of the Municipality has, it is reported, raised subscriptions for erecting filters in two reserved tanks on the pattern of the one erected at Faridpur, which has proved successful. At Bhagalpur there was a reduction of expenditure of Rs. 17,207 under both capital and maintenance charges. Considerable trouble has been experienced

	Decrease. Rs.
Burdwan	19,539
Rajshahi	5,788
Dacca	14,007
Patna	8,424
Bhagalpur	18,369

with these important water-works, owing to the intake having become choked during high flood. The Commissioner remarks: 'There is no denying that hitherto these water-works have not been the success that was hoped for, although there is no doubt that the health of the town has benefited by them. They have cost so much that the town's resources are considerably hampered in every other direction, and as far as I can see, the Municipality has not yet got to the end of its expenditure. Very much depends on the action of the river Ganges during the present rains. Very careful supervision of the engines and the machinery is required, but that is what the Municipality cannot at present afford to pay for.' It is deplorable that the every-day working of a scheme, which has been carried out at so great a cost, should be hampered and rendered inefficient for the want of the necessary expenditure; the more so in view of the Commissioner's remarks quoted in paragraph 2 above. It has moreover been noted by the Sanitary Engineer that the water-rate, which in 1896-97 covered only two-thirds of the cost of the water, was still more inadequate in 1897-98. Some improvement in the water-rate receipts has been noted during the year under review, but they appear to be still insufficient. It is imperative that the municipality should realise its responsibility for keeping the works in proper order, and for submitting to the taxation necessary to enable them to do so.

The Lieutenant-Governor is pleased to find from the reports that considerable activity was displayed during the year in several municipalities in excavating tanks and sinking wells and tube-wells, in improving existing tanks and wells, and specially reserving selected tanks and wells for drinking and culinary purposes.

The statement in Appendix M shows the statistics of sources of water-supply available in each municipality and of the quality and quantity of the supply.

35. *Drainage.*—The total expenditure rose from Rs. 1,13,456 to Rs. 1,16,987 owing to an increase in the capital expenditure of Rs. 61,316, whilst maintenance charges declined by Rs. 7,785. Taking both heads together, the increase, which was largest in the Presidency Division (Rs. 6,672), was shared by four other Divisions—Dacca, Patna, Bhagalpur and Chota Nagpur—whilst there was a falling off in the remaining Divisions, especially in Rajshahi (Rs. 8,431). The following municipalities show the largest fluctuations in the expenditure under this head:—

Name of Municipality.	Increase.	Name of Municipality.	Decrease.
	Rs.		Rs.
Santipur ...	1,376	Serampore ...	2,830
Azimganj ...	2,366	Dinajpur ...	3,622
Jessore ...	1,172	Darjeeling ...	6,410
Narainganj ...	2,005	Sasaram ...	1,983
Patna ...	6,925	Muzaffarpur ...	1,800
Jamalpur (Monghyr)	1,862	Bhagalpur ...	1,831

At Santipur and Azimganj the increase occurred in the cost of maintenance of existing drains, which rose from Rs. 3 and Rs. 74 to Rs. 1,379 and Rs. 2,440, respectively. The increase in the other places was under capital expenditure. The decline in expenditure shown above was due to smaller capital expenditure having been incurred in the municipalities of Serampore, Dinajpur and Bhagalpur, whilst in the rest the decrease was in the cost of establishment, repairs, &c. At Serampore the scheme for improving the drainage of two wards has been completed, and the rest of the scheme is under preparation. The Municipal Commissioners of Howrah are, for the present, turning their attention to the improvement of the surface drainage of the town, the scheme previously drawn up having proved to be impracticable. As regards the future they have obtained sanction to the appointment of an Engineer of the requisite calibre, who has arrived since the close of the year, and they now propose to prepare a scheme such as their finances may admit of. Schemes for the drainage of the Municipalities of Hooghly and Chinsura, and Khulna are, it is reported, under the consideration of the Sanitary Board. The Maniktala Municipality have matured a costly scheme for opening out the drainage outfalls of the Municipality, which has been approved by the Sanitary Board and

has just received the sanction of Government. At Krishnagar the Commissioners obtained a loan of Rs. 28,000 from Government towards the close of the previous year for improving the drainage and water-supply of the town by excavating the channel of the Anjona river. The District Engineer of Nadia has been authorized to execute the scheme under the supervision of the Superintending Engineer, Central Circle. At Comilla the Commissioners have commenced the work of excavating two drainage outfall channels. At Patna the construction of new drains, wells and reservoirs and the purchase of a boiler and a pump in connection with the scheme for flushing parts of the city drains contributed to the increased expenditure incurred during the year. No expenditure was incurred on this item in 14 municipalities, among which may be mentioned Darbhanga, Garden Reach, Jalpaipuri and Dinapur.

The municipalities of the Presidency Division are naturally those in which most expenditure under this head is required; and it is satisfactory to note that this is on the whole appreciated by them. On the other hand improvement in this respect is reported to be the great need in the Bhagalpur Division. The Commissioner of Bhagalpur observes that *pucka* drains where they exist, are often rendered useless from the want of a proper preliminary survey. Remarks to much the same effect were recorded by Government last year with regard to the Chota Nagpur Division, and may be taken to apply to mufassal municipalities in general.

36. Since the close of the year, the Sanitary Engineer has made a thorough inspection of the drainage system of Patna, the largest municipality in the Province outside the capital; and it is gratifying to learn that the results of the inspection are uniformly favourable. Mr. Silk reports that the practice of throwing scrapings and refuse from the drains on to the sides of the road has been entirely stopped, and that for the last five years he has never seen the roads and drains in a cleaner condition. The old standing nuisance caused by the Backergunge outfalls has been removed. Considerable lengths of drains in the gullies have been paved with bricks laid flat, and the improvement effected has been so much appreciated by the inhabitants that in many cases they have themselves come forward and paid for the drains themselves. The system of filtering sullage through cinder beds has been intelligently carried out, with excellent results, and the greatest possible attention is paid to flushing. The Lieutenant-Governor entirely concurs in the high commendation bestowed by the Sanitary Engineer on the Chairman and Secretary of the Municipality in the following passage of his inspection note, and he desires to congratulate them and the Municipal Commissioners of Patna on the successful issue of their labours:—

> In closing this report I desire to place on record the splendid sanitary work that is now being carried on in Patna by the Chairman, Mr. H. LeMesurier, C.S. There is hardly a drain in the whole town with which he is not personally acquainted, and it is entirely due to his energy, perseverance, and powers of organisation that Patna may now be quoted as an example to all the other municipalities in Bengal not only in the matter of drainage but in all other work connected with conservancy. The greatest credit is also due to the intelligent interest taken in all sanitary work by the Secretary, Maulvi Wajid Hossein.

37. *Conservancy (including road cleaning and watering, and latrines).*—The total charge on this account, which amounted to Rs. 10,85,270, shows an increase of Rs. 17,572 as compared with the previous year. The increase was shared by the six divisions named in the margin, whilst there was a decline in the others, of Rs. 11,440 in Burdwan, Rs. 18,465 in Rajshahi, and Rs. 4,199 in Dacca.

	Rs.		Rs.
Presidency ...	8,927	Bhagalpur ...	5,659
Chittagong ...	217	Orissa ...	3,427
Patna ...	28,461	Chota Nagpur	4,985

In the Burdwan Division increase of expenditure occurred in 14 towns, including Asansol, where the expenditure rose from Rs. 4,716 to Rs. 7,041, and a decrease in the remainder, the largest falling off, Rs. 16,033, occurring at Howrah, on account of the discharge of the heavy extra establishment maintained in anticipation of an outbreak of plague. The largest increase in the Presidency Division occurred in the South Suburban Municipality (Rs. 3,908) and in the Patna Division in the Municipalities of Gaya (Rs. 17,160) and Patna (Rs. 14,293) The increase in these as in other places has been ascribed to one or more of the following causes, viz., the purchase of night-soil

and rubbish carts, and of latrines and urinals, the entertainment of extra sweepers and conservancy staff for the cleansing of the town, and increased expenditure on disinfectants as a precaution against the importation of plague, and the construction of bullock sheds and purchase of fodder.

The statistics given in Appendix F show that expenditure on this, the most important item of municipal expenditure, varied from 57·8 per cent. of the total outlay at Asansol to 3·3 per cent. at Taki.

In the town of Dacca special efforts have been made towards remedying the existing state of things, which the Commissioner describes as terrible. Much has been accomplished, though much yet remains to be done. Mr. Savage cautiously summarises the operations now in progress in the remark that 'if there be no backsliding, Dacca will in two or three years be free from the reproach of being the dirtiest town in Bengal.'

The system of coke breeze filtration of sewage was tried at Howrah and various municipalities in the Dacca Division. At Howrah these filters were attached direct to the latrines and urinals, and the experiments proved that the effluent is greatly reduced in quantity by evaporation while passing through the coke, and is, therefore, easier to remove, and it becomes infinitely less offensive and the passage of the carts causes less nuisance in the streets. The Commissioner of Dacca makes the following remarks on the subject:—

"In the course of my inspections, I have paid special attention to the subject of coke filters for sullage water. I found that everywhere the experiments had been utter failures, except in Barisal, where the Chairman and Vice-Chairman, Babus Rajani Kanta Das and Promotha Nath Mukherjee, gave their personal attention to the subject, and, after many trials, at last succeeded in getting one filter to work admirably. I have asked other municipalities to adopt the Barisal process, and I expect in the course of the year to see one great difficulty in the way of sanitary improvements (the difficulty of getting rid of sullage water without carting it away) removed."

38. *Hospitals and Dispensaries.*—The total expenditure, which amounted to Rs. 3,60,656, shows an increase of Rs. 19,164 as compared with 1897-98. In the year 1893-94, the expenditure under this head stood at Rs. 2,82,189, and thus during the past quinquennium, there has been an increase of Rs. 78,467 or Rs. 15,693 a year on the average. Deducting the special grants and contributions for medical purposes, the total amount paid by municipalities on this account was Rs. 2,36,688. The municipalities named in the margin show the largest fluctuation in the expenditure under this head as compared with the previous year. The increase at Midnapore was due to the payment of bills for the construction of the Leper Asylum, and that at Raniganj to the construction of a plague hospital and to the contribution made towards the pay of a veterinary officer employed by the District Board. The increase of expenditure in municipalities in the Presidency Division was due to the measures adopted to prevent the spread of plague. The decrease is generally ascribed to the reduction in the cost of diet, as high prices prevailed in the previous year, and to smaller expenditure having been incurred on buildings than in the year 1897-98, and also to payment of smaller amount of arrear bills. At Hazaribagh, the old dispensary building which was not suited to requirements and had fallen into disrepair was sold for Rs. 3,000. With this amount and the further help of a donation of Rs. 4,000 from the late Raja of Padma, miscellaneous subscriptions amounting to Rs. 3,099, and a grant of Rs. 3,000 from Government, an excellent building for a hospital and dispensary has been constructed on a separate site granted by Government. The new building was opened for use in the month of May of the past year. At Purulia a hospital for contagious diseases was constructed at a cost of Rs. 1,500. A dispensary was opened for the first time at Jaynagar.

Name of Municipality.	Amount of increase. Rs.

At Rampur Boalia a lady doctor was appointed in May 1898, and has since been practising in the municipality. A passed midwife has been entertained on a salary of Rs. 30 a month with free quarters at Jalpaiguri. A Christian hill girl, who was being educated at the Campbell Medical School at the cost of the Darjeeling Municipality, has passed, and she will now be employed by the municipality at the Charitable Dispensary for the benefit of native females. The hospital for females at Cuttack, known as the "Lady Thompson Dispensary" continued to be supported by voluntary subscriptions. A ward for females was constructed at Colgong. There was a maternity ward attached to the Bankipore Dispensary, where a lady doctor is employed at the cost of the Patna Municipality. Lady doctors are also employed at the Arrah and Dumraon dispensaries and at Bihar.

39. *Vaccination.*—The statement in Appendix H gives full information in regard to vaccination. There were 197 vaccinators employed at a cost of Rs. 19,760, and these performed 95,822 operations, of which 80,262 were primary, and 15,560 were revaccinations; of the total operations, 87·4 per cent. are reported to have been successful, against 87·5 in the previous year. Each operator vaccinated on an average 486 persons, the average cost of each operation being 3 annas 9 pies. The proportion of persons primarily vaccinated exceeded 5 per cent. of the total population in the 7 towns named in the margin.

Darjeeling	... 9·8	Jamalpur (Monghyr)	... 8·5
Kurseong	... 5·9	Puri	... 8·8
Faridpur	... 6·1	Ranchi	... 5·4
Jhalakati	... 5·2		

40. *Public Works.*—The expenditure on Public Works declined from Rs. 6,03,830 to Rs. 5,59,030 during the year. The following table compares the expenditure under the several sub-heads during the two years :—

Years.	Establishment.	Buildings.	Roads.	Stores.	Total.
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.	Rs.
1897-98 ...	73,974	52,811	4,19,908	57,137	6,03,830
1898-99 ...	77,279	41,958	4,23,762	16,031	5,59,030
Increase (+) or decrease (−)...	+3,305	−10,853	+3,854	−41,106	−44,800

41. *Public Instruction.*—The total expenditure under this head, as shown in Form III, fell from Rs. 1,31,789 to Rs. 1,26,874, the decrease being shared by all the Divisions, except Rajshahi, Chittagong and Patna, where there was a slight increase.

The total expenditure on primary education, which amounted to Rs. 65,576, shows a falling off of Rs. 2,606. The following table compares the expenditure on primary education, Division by Division, during the last two years :—

Name of Division.	Cost of teaching half the boys of a school-going age in the municipalities in each Division at 10 annas per head.	Total expenditure on primary education.		Variation between the figures in columns 2 and 4.	Variation between the figures in columns 3 and 4.	Ratio of expenditure on primary education to total ordinary income.	
		1897-98.	1898-99.			1897-98.	1898-99.
1	2	3	4	5	6	7	8
	Rs.	Rs.	Rs.	Rs.	Rs.		
Burdwan ...	12,321	12,670	11,662	−659	−1,008	1·4	1·3
Presidency ...	14,084	15,629	14,027	−57	−1,602	3·1	2·7
Rajshahi ...	3,610	5,995	5,838	+2,228	−157	2·7	3·1
Dacca ...	6,752	5,653	5,599	−1,153	−54	2·5	2·2
Chittagong ...	2,009	2,152	2,437	+428	+285	2·4	2·3
Patna ...	18,975	14,908	15,406	−3,569	+498	3·4	3·2
Bhagalpur ...	5,293	5,221	5,194	−99	−27	2·4	2·1
Orissa ...	3,098	3,970	3,490	+392	−480	4·2	4·4
Chota Nagpur ...	2,174	1,984	1,923	−251	−61	4·8	2·7
Total ...	68,316	68,182	65,576	−2,740	−2,606	2·9	2·6

The prescribed standard of expenditure on primary education, as shown in column 2, was attained only in three Divisions, viz., Rajshahi, Chittagong and Orissa, whilst in Dacca and Patna it was much below the standard.

42. *Loans.*—The table in Appendix K shows the loan transactions of municipalities during the year. The new loans raised and the purposes for which they were obtained are shown in the margin. At Darjeeling the Commissioners received an instalment out of the total loan of Rs. 1,20,000 for the electric light installation. The total loan liabilities of municipalities at the close of the year amounted to Rs. 30,41,562.

Name of Municipality.	Amount of loan. Rs.	Purpose.
Rajpur ...	3,750	Water-supply.
South Barrackpore ...	2,400	Ditto.
Krishnagar ...	28,000	Drainage and water-supply.
Rampur Boalia ...	5,000	Drainage works.
Darjeeling ...	15,000	Electric lighting.
Cox's Bazar ...	2,000	Construction of office building.
Gaya	45,000	Sanitary improvements (introduction of Part IX).
Total ...	1,01,150	

43. *Financial condition of municipalities in debt to Government.*—The statement in Appendix N shows the financial condition of municipalities which were in debt to Government during the past year. The list contains the names of 32 municipalities. The solvency of all of these, given full collection of their revenues, is undoubted, and the following remarks will furnish an explanation of what is shown by the figures. In three cases, as specially reported by the Accountant-General, viz., Howrah, Faridpur, and Puri, the Municipal Commissioners made default in the payment of the instalments in repayment of the loans. The Howrah Municipality, by far the most important of these, was unable to pay punctually either of the two instalments of Rs. 43,151-11-2 for the water-works loan which fell due on the 1st April and 1st October 1898. The April instalment was fully paid up, with penal interest, towards the middle of January 1899, whilst Rs. 34,000 was paid on account of the other instalment up to the close of the year, leaving a balance of Rs. 9,151-11-2 to be paid during the current year. The financial position of this municipality is critical, and has already attracted the special attention of Government. For the reason it is unnecessary to look further than the facts stated in paragraph 11 above. The finances of a body which does not collect more than 66·7 of the current, and 60·09 of the gross, demand cannot be in other than a bad position; and it is once more necessary to emphasise the urgent necessity for improvement in this respect. The resources available are ample, even without resorting to additional taxation, and no excuse is possible for the failure to make provision out of them for the loan obligations of the municipality. At Faridpur an instalment of Rs. 632, payable on the 1st August 1898, was paid up in three instalments by January 1899. The Puri Municipality failed to pay an instalment of Rs. 1,253, due on 1st April 1898, and the money was paid up in September 1898. Municipalities must realise that their loan charges are a first charge on their finances, and must be given precedence over all others. A glance at the figures in column 18 of the statement in Appendix N will show that, besides the above cases, the ordinary income of the municipality, after meeting the ordinary charges of municipal administration, fell short of the amount payable on account of loan charges during the year in the thirteen municipalities named in the margin. In the remaining cases the financial ability of the municipalities to promptly meet their loan charges is beyond doubt. As regards the cases noted above, it appears that none made any default in the payment of the periodical instalments, and that, with one exception, balances were in hand at the close of the year much in excess of the deficit shown against them.

Name of Municipality.	Deficits. Rs.	Percentage of total collections on total demands on account of rates and taxes.	Closing balance. Rs.
Serampore ...	1,875	61·0	3,917
Ranaghat ...	1,062	89·8	2,347
Nadia ...	845	82·5	779
Meherpur ...	174	98·0	752
Kotechandpur ...	354	95·5	1,100
Rampur Boalia ...	2,853	72·1	4,158
Nasirabad ...	2,140	93·7	5,546
Cox's Bazar ...	686	94·1	1,238
Gaya ...	3,574	99·8	22,900
Arrah ...	36	89·6	1,810
Muzaffarpur ...	501	91·6	4,206

In others, notably Serampore, Rampur Boalia and Puri, nothing but stricter attention to collections is needed to put their financial soundness beyond question.

44. *Audit of accounts and embezzlements.*—The Lieutenant-Governor regrets to notice the long list of cases of embezzlement brought to light during the year in course of audit of accounts or otherwise. These occurred in the municipalities of Maniktala, Baduria, South Barrackpore, South Dum-Dum, Patna, Darbhanga, Bhagalpur, Kishanganj, Lohardaga, and Chaibassa. In most of these cases the offenders were prosecuted and punished. The worst case occurred in Bhagalpur, where three tax-collectors embezzled an aggregate sum of Rs. 1,095. These cases indicate laxity in the management of, and supervision over, the collection department, and the Lieutenant-Governor trusts that greater regard will in future be paid to the account rules by Chairmen and Vice-Chairmen of municipalities. The reports disclose that in several cases proper security bonds in the form prescribed by Government have not been taken from Municipal employés entrusted with the collection and handling of money. For this there can be no excuse.

45. *Working of the Porters and Dandiwallas' Act.*—The Act is in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during the year was 750, against 878 in the previous year. There were 22 prosecutions under the Act, against 24 in 1897-98, and the amount of fines realised was Rs. 39. Only one license was cancelled during the year. The law continued to be carefully worked, and a close supervision is exercised over the porters and *dandiwallas.*

46. *General working of the Bengal Municipal Act, 1884, during the year.*—Mr. J. Kennedy, Officiating Commissioner of the Burdwan Division, makes the following remarks on the subject:—

"It seems to me municipal management would be greatly improved by an amendment of section 46 of the Act. The power of the Chairman to appoint, fine and dismiss all servants of the municipality should be independent of the Commissioners. If it is necessary to give municipal servants power to appeal from such orders, the appeal should lie to the District Magistrate only. The present system is carefully calculated to form a spirit of insubordination among the servants of the municipality. As to Howrah, I think the time has come when it should be merged in Calcutta, of which it really forms a part. The interests of the two towns are identical, and with the amalgamation many of the difficulties of Howrah administration would disappear."

47. The following are the comments of Mr. Buckland, Commissioner of the Presidency Division:—

"The many defects in the system of municipal administration which have been noticed in previous reports still exist. The only satisfactory feature in the municipal administration during the year, is the improvement in the matter of collection, due to special pressure put by me upon the municipal authorities. Want of supervision and a general reluctance on the part of the municipal executive to resort to coercive measures, caused by the fear of becoming unpopular, and consequent laxity in the observance of the rules, still prevail, but the constant issue of orders and circulars and the close watch kept by myself and the Magistrates on their working have produced the improvement indicated by the figures, particularly in some important but most backward municipalities in this respect, such as Krishnagar, Santipur, South Suburban, &c."

48. Mr. P. Nolan, Commissioner of the Rajshahi Division, writes:—

"In my opinion municipal institutions have taken deep root in this Division and produced excellent results. What is wanted is to raise the administration where it is least satisfactory, as in Rangpur, with regard to finances in Pabna, and perhaps in Bogra, to the higher standard attained in Dinajpur and Rampur Boalia, also in the hill stations of Darjeeling and Kurseong."

49. Mr. H. Savage, Commissioner of the Dacca Division, has recorded the following remarks:—

"In all the municipalities, except Dacca and Nalchiti, there has been harmony between the Commissioners and the Executive, and on the whole the municipal administration of the year has been a success.

"Dacca and Nalchiti have both suffered from factious opposition which, in the former in particular, has delayed the execution of many much-needed improvements."

50. Mr. J. A. Bourdillon, C.S.I., Commissioner of the Patna Division, quoting the remarks contained in his General Administration report, observes that on the whole the year has been one of general progress and improvement.

51. Mr. H. C. Williams, Commissioner of the Bhagalpur Division, writes :—

"Taking charge at the end of April, the only municipalities I have seen anything of are Bhagalpur, Purnea and English Bazar. Generally, the Municipal Commissioners seem to take interest in their work, and when aided by the advice of the district officials do really good work. The municipal administration for the year is undoubtedly satisfactory, although in Bhagalpur there is still great room for improvement. Party spirit does not run so high in this Division as in the suburban municipalities round Calcutta, and there is not the deadlock that at times prevails there. I have already alluded to the small percentage of rate-payers in this Division, and in connection with this should like to note that when an assessor is appointed by Government to revise assessments, he should be a Government officer, lent for the work, and one who, if possible, has had some experience of it. Both in Hooghly and Bhagalpur enquiries have shown that the assessment was not well done by Government nominees. Regarding the attendance of Municipal Commissioners, I find that often Government officers are the worst absentees, and have had to call the attention of several to this fact.

"My thanks are due to Mr. Ritchie for having undertaken, under the orders of Government, the duties of the Chairman of the Bhagalpur Municipality—a no light task—and the Vice-Chairman, Babu Kirti Churn Chatterjee. They deserve great credit for extricating it to some extent from the very difficult and insolvent position to which it had been driven by past inefficient management. The financial condition has improved somewhat, and it is hoped that in the current year it will attain a working balance. Mr. O'Brien, the Chairman, and the Vice-Chairman, Babu Jogendra Nath Mukerjee, also deserve prominent mention for the satisfactory condition of the Purnea Municipality. The Chairman of Deoghur, Mr. Heard, also again deserves very special mention.

"As regards the honorary service rendered by other non-official gentlemen, the following deserve special mention:—Babu Shiva Nandan Prosad Sinha, Vice-Chairman, Monghyr Municipality; Mr. A. W. Rendell, Chairman, Jamalpur Municipality; Babu Hari Churn Gangooly, Chairman, Colgong Municipality; and Babu Pashupati Nath Bose, Vice-Chairman, Sahibganj Municipality."

52. The following are the comments of Mr. C. R. Marindin, Commissioner of the Orissa Division :—

"I have no personal knowledge of the different municipalities, as I have only lately joined the Division, but judging from the reports there is a good deal of shortcoming in all of them in respect to conservancy, drainage, maintenance of roads, and lighting in most of the municipalities, especially in Cuttack. I believe that this is due in a great degree to want of money, but at the same time I am of opinion that Municipal Committees might do a great deal to keep their towns wholesome and clean by more frequent and stringent use of their regulating and prohibitive powers under the Act. I have lately had occasion to impress this upon the Chairman of the Cuttack Municipality. Puri occupies a unique position among municipalities as a centre from which cholera may be spread to all parts of India and even beyond it, and I think it is a serious question whether the sanitation of the town should be left in the hands of the Municipal Committee, constituted as it is at present."

53. Mr. A. Forbes, C.S.I., Commissioner of the Chota Nagpur Division, concludes his report with the following remarks :—

"Regarding the general working of the Municipal Committees I am glad to be able to endorse the remarks I made in last year's report. In many instances much good work has been done by the non-official Vice-Chairman and occasionally, though I confess rarely, by one or more of the other Commissioners, while the Committees have almost invariably shown themselves ready to listen to the advice given by the Deputy Commissioners or by this office in regard to their budget requirements and questions of sanitation, assessments and other matters."

54. On the whole the year was one of progress, and in most branches of municipal administration the Lieutenant-Governor is glad to note the achievement of undoubted, if not very conspicuous, improvement. The excellent work done in Patna has been noticed in paragraph 36 above. There are many places, as has been noticed in the course of this review, in which there is great need of improvement. The prominent defects are in the assessment of the municipal taxes and the collection of them. To these the attention of the Committees has been definitely drawn. They are dangers from which no municipality is exempt, if its Commissioners fail to be watchful. Inadequacy of assessment is not infrequently accompanied by bad collections. The case of Darbhanga has already been noticed in parapraph 2. What can be effected if the local authorities devote their energies to the work is shown by the results attained in the municipalities named in paragraph 11 and by the improvement brought about in the Presidency Division under the pressure

applied by the Commissioner. The Lieutenant-Governor trusts that all Municipal Commissioners will take this example to heart, and will, during the ensuing year, apply themselves vigorously to the task of placing their assessment lists on a proper footing, and of seeing to it that the assessees pay their just dues in full.

By order of the Lieutenant-Governor of *Bengal*,

E. N. BAKER,

Secretary to the Government of Bengal.

APPENDICES.

APPENDIX A.

Statement showing the date of establishment of each Municipality in the Province, the population within municipal limits, and the actual number of rate-payers in each Municipality during the year 1898-99.

Rs.
(*a*) 32,960
2,809
35,769

Rs. 2,809 were excluded from the demand in 1895, as the red receipts were sent to Government Pleader for civil suits. The amount has now been included in the demand.

(*b*) Total of col. 8 of the statement 1,46,370
Add penalties ... 2,325
Total of group 5 of Form II ... 1,48,695

(*c*) The difference of Rs. 67 between this and the closing balance shown in previous year's statement is due to the fact that the amount was realised in 1897-98, but could not be credited into the Sub-Divisional Treasury on the 31st March 1898, as it was not open on that date. It was, therefore, included, in the outstandings of that year. The amount was, however, credited into treasury during the year 1898-99, and was treated as current collection in statement D for that year.

(*d*) Columns 8 of this statement ... 6,116
Add penalties ... 131
Total ... 6,247
Total of group 5 of Form II 6,314
Deduct amount realised 31st March 1898, but credited into treasury during 1898-99 ... 67

(a) Excluding Rs. 26 and Rs. 120 on account of uncashed cheques for 1898-99 in Middle English and Lower Primary Schools, respectively.
(b) If Rs. 531, being the schooling fees of the middle vernacular schools, and Rs. 87, the amount of interest of promissory notes paid to the Secretary, Bharateswary Pathshalla, be added to Rs. 1,887, it will tally with the total shown in Form III, group 7.
(c) Includes Rs. 75 for the pathshala attached to middle vernacular school.
(d) Includes Rs. 20 for the repairs of Raipur School-house, which cannot be shown under the head "Primary," as it is not provided for in the budget estimate for primary education.
* Includes Rs. 43 from fees.
† Includes Rs. 36 to two Maktabs.
(a) Includes special grant of Rs. 238 to meet expenditure for 1897-98.

APPENDIX K.

Statement showing the loan transactions of Municipalities in the Province during the year 1898-99.

Serial number of Municipalities.	Name of Municipality.	Amount of loans sanctioned— From Government.	Amount of loans sanctioned— Outside Government account.	Rate of interest per cent. per annum.	Purpose for which sanctioned.	Number and date of order sanctioning the loan.	Balance of last year.	Amount of loan during the year.	Total.	Amount repaid during the year.	Balance of loan at the close of the year.	Amount of interest due.	Amount of interest paid.	Balance of sinking fund.

MUNICIPAL DEPARTMENT.

MUNICIPAL—No. 3389M.

CALCUTTA, THE 30TH NOVEMBER 1900.

FROM E. N. BAKER, ESQ., C.S.I.,
Secretary to the Government of Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I AM directed to submit, for the information of the Government of India, the accompanying copy of a Resolution recorded by the Lieutenant-Governor on the working of Municipalities in Bengal during the year 1899-1900, together with Statistical Tables Nos. I, II, and III, prescribed under Home Department Resolutions No. $\frac{1 \text{ Mupl.}}{53-64}$, dated 31st May 1890, and No. $\frac{1 \text{ Mupl.}}{68-79}$, dated 23rd July 1891. Table No. IV is blank, as no octroi duties are levied in Bengal.

2. In accordance with the orders of the Government of India, contained in Mr. Lyall's letter No. 32, dated the 19th April 1894, the balances of the several Municipalities have been verified in the manner prescribed by the Accountant-General.

3. The Report on the working of the Calcutta Municipality has already been submitted to the Government of India, with the Lieutenant-Governor's Resolution thereon.

4. The review of the financial position of each Municipality in Bengal in debt to Government, which was called for in the letters from the Government of India noted in the margin, is contained in paragraph 42 of the Resolution.

No. 134, dated the 16th August 1898.
No. 140, dated the 29th August 1899.

I have the honour to be,

SIR,

Your most obedient servant,

E. N. BAKER,

Secretary to the Government of Bengal.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

RESOLUTION—No. 3383M.

CALCUTTA, THE 30TH NOVEMBER 1900.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1899-1900.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1898-99.

The number of municipalities in Bengal during the year ending with 31st March 1900 was 153. Two new municipalities were formed during the year by the subdivision into smaller bodies of existing municipalities which had been found too large for efficient administration. The population within municipal limits therefore remained practically stationary, the slight variation from the previous year's figures being due to the alteration of certain municipal boundaries. According to the census figures of 1891 the population of the 153 municipal towns is 2,730,809.

2. The total number of rate-payers rose from 467,240 in 1898-99 to 469,669, representing 17·2 per cent. of the municipal population, as against 17·1 in the previous year. The increase is due to considerable additions in the Bhagalpur Municipality, where the number rose from 6,289 in the previous year to 10,233. But for this, there would have been a decrease. With reference to the falling off of 2,057 in the number of rate-payers in the municipalities of the Presidency Division as compared with the previous year, the Commissioner remarks that the reason of the variations, which are most marked in towns where the tax on persons is in force, is that, when names of rate-payers who have ceased to occupy holdings are struck off the demand roll, sufficient efforts are not made to maintain the balance by the assessment of new residents, and that many persons thus escape taxation altogether. This remark is of general application, and it is probable that the results of the forthcoming census will disclose a percentage of rate-payers decidedly lower than that at present recorded. The percentage of rate-payers to population varied between 32·2 at Noakhali and 6·1 at Kurseong. Taking Divisional averages, the percentage exceeded the provincial average in the Presidency (19·3), Chittagong (18·5), and Burdwan (18·49) Divisions, whilst the rest fell below it. In the Bhagalpur Division all the municipalities, except Deoghur and Sahibganj, show an increase, and the percentage has risen from 12·8 to 15·1.

In reviewing the working of municipalities during 1898-99, Government had occasion to comment on the extraordinarily large reduction in the number of assessees which the figures submitted to Government by the Darbhanga Municipality showed to have been effected by an objection committee, and the attention of the local officers was drawn to the matter. It is now reported that those figures were altogether erroneous. The correct figures show that the revision of assessment made in 1897-98 and 1898-99 raised the number of assessees by 2,534, or by 37 per cent., and the demand on account of personal tax by Rs. 13,146 or 59 per cent. The figures of 1899-1900 show a reduction on those of 1898-99 of 2 per cent. in the number of assessees, and of 15 per cent. in the demand; and it is reported that during the current year there has been a very large further reduction. The Commissioner observes that the reduction, including that made during the current year, is enormous and appears to be difficult to justify. The explanation given by the Chairman is that the revision of assessment was not properly done, and that the remissions which have been granted were carefully made and were justified. The matter will doubtless be further considered during the current year by the local officers. It is clear that

the Darbhanga Municipality has not yet attained to the first essential of municipal administration; that is, reasonable assessment of the property within it. Both the percentage of rate-payers to population and the incidence of taxation in this municipality are for 1899-1900 below the Divisional, and still further below the Provincial average, and it appears that a still further reduction will be made during the current year. The Lieutenant-Governor trusts that no time will be lost in putting the assessment on a final and satisfactory basis.

3. *Results of elections held during the year.*—A general election of Commissioners under the Bengal Municipal Act, 1884, took place during the year, on the expiry of the term of office of those who were elected in 1896-97. The results of the general elections, and of the bye-elections held during the year, are given in Appendix B. These were contested in 251 cases out of 457, and the percentage of voters was fairly high. In 5 cases the elections failed, owing to candidates not being nominated within the prescribed time or for other reasons. The average percentage of attendance of voters in contested elections was 43·93, against 40·9 in the general election of 1896-97. It is reported that generally a considerable amount of interest was taken in the elections, but it is nowhere stated what the questions were that aroused this interest; and, so far as can be gathered from the various reports, the issues lay generally rather between men than between measures. The incidence of municipal taxation, and the range of the objects to which its proceeds can be devoted are far more strictly limited in Bengal than in England, and Bengal cannot, therefore, be expected to show any such general division as that which exists in England between municipal parties. Contests were most general and keenest in the Burdwan and Presidency Divisions. Regarding the former of these, the Commissioner observes that the party spirit manifested in the majority of the municipalities situated on the East Indian Railway was of an unhealthy kind.

4. The following table shows the composition of the municipal bodies in each Division at the close of the year:—

Name of Division.	Number of Members.				Race.		Occupation or Profession.								
	Ex-officio.	Nominated.	Elected.	Total.	Europeans.	Natives.	Government servants.	Zamindars and land-holders.	Pleaders and mukhtears.	Planters.	Merchants, traders and money-lenders.	School-masters (other than Government employés).	Medical practitioners.	Government pensioners.	Unspecified.

Orissa	3	38	34	75	6	69	24	10	27	...	1	3	...	4	6
Chota Nagpur	19	64	36	119	23	96	31	9	44	...	14	1	6	3	11
Total ...	83	944	1,163	2,190	238	1,952	362	507	509	8	245	92	112	72	283
Total of 1898-99	62	945	1,173	2,180	230	1,950	355	503	506	14	244	114	92	61	291
Percentage on the total of 1899-1900.	3·8	43·1	53·1	...	10·8	89·1	16·5	23·1	23·2	·3	11·2	4·2	5·1	3·3	12·9
Do. do. of 1898-99.	2·8	43·4	53·8	...	10·6	89·4	16·3	23·1	23·3	·6	11·2	5·2	4·2	2·8	13·3

The variations from the figures of the previous year are slight, except in the case of school-masters other than Government servants, and medical practitioners. The landholding classes and members of the legal profession continued to provide the great majority of the Commissioners.

5. *Attendance at meetings.*—There were in all 2,515 meetings held during the year, against 2,586 in 1898-99. Of these, 243, or 9·6 per cent., were unsuccessful or had to be adjourned, as against 227 meetings, or 8·7 per cent., in the previous year. Twenty-five municipalities against 31 in the previous year held more than 20 meetings, whilst 25 municipalities failed to hold at least one meeting every month. At Sherpur in the Mymensingh district the Commissioners convened the largest number of meetings, viz., 45, of which, however, 18 were unsuccessful. Ranaghat comes next with 31 meetings, of

which 4 were unsuccessful. The municipality of Sahibganj in the Sonthal Parganas held only 7 meetings, all successful, with an average attendance of 42 per cent. of the members. The important municipality of Garden Reach has failed to hold 12 meetings during the year in two successive years, and an explanation on this point has been called for. In 69 municipalities, as against 79 in 1898-99, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were 82 at Kamarhati, 78 at Patuakhali and Jagdispur, 75 at Raghunathpur, 72 at Baduria, Dumraon and Colgong, and 71 at Cossipore-Chitpur; whilst the lowest was 23 at Meherpur.

On the whole, the number of meetings held and the average attendance at meetings appears to have been satisfactory and sufficient for practical administrative purposes.

6. *Assessments and taxation.*—The statement in Appendix C shows the mode of assessment prevailing in each municipality in the Province, the percentage at which the tax was levied, and the results of revision of assessment made during the year. Of the rates generally levied, those on holdings and on persons, the former was in force in 40 towns, and the latter in the remainder, with the exception of Bhadreswar and Puri, where both forms of taxation were in force in different wards. The rate on holdings was levied at the maximum rates prescribed by law in all but 11 towns, in which Howrah and Darjeeling are included. The tax on persons is levied on the principle of apportionment of the taxation ascertained to be necessary among the rate-payers according to their circumstances and therefore varies in each town in which it is in force.

Of special rates, the latrine-rate was levied in 93 towns on sliding scales or at rates varying from 10 to $3\frac{3}{4}$ per cent. A water-rate was levied in 9 towns which are provided with a filtered water-supply.

7. The incidence of municipal taxation (excluding Calcutta) varied between Rs. 7-2-4 at Darjeeling and 4 annas at Bazitpur in the district of Mymensingh. The average for the whole Province was Re. 1-1-6, showing an increase of nine pies per head since the previous year. In 54 towns, against 46 in 1898-99, the incidence of taxation exceeded one rupee per head of population, and it was below 8 annas in 38 towns, against 40 in the previous year.

8. *Revision of assessment.*—A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Bhagalpur	23,690	Hajipur	1,546
Howrah	14,086	Santipur	1,323
Darjeeling	9,816	Monghyr	1,258
Pabna	3,097	Purulia	1,252
Barisal	2,335	Faridpur	1,168
Muzaffarpur	2,300	Lalganj	1,140
Arrah	2,293	Raniganj	1,062
South Barrackpore	1,561		

The bulk of the increase in Bhagalpur, which was very large, was effected in respect of the water-rate, which has been doubled. The Commissioner observes that this has given rise to much grumbling, as the service has not improved. One chief obstacle in the way of improvement has been lack of funds, and as this has now been removed, reforms should be speedily effected. The same officer brings to notice a number of instances of apparently unequal assessments in Monghyr.

The Magistrate of Midnapore reports that the enhancement obtained by the revision of assessment in the Midnapore Municipality was followed by liberal reductions granted by Appeal Committees, so that the net result was a small increase of Rs. 513 in the demand. A general revision of assessment in the Kharar Municipality by a Sub-Committee of the Commissioners was held null and void, it being found that the demand was considerably reduced without

assigning any reasons for it. On the subject of revision of assessments the Commissioner of the Presidency Division observes:—

"The inconsistencies in the system of taxation noticed in the previous reports still exist, and will not be removed until Municipal Commissioners become more alive to the importance of adequately assessing the rate-payers, in which duty they often fall short for far of becoming unpopular, and the only alternative is to have the assessments properly made by outside or paid agencies, as has been done in the South Suburban Municipality under the special order of Government under section 111A of the Bengal Municipal Act."

The difficulty, however, of obtaining the services of a suitable assessor at a price which municipalities can afford to pay is very clearly pointed out and instanced by the Commissioner of Chota Nagpur, who suggests the entertainment by Government of a permanent trained staff of professional assessors to be paid by regular *pro rata* contributions from municipalities. The suggestion is one of considerable practical importance, and will be separately considered by Government.

9. *Demands, collections, remissions and outstandings on account of taxes.*—The following table compares the totals under these heads for the year 1899-1900 with those of the previous five years:—

Year.	Demands.			Collections.						Remissions.				Outstanding balance.
	Arrear.	Current.	Total.	Arrear.	Current.	Total.	Percentage of column 5 on column 2.	Percentage of column 6 on column 3.	Percentage of column 7 on column 4.	Arrear.	Current.	Total.	Percentages, column 13 on column 4.	
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.				Rs.	Rs.			Rs.
1894-95 ...	4,93,558	23,71,593	28,65,151	2,74,419	19,76,277	22,50,696	55·6	83·3	78·5	96,983	58,144	1,55,127	5·4	4,59,328
1895-96 ...	4,63,780	25,27,826	29,91,606	2,47,870	20,89,234	23,37,104	53·4	82·6	78·1	75,814	59,450	1,35,264	4·5	5,19,238
1896-97 ...	5,21,077	27,13,569	32,34,646	2,89,108	23,09,050	24,98,158	55·4	81·4	77·2	94,613	70,672	1,65,285	5·0	5,71,203
1897-98 ...	5,75,937	28,35,594	34,11,531	3,24,221	28,00,280	26,24,501	56·2	81·1	76·9	69,255	69,429	1,38,684	4·6	6,48,346
1898-99 ...	6,52,216	29,29,708	35,81,924	3,45,271	24,52,861	27,98,132	52·9	83·7	78·1	1,04,857	71,909	1,76,760	4·6	6,07,032
1899-1900 ...	6,05,800	30,84,613	36,90,413	3,08,552	26,33,610	29,42,162	50·9	85·7	79·7	1,21,134	79,811	2,00,945	5·4	5,47,306

* The noticeable features of this table are the increase in the amount actually collected and the reduction of the outstanding balance.

There was an increase of 2 per cent. in the collection of current demand as compared with the previous year, and, although the proportion of gross collections to current demand has fallen slightly from 95·5 per cent. in 1898-99 to 95·3 per cent. in 1899-1900, the Municipal Committees have, on the whole, done well in the collection of their revenues. The growth in the remissions, both arrear and current, is, however, an unsatisfactory feature in this table.

10. The table below shows the percentages of collection attained by the municipalities in each Division as compared with the previous year:—

Percentage of total collection on total demand.	Number of Municipalities.																			
	Burdwan.		Presidency.		Rajshahi.		Dacca.		Chittagong.		Patna.		Bhagalpur.		Orissa.		Chota Nagpur.		Total.

Total number of municipalities.	27	27	40	42	11	11	17	17	6	6	26	26	10	10	5	5	9	9	151	153

Of the divisional groups, the first place is as usual taken by Dacca, which shows a fur her creditable advance on the satisfactory collections of the previous year, the percentage standing at 93·2, against 92·7 in 1898-99. Sixteen

out of the seventeen municipalities in the Division realised over 90 per cent. of their gross demands, the only exception being the small municipality of Nalchiti in the Backerganj district, where collections were delayed by the detection of frauds in the office and the prosecution of the accountant. The Chittagong Division with an average collection of 81·1 per cent. of the demand, comes next. Good results were also obtained generally by the municipalities in the Patna, Rajshahi, Bhagalpur and Orissa Divisions. The average percentage of collections in the Presidency Division shows a satisfactory improvement from 80·9 in 1898-99 to 85·3, whilst the percentage in the Burdwan Division, 66·28, although it shows some improvement over the previous year, was the lowest in the Province.

11. Of individual municipalities, in 51 against 42 in the previous year over 95 per cent. of the total demand was collected, the following 25 towns showing the most satisfactory results :—

Name of Municipality.	Total demand.	Percentage of collection.	Total remission.	Outstanding balance.
	Rs.		Rs.	Rs.
Deoghur.	6,246	100	...	...
Tamluk	5,616	99·99	1	...
Gaya	55,137	99·8	110	...
Tikari	5,746	99·8	6	1
Jhalakati	5,879	99·6	18	...
Narainganj	50,331	99·4	137	140
Dumraon	7,319	99·4	34	5
Sitamarhi	6,338	99·4	32	...
Titagar	14,930	99·3	104	...
Lalganj	4,481	99·3	24	6
Khulna	10,784	99·0	59	46
Bazitpur	2,386	98·9	24	...
Roserah	3,420	98·9	36	...
Daltonganj	5,343	98·87	48	12
Maheshpur	2,171	98·8	12	14
Hajipur	8,813	98·7	109	...
Madhubani	6,971	98·7	85	...
Jagdispur	3,837	98·64	52	...
Pirojpur	6,032	98·6	44	38
Chagda	3,219	98·6	52	16
Chandrakona	4,473	98·6	37	24
Meherpur	2,500	98·5	23	12
Siwan	8,167	98·3	95	40
Sherpur (Bogra) ...	5,530	98·1	29	74
Basirhat	5,609	98·0	82	29

These results reflect great credit on the administration of the municipalities concerned, and show that, where energy and attention are devoted to the work of collection, the municipal dues can be collected practically in full under existing rules.

In the Resolution recorded by Government on the working of municipalities during 1898-99, Howrah and Darbhanga were noticed as the most conspicuous examples of failure in the matter of collections. In the latter municipality there has been, in the year under review, a very great improvement, the percentage of collections having risen from 50·3 to 79·7. This result has been attained, as noticed in paragraph 2 above, partly by making large

reductions in the demand. But the amount actually collected has risen from Rs. 25,974 to Rs. 31,860, a result which is stated by the Commissioner to be due entirely to the exertions of the District Magistrate. As is explained in the Magistrate's report the municipality has been endeavouring to arrive at a demand which is really realisable, in place of an imaginary and irrecoverable one; and, until this is done, the percentage of collections to the demand affords no criterion of administration. Meantime, the improvement on the previous year is undoubted, and the municipality is to be congratulated on it.

In Howrah, on the other hand, the previous unsatisfactory state of things has continued. The percentage of total collections was 90·6 of the current and 69·06 of the total demand, and, in spite of largely increased remissions, the enormous outstanding demand has continued stationary. It is unnecessary for the purposes of this review to deal at any length with the reasons of the existence of this state of affairs. They have already been the subject of a special enquiry by the Commissioner whose report has been submitted to Government, and who has been requested to formulate proposals for removing the various defects which he has enumerated. It is sufficient to observe that the report in question indicates clearly the gravest lack of organisation. The Lieutenant-Governor trusts that the measures to be taken for the introduction of a better system will be effectual and will be promptly introduced.

Specially unsatisfactory results are noticeable in Bally, where the percentage of total collections to total demand was 53·03, Bhadreswar (53·6) and Hooghly-Chinsura (54·1). The administration of the collection department in these and several other municipalities of the Burdwan Division requires the special attention of the Commissioner. There is also a noticeable deterioration in the Bhagalpur Municipality, where the total sum collected fell off from Rs. 87,791 to Rs. 83,161, and the percentage of collections to demand from 77·88 to 69·9. The principal cause of this was the uncalled for delay of an objection committee in disposing of objections. This is the more unfortunate since, as has been previously remarked by Government, the finances of this municipality have been in disorder for some time. Better results are now anticipated from the stricter control which has been obtained by the appointment of a new Chairman, and it is to be hoped that the anticipation will not be disappointed.

12. The average percentage of remissions for the whole Province rose from 4·9 in 1898-99 to 5·4 during the year under review; but it is satisfactory to notice that with this slight increase in the remissions the outstanding balance fell from 16·9 to 14·8 per cent. of the total demand. The marginally-noted figures compare the percentages of remissions and the outstanding balances in each Division during the years 1898-99 and 1899-1900.

Divisions.	Percentage of remissions.		Outstanding balances.	
	1898-99.	1899-1900.	1898-99.	1899-1900.
			Rs.	Rs.
Burdwan ...	4.48	6·4	3,68,168	3,45,567
Presidency ...	6·7	6·7	90,260	57,259
Rajshahi ...	6·0	4·5	26,314	28,489
Dacca ...	2·5	3·1	15,575	12,349
Chittagong ...	4·1	2·8	5,239	10,260
Patna ...	5·4	3·4	43,045	37,149
Bhagalpur ...	3·13	4·7	26,666	32,282
Orissa ...	3·63	7·5	11,609	8,994
Chota Nagpur	4·8	6·1	20,156	14,957

There was a marked increase in the percentage in the Burdwan and Chota Nagpur Divisions. In the Patna Division, with a reduction in the percentage of remissions from 5·4 to 3·4, the outstanding balance also was reduced from Rs. 43,045 to Rs. 37,149. Taking the case of individual municipalities, the largest remissions were allowed in the municipalities of Garden Reach (22·0), Bhadreswar (19·2), Darbhanga (17·9), Chatra (17·2), Serampore (14·4), Lohardaga (13·5), Baduria (12·0), Hooghly and Chinsura (11·8), and Jangipur (11·5). At Garden Reach the large remissions were due to the old and irrecoverable arrears handed over to the new municipality by the South Suburban Municipality and to inequitable assessment. The case of Darbhanga is, as already noticed, a special one.

13. *Fresh imposts levied during the year.*—Fees for the registration of carts were levied for the first time in the municipalities of Muktagachha, Netrokona and Brahmanberia. A water-rate for the supply of filtered water was for the first time levied at Berhampore. Fees under Part IX of the Bengal Municipal Act for the cleansing of private prives were also levied for the first time at Muzaffarpur and Hazaribagh and in portions of the municipalities of Arambagh,

Rajpur, Garulia and Bhatpara. License-fees under section 261 were also levied for the first time at Samastipur, Netrokona and Muktagachha. Fees under the Hackney Carriage Act were levied for the first time in the Barasat Municipality. At Howrah the fees under section 189 of the Act for the removal of rubbish, which had practically never been realised before, were collected to a considerable extent.

14. *Income and expenditure.*—The following table shows separately for each Division the opening and closing balances, the income and the expenditure of its municipalities during 1898-99 and 1899-1900:—

Name of Division.	Opening balance.		Income during the year.		Total funds available for expenditure.		Total expenditure.		Closing balance.	
	1898-99.	1899-1900.	1898-99.	1899-1900.	1898-99.	1899-1900.	1898-99.	1899-1900.	1898-99.	1899-1900.

Orissa ...	7,580	8,177	1,17,767	1,25,326	1,25,347	1,33,503	1,17,270	1,25,069	8,077	8,434
Chota Nagpur ...	10,252	14,935	97,693	1,11,763	1,07,945	1,26,698	93,010	1,00,404	14,935	26,294
Total ...	4,00,961	4,84,148	38,46,349	42,00,441	42,47,310	46,84,589	37,63,175	40,83,170	4,84,135	6,01,419

15. *Closing balances of Municipalities.*—There was an increase in the aggregate closing balances of the municipalities from Rs. 4,84,135 to Rs. 6,01,419. In several cases funds are being accumulated for schemes of sanitation or other municipal reforms, and in some, money was reserved in hand for probable plague charges. The savings effected in estimated expenditure during the year, and the inability to fully utilise loan funds during the year, also led to the increase of closing balances. In the following cases, among others, no satisfactory explanation has been furnished of the failure of the Commissioners to utilise the funds at their disposal:—

Name of Municipality.	Total income of year.	Closing balance.	Name of Municipality.	Total income of year.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Katwa	9,511	2,077	Ranaghat	13,637	2,056
Dainhat	4,366	1,013	Birnagar	5,652	2,446
Sonamukhi	8,935	2,106	Kandi	10,808	2,884
Ghatal	10,554	2,446	Old Malda	5,237	1,749
Chandrakona ...	7,761	2,334	Jhalda	5,035	1,292
Santipur	36,497	6,080	Ranchi	36,922	5,240
Basirhat	8,206	1,960			

On the other hand, the following municipalities ended the year with practically no closing balance:—

Name of Municipality.	Total income of year.	Closing balance.	Name of Municipality.	Total income of year.	Closing balance.
	Rs.	Rs.		Rs.	Rs.
Bansberia	8,183	163	Kushtia	8,522	79
South Suburban ...	32,218	176	Debhata	2,507	38
Jainagar	7,789	30	Kishanganj	8,908	25
South Barrackpore ...	20,148	1	Jajpur	8,263	115
Bhatpara	7,494	94			

16. The statement in Appendix E shows the details of total income under each head separately for each Division during the years 1898-99 and 1899-1900,

and the following figures give the difference between the receipts of the two years for the whole Province :—

Head of Revenue.	Total receipts, 1899-1900.	Comparison with 1898-99.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
	Rs.	Rs.	Rs.	
1. Municipal rates and taxes—				
(*a*) Tax on houses and lands ...	10,67,666	16,436	...	1·5

(*e*) Deposits	78,037	25,489	...	48·5
Total ...	42,00,441	3,85,002	30,910	
Net increase ...	...	3,54,092	...	9·2

17. Of the total increase in income shown above, the portion derived from taxation, which is a permanent and genuine increase, amounted to Rs. 1,30,893. The increase was shared by all the Divisions, except Bhagalpur, and was largest in the Burdwan Division. It is shown by divisional groups in the following table :—

Year.	Names of Divisions.									
	Burdwan.	Presidency.	Rajshahi.	Dacca.	Chittagong.	Patna.	Bhagalpur.	Orissa.	Chota Nagpur.	Total.
1	2	3	4	5	6	7	8	9	10	11
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1898-99	7,83,653	6,03,938	2,37,410	3,04,274	79,042	4,94,883	2,16,672	85,163	55,511	28,60,545
1899-1900	8,44,359	6,21,611	2,52,069	3,16,480	81,168	5,00,584	2,12,579	91,505	71,083	29,91,428
Increase (+) or decrease (—).	+60,706	+17,673	+14,659	+12,206	+2,126	+5,702	—4,093	+6,342	+15,572	+1,30,893

18. *Tax on houses and lands.*—This tax yielded a revenue of Rs. 10,67,666, which is Rs. 16,436, or 1·5 per cent. in excess of the income during the previous year. The increase was shared by the Burdwan, Rajshahi, Orissa, and Chota Nagpur Divisions, whilst there was a falling off of revenue in the remaining five Divisions. The largest increase occurred in the Burdwan and Rajshahi Divisions of Rs. 16,264 and Rs. 8,868, respectively, whilst the increase

in the other two Divisions although small in amount, represented 18·4 per cent. in Orissa and 21·2 per cent. in the Chota Nagpur Division. The largest falling off occurred in the Bhagalpur Division. Taking individual municipalities, the largest fluctuations occurred in the following:—

Name of Municipality.	Increase.	Name of Municipality.	Decrease.
	Rs.		Rs.
Burdwan ...	5,091	Raniganj ...	1,404
Howrah ...	3,967	South Suburban ...	4,731
Hooghly-Chinsura ...	3,511	Krishnagar ...	4,595
Bhadreswar ...	2,797	Santipur ...	4,524
Cossipore-Chitpur ...	7,085	Dacca ...	1,044
Maniktola ...	2,705	Barisal ...	2,743
Darjeeling ...	7,627	Patna ...	5,529
Darbhanga ...	2,946	Bhagalpur ...	4,278
Puri ...	2,220		

Increase in the demand or improvement in collections account for the increases shown above, while the several decreases are ascribed, in Dinapore to the appearance of plague, and in other towns to laxity in administration. To this, however, Patna is an exception. The decrease in the sum collected is due, not to any falling off in the standard of collections, but to the diminution of the outstanding arrear demand. In the year under review the total collections exceeded the current demand and the arrear balance was still further reduced. This result is extremely creditable to the municipality, the more so since the number of rate-payers which it contains very greatly exceeds that in any mufassal town in the province.

19. *Tax on animals and vehicles.*—The aggregate receipts rose from Rs. 2,09,129 in 1898-99 to Rs. 2,25,697, showing an improvement of Rs. 16,568, or 7·9 per cent. The increase was shared by all the Divisions, except Rajshahi and Bhagalpur, where there was a small falling off of Rs. 608 and Rs. 56 respectively. The largest increase occurred in the Patna and Burdwan Divisions, and amounted to Rs. 7,417 and Rs 5,115, respectively. Large increases are returned by the municipalities of Howrah Rs. (4,017), Jessore (Rs. 1,541, against a total revenue of Rs. 780 in 1898-99), Patna (Rs. 1,361), Chapra (Rs. 1,424), and Darbhanga (Rs. 1,227). At Howrah the increase was apparent only, being due to the share of the income from this source due from the Corporation of Calcutta for the second half-year of 1898-99 having been credited during the year. At Jessore, as in the other two towns the increase was the reasult of better collections. It is noteworthy that the revenue from this source of the small muncipality of Baraset in the Presidency Division, which amounted to Rs. 5,317, was the largest in the whole Division.

20. *Tax on professions and trades.*—The revenue of Rs. 50,431 shows a small improvement of Rs. 1,576, or 3·2 per cent. The largest increase of Rs. 3,702 occurred in the Patna Division, and was contributed by the Patna Municipality, where the increase of Rs.. 1,392 was due to more efficient administration. The income fell off in the Burdwan and Presidency Divisions, the two Divisions in which an increase would naturally be looked for. With a view to improve collections under this head, the Commissioners of the Howrah Municipality propose to open a demand register for these fees and thus to place a check on the license officer. As is remarked by the Commissioner, such a register is an obvious necessity, and should be opened in other municipalities where it is not kept at present. Bad trade in some places and laxity of supervision in others were responsible for the falling off of income in the Burdwan and Presidency Divisions.

21. *Tolls on roads and at ferries.*—Tolls are nowhere levied on any roads in Bengal, nor do the municipalities in the Chota Nagpur Division derive any income from ferries. The revenue fell from Rs. 1,49,066 to Rs. 1,31,275, *i.e.*, by Rs. 17,791, or 11·9 per cent. The receipts rose only in the Dacca Division, and were almost stationary in the Presidency and Chittagong Divisions. There was a reduction in the remaining Divisions, the largest decline of Rs. 9,011, and Rs. 5,283 occurring in the Patna and Bhagalpur Divisions. The Municipal Commissioners of Patna remitted a sum of Rs. 3,333 on account of ferry rents to compensate the lessee for the loss of income on the occasion of the Sonepore Fair due to the appearance of the plague. Arrears to the amount of Rs. 5,465 were realised by the Commissioners in the previous year, which accounts for the comparative decline in the present year. The decrease in the Bhagalpur Division was shared by the municipalities of Monghyr (Rs. 1,450) and Bhagalpur (Rs. 3,833). In the former the decrease was due to default on the part of a farmer, and in the latter to the deposit of earnest money on account of a ferry having been wrongly credited to the ferry accounts in January 1898. In the Burdwan Division the bulk of the decrease occurred at Burdwan, owing to the settlement of the ferries at a smaller rent during the year. The increase in the Dacca Division occurred mainly in the Dacca Municipality, where it was due to the realization of arrears.

22. *Water-rate.*—This rate is levied in nine towns where water-works have been installed, against eight in the previous year. At Dacca the Commissioners levy no rate for the water supplied. Deducting Rs. 7,971, the receipts accruing to the Berhampore Municipality for the first time, the revenues in the remaining eight towns show an increase of Rs. 18,325, the receipts in them having risen from Rs. 2,00,614 to Rs. 2,18,939. The increase was shared mainly by the municipalities of Howrah (Rs. 5,986), Burdwan (Rs. 3,728), Cossipore-Chitpur (Rs. 4,214), and Bhagalpur (Rs. 5,710). The levy of an increased rate and adoption of coercive measures led to the improvement in the collections at these places. At Darjeeling the receipts declined by Rs. 3,447, owing to the reduction of the rate from $3\frac{1}{4}$ to $2\frac{3}{4}$ per cent. on the annual value of holdings, and also to the suspension of the collection of the rate after the disastrous cyclone and landslips of 24th September 1899.

23. *Lighting-rate.*—This rate is levied only in the municipalities of Howrah and Darjeeling. In the former the receipts declined from Rs. 45,112 to Rs. 44,789, whilst in the latter they rose from Rs. 9,241 to Rs. 15,499. The decline at Howrah was due to a uniform rate of 3 per cent. being levied throughout the municipality in lieu of the $3\frac{1}{2}$ per cent. rate which was hitherto in force in some portions of it. At Darjeeling the rate, which was raised from 2 to $2\frac{1}{2}$ per cent., was levied throughout the year, whilst in 1898-99 the rate was only in force for a portion of the year.

24. *Conservancy, including scavenging and latrine rates.*—The income under this head rose from Rs. 5,72,283 to Rs. 6,41,510, resulting in the large advance of Rs. 69,227, or 10·7 per cent., on the receipts of the previous year. Large increases have accrued every year, and the total revenue, which stood at Rs. 4,50,747 in 1894-95, has risen by Rs. 1,90,763 in five years, or Rs. 38,152 a year on the average. The imposition of a latrine-tax is generally recognised as the most suitable means of raising the revenue necessary for an efficient system of conservancy in municipalities where the revenue from other sources does not suffice to meet all requirements. Taking municipalities separately, the largest increase occurred in the towns named in the margin.

	Rs.		Rs.
Howrah ...	18,518	Titagarh ...	2,226
Burdwan ...	2,316	Darjeeling ...	3,676
Cossipore-Chitpur ...	2,481	Barisal ...	2,594
South Barrackpur ...	3,016	Purulia ...	3,906

Several municipalities continued their efforts towards making their trenching-grounds a source of income, but on the whole with very little success.

25. *Tax on persons according to their circumstances and property.*—The total revenue rose from Rs. 5,51,196 in 1898-99 to Rs. 5,66,699, resulting in an increase of Rs. 15,503, or 2·8 per cent. The increase was shared by all the Divisions, except the Presidency and Patna, and was largest in the Burdwan Division (Rs. 4,395) and in Chota Nagpur (Rs. 5,134). There was a decline

of Rs. 3,731 in the Presidency Division. The following municipalities show the largest variation in the yield of the tax:—

Name of Municipality.	Income during 1898-99.	Increase.
	Rs.	Rs.
Sonamukhi ..	3,387	1,653
Nadia ...	3,668	1,691
Netrokona ...	2,698	2,097
Darbhanga ...	18,175	2,940
Cuttack ...	13,088	1,772
Purulia ...	5,453	2,859

	Rs.	Rs.
Rajpur ...	5,805	1,484
Bettiah ...	12,592	1,774

26. Taking the rate on holdings and the tax on persons together, the total receipts rose during the year from Rs. 16,02,426 to Rs. 16,34,365.

27. *Grants from Provincial and Local Funds.*—The contributions received by municipalities from Provincial and Local Funds and from the sources shown in detail in Appendix L, rose from Rs. 1,35,409 to Rs. 2,47,292, the increase occurring in the contributions under all three heads "Medical," "Education" and "Other purposes." The contributions are classified as follow:—

Purpose for which made.	Provincial funds.	District Funds.	Other funds and public charity.	Total.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
Medical	16,042	49,426	66,220	1,31,688
Education	3,009	537	1,844	5,390
Other purposes	78,909	9,482	21,823	1,10,214
Total ...	97,960	59,445	89,887	2,47,292

28. *Gifts of money or land and works of public utility executed by private individuals.*—Besides the contributions included in the statement above, the following instances of private liberality deserve mention:—The Burdwan Raj Estate continued to confer a great boon on the people of the town and district of Burdwan by the maintenance of a charitable hospital and dispensary and almshouse, about 10 miles of metalled road, a second class free college, and a free collegiate school, a Sanskrit tol and a free girls' school. It also entirely maintained the charitable dispensary in Kalna. The East Indian Railway Company supplied two hydrants for the supply of drinking water to the people of the Asansol Bazar. Babus Satya Kripal and Satya Bhupal Banerjee, sons and executors to the estate of the late Babu Satya Doyal Banerjee of Telinipara, paid Rs. 500 to the Bhadreswar Municipality for the metalling of the Shibtolla ghât road, on condition that its name should be changed to that of their late father. Rai Hari Charan Chaudhuri, Rai Bahadur, contributed Rs. 1,050 towards the construction of buildings for the Hospital and Dispensary at Khulna and also paid Rs. 5,000 for investment in Government securities, the interest accruing from which is to be hypothecated to the maintenance of the indoor patients of the hospital. Rupees 9,433 in all were collected from private subscriptions and donations for the buildings of the hospital, out of which Maharaja Durga Charan Law, C.I.E., paid Rs. 1,000, Kumar Munmatha Nath Mitra Rs. 1,000, Babus Girija Nath Rai Chaudhuri and Satyendra Nath Rai Chaudhuri Rs. 600, and Babus Dakhina Mohan Rai, Barada Prosad Rai Chaudhuri, and Priya Nath Das and Srimati Kamal Kumari Chaudhurani paid Rs. 500 each. The Baranagore Jute Factory Company have provided two electric lights which

are a great convenience to the people. Srimati Swarnamani Dasi, of Calcutta, has constructed a public ghât on the river Hooghly at Dakhineshwar, and has made it over to the Kamarhati Municipality. Babu Nabin Chand Ghosh, the late Chairman of the Rajpur Municipality, has caused a building to be constructed at a cost of Rs. 2,000 on the bank of the Maraganga (the old bed of the Ganges) and has thrown it open to the public for use as a *Gangajatri ghât*, or resting place for moribund persons who come to the river to die. Babu Devendra Nath Ghosh has relieved the same municipality of the charges of maintaining a road, and has put up five street lights. In Titaghar, the Khardah Company continued to supply filtered water to the public, for whom they have set up five hydrants outside their mills. The Titaghar Jute Mill Company have put up two additional hydrants for the same purpose. The Kankinara Jute Mills and the Imperial Paper Mills have each put up four hydrants outside the mill premises, from which about 20,000 gallons of filtered water are given away to the public of Bhatpara. The Anglo-Indian Jute Mills of Kankinara and the Alliance Jute Mills of Jaggaddal have respectively constructed 2,630 and 500 square feet of masonry drain at a cost of Rs. 1,000 and Rs. 300. Babu Rup Das Mukerji, one of the Municipal Commissioners of Bhatpara, has constructed a public bathing ghât and a *chandney* on the river bank at Bhatpara at a cost of Rs. 5,000. Babu Radha Nath Bagchi gave Rs. 500 to the Santipur Municipality for the construction of a water reservior and for the improvement of the local municipal school. Besides his usual subscription of Rs. 20 a month to the Murshidabad Dispensary, the Nawab Bahadur continued to pay a monthly contribution of Rs. 50 for the entertainment of a lady doctor in permanent commemoration of Her Majesty's Jubilee. He also paid a donation of Rs. 200 for the purchase of surgical instruments for the dispensary. Her Highness Nawab Shamsi-Jahan Begam Saheba, C.I., paid out of her promised contribution for the construction of a ward for infectious diseases in connection with the hospital Rs. 250 in addition to Rs. 750 paid in previous years. The Maharaja of Dinajpur granted a piece of land, together with the materials of an old building standing thereon, for the purpose of constructing the local Municipal Office. In the municipality of Bogra the public library building, which was destroyed by the earthquake of 1897, was rebuilt at a cost of Rs. 4,812, of which Nawab Syed Abdus Sobhan Chaudhury contributed Rs. 3,665. The Thompson Hall at Bogra, which was also very badly damaged by the earthquake, was repaired at a cost of Rs. 1,808, paid by Babu Radha Raman Munshi of Sherpur, at whose cost the building was originally built. Rupees 626 was contributed by the Bengali merchants and other gentlemen of Sirajganj for the construction of the local dispensary building. In the Gaya Municipality a donation of Rs. 4,000 was made by the nine annas Tikari Raj towards the construction of a new operating room in the Pilgrim hospital. Messrs. Burrows, Thomson, and Mylne contributed a sum of Rs. 1,084 towards the expenses of the Jagadispur Dispensary and maintained a middle class English school at a cost of Rs. 674. In the Motihari Municipality, Babu Bishun Perkash Narain Singh, zamindar of Madhuban, made a contribution of Rs. 500 for the construction of the Motihari Municipal school building, which collapsed in the floods of 1898. In the Darbhanga Municipality, Rai Ganga Pershad Singh Bahadur made a contribution of Rs. 1,654 towards the cost of surgical instruments for the Bunwari Lall Hospital. The Narhan Estate made a grant of Rs. 500 for the improvement of the charitable dispensary at Samastipur. Contributions aggregating Rs. 2,684 were received by the Patna Municipality during the year from several rate-payers towards the construction of drains, and the Commissioner remarks that it is gratifying to notice that this principle of contribution towards local improvements is increasing amongst the people of Patna.

EXPENDITURE.

29. The total expenditure in the municipalities in the Province (excluding Calcutta) amounted during the year to Rs. 40,83,170, against Rs. 37,63,175 in 1898-99, being an increase of Rs. 3,19,995. The year closed with a balance of Rs. 6,01,419, against Rs. 4,84,135 in the preceding year. The statement in Appendix F shows the percentage which the expenditure in each municipality under each of the principal heads bears to the total outlay

(excluding debt and suspense heads). For the whole Province the percentages for the past five years are as follow :—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1895-96 ...	8·7	4·4	25·9	3·9	23·3	7·9	·51	13·1	3·5
1896-97 ...	9·8	4·7	15·5	3·4	26·6	9·5	·56	16·1	3·8
1897-98 ...	10·4	7·2	7·4	3·2	30·3	9·7	·57	17·1	3 7
1898-99 ...	10·6	4·4	5·9	3·4	31·7	10·5	·5	16·3	3·4
1899-1900 ...	10·4	5·8	6·5	3·5	29·5	10·5	·5	18·3	3·4

The large variations in the figures of each year are accounted for by the fact that capital expenditure is included in them. The cost, for instance, of a large scheme of water-supply in any one town disturbs the general average considerably.

30. The following statement shows the expenditure of 1899-1900 under the main heads, and also shows how these totals have varied from those of the previous year:—

Heads of Expenditure.	Total expenditure in 1899-1900.	Comparison with 1898-99.

31. *Office and Collection Establishment.*—The total expenditure on office establishment shows an increase of Rs. 4,226, and that on collection establishment of Rs. 6,548. There has been a steady growth of expenditure under this heading during the past five years, but it is evident from the Commissioners' reports that this item is carefully scrutinised by them in passing the budgets of municipalities. The Commissioner of the Presidency Division reports that there is a tendency in some of the "advanced" municipalities to create new appointments or to raise the pay of their servants, in anticipation of sanction to budget provision and in disregard of orders disallowing the budget provisions or prohibiting such irregular and unauthorised expenditure, and that, to check this tendency, the Commissioner found it necessary in the case of one municipality to pass an order, under the new rule 52A. of the Municipal Account Rules, directing the audit in the Magistrate's office of the municipal establishment bills with reference to the sanctioned scale before payment of the bills. The Commissioner further reports that, with a view to obviate inconsistencies and great variations in expenditure under these two heads, attempts are being made gradually to introduce a fixed and proportionate scale of expenditure on office and collection establishments with permission to the Municipal Commissioners to settle details within those limits.

32. *Prevention of fire.*—The expenditure under this head rose from Rs. 18,822 to Rs. 20,982, and almost the entire amount of the charge was incurred in the municipalities which are served by the Metropolitan Fire Brigade and contribute to its cost, viz., Howrah (Rs. 4,358), Cossipore-Chitpur (Rs. 13,016), Maniktala (Rs. 699), and Garden Reach (Rs. 350). Outside these, the only expenditure of any amount was incurred by the Serampore Municipality, viz., Rs. 1,186 on the purchase of a fire-engine.

33. *Street-lighting.*—The expenditure under this head rose from Rs. 1,53,170 to Rs. 2,13,611, showing an increase of Rs. 60,441, or 39·4 per cent., which was shared by all the Divisions except Chittagong, where the expenditure shows a small decline of Rs. 137. The increase was largest in the Burdwan Division, where the expenditure rose from Rs. 25,004 to Rs. 69,198. This, however, is mainly accounted for by the payment of arrear bills by the municipality of

Howrah. The next largest increase occurred in the Rajshahi Division of Rs. 9,059, out of which Rs. 6,854 occurred at Darjeeling alone, due to an increase in the working expenses of the electric-light installation in that town, and to the cost of repairs to the installations which were damaged by the cyclone and landslips of 24th September 1899. Sixteen municipalities spent nothing on this service, against 17 in the previous year.

34. *Water-supply.*—Under this head the total expenditure rose from Rs. 2,01,387 to Rs. 2,40,507, showing an increase of Rs. 39,120, or 19·4 per cent. over the expenditure in the previous year. The increase was shared by six Divisions, of which Burdwan and Rajshahi return the largest figures, viz., Rs. 19,011 and Rs. 16,999. In the former Division the municipality of Howrah incurred an increased expenditure of Rs. 16,692 on the extension of the water-supply to 20 lanes not served before, in which 36 additional stand-pipes have been supplied. There was an increase of Rs. 2,073 at Burdwan, due to the payment of arrear bills for the supply of coal. Darjeeling shows an increase of Rs. 21,195, due to special repairs to the pipe lines, which were considerably damaged by the cyclone of 24th September 1899, and also to an increase on ordinary repairs and establishments. The question of improving and extending the water-supply of the town has been settled, and the Commissioners have already commenced the requisite works by means of a loan from Government. The supply of water will be raised, when the works now under construction are completed, to 276,000 gallons a day. The Pasteur-Chamberland filter installed in the town has been removed by the contractors, owing to the failure of the works to fulfil the terms of the contract. At Cossipore-Chitpur the whole area is now supplied with filtered water. The total length of the pipes laid is 85,743 running feet, and there are altogether 110 double-mouthed and seven single-mouthed stand-pipes placed at convenient distances. At Maniktola a further length of 4,077 feet of pipes was laid and 13 new hydrants were erected during the year. A scheme was worked out during the year to lay pipes along six miles of roads within the populous quarter of the South Suburban Municipality with 25 hydrants at convenient distances. The scheme was sanctioned by Government after the close of the year. At Garden Reach the scheme for providing filtered water to the people of the populous portion of the town is still under the consideration of a Sub-Committee appointed by the Municipal Commissioners. At Baraset a Larymore boiler, set up at a cost of Rs. 521, is said to be giving excellent water to the people of the town. The Municipal Commissioners are taking steps to acquire and improve a tank in each ward by means of a loan from Government. At Berhampore the new water-works were opened during the year. At Rajpur two tanks have been excavated at a cost of Rs. 4,750. At Rampur Boalia almost all the tanks were flushed with river-water during the flood season. The Chairman reports that during the hot weather, when a big *chur* formed in the river leaving a stagnant channel below the town, the water of which was not fit for drinking purposes, water from the flowing stream was fetched by boats and supplied to the public at a nominal cost; but very few persons availed themselves of this supply of river-water, preferring to drink the foul tank water, for which they had to pay nothing. The water-supply of this town is very bad, and is, in the opinion of the Civil Surgeon, responsible for the recurring epidemics of cholera. The Commissioners are considering a scheme for improving the water-supply. The Municipal Commissioners of Gaya have still before them a comprehensive scheme for a supply of filtered water, which, however, cannot be carried out for want of funds. The question of water-supply at Bhagalpur has recently been much complicated by the shifting of the stream of the Ganges, and water is now drawn from a stream in which the supply is insufficient and the quality very inferior. It was proposed that a series of wells should be sunk in the *chur* near the intake, and that they should be covered over with brick domes, so as to furnish a continuous supply of naturally-filtered water at all times of the year. Government sanctioned a grant of Rs. 10,000 from the Provincial revenues for the purpose, and offered to sanction a loan of Rs. 15,000; but the municipality has so far sunk only one well, and the remainder of the scheme is in abeyance. To make the difficulty worse, the management of the works themselves has been very inefficient. A new Superintendent, however, has recently been appointed, under whom an improvement is reported to have commenced.

Considerable activity was displayed during the year in several municipalities in excavating tanks and sinking wells and tube-wells, in improving existing tanks and wells, and specially reserving selected tanks and wells for drinking and culinary purposes.

The statement in Appendix M shows the statistics of sources of water-supply available in each municipality and of the quality and quantity of the supply.

35. *Drainage.*—The total expenditure rose from Rs. 1,16,987 to Rs. 1,31,292, showing an increase of Rs. 14,305, or 12·2 per cent. over the expenditure of the previous year. An increase of Rs. 17,533 occurred under maintenance charges, whilst capital expenditure declined by Rs. 3,228. The largest increase occurred in the Patna Division (Rs. 10,176) and in Burdwan (Rs. 6,736), whilst the expenditure shows a falling off in the Bhagalpur Division of Rs. 3,928. The following municipalities show the largest fluctuations in the expenditure under this head:—

Name of Municipality.	Increase. Rs.	Name of Municipality.	Decrease. Rs.
Serampore	... 1,503	Cossipore-Chitpur	... 2,638
Baidyabati	... 3,523*	Maniktala	... 2,363
Berhampore	... 2,579	Rampur Boalia	... 1,554
Darjeeling	... 1,932	Jamalpur (Monghyr)	... 4,663
Patna	... 7,317		
Muzaffarpur	... 1,853		

* Against the total expenditure of Rs. 36 in 1898-99.

A comprehensive scheme for the drainage of the Howrah Municipality is under preparation by the Municipal Engineer. The present state of the road-side drains is reported to be very unsatisfactory. At Patna nine new drains were constructed during the year, and several old drains were remodelled and linked up. A large well was sunk and a reservoir constructed for flushing a large, underground drain and other drains connected with it. The great improvements which have been made in the sanitary condition of Patna under the present regime have, it is satisfactory to observe, been maintained and continued during the year under review. Four years ago the condition of the town was such that local opinion demanded a special Commission on it. The city is now reported by the Sanitary Commissioner to be in process of becoming one of the cleanest and healthiest municipalities in India. At Muzaffarpur the increased expenditure was incurred on the construction and repair of drainage channels. At Monghyr the Commissioners have taken steps to improve the roadside drains in two of the most important wards by means of a loan of Rs. 10,000 from Government and the sum of Rs. 18,280 raised by subscription. The work in one ward has commenced, and the scheme for the other ward is under the consideration of the Sanitary Board.

36. *Conservancy* (*including road-cleaning and watering and latrines*).—The total charges on this account amounted to Rs. 10,86,791, a figure practically the same as that of the previous year. The statistics given in Appendix F show that the expenditure on this, the most important item of municipal expenditure, varied from 62·6 per cent. of the total expenditure during the year at Bhatpara to 4·2 per cent. at Taki. Amongst other towns with high percentages of expenditure on this item may be mentioned Titagarh (58·4), Garulia (51·7), Noakhali (49·3), Naihati (49·2), and Hooghly and Chinsura (48·68); whilst, on the other hand, comparatively small expenditure was incurred in the municipalities of Jessore (20·5), Khulna (17·0), Rampur Boalia (21·2), Darbhanga (16·4), Motihari (17·7), and Bhagalpur (17·79), all of which form the head-quarters of districts. It is curious to note how the percentage of expenditure varies in municipalities similarly circumstanced, such as Jhalakati and Pirojpur in the Backerganj district, where, with the same amount of income during the year, the percentages were 40·7 and 25·5, respectively. As regards large towns, however, which from time to time incur large capital expenditure on drainage or water-works schemes, comparative percentage figures are naturally subject to considerable fluctuations. There was a nominal decline at Patna, owing to the fact that in 1898-99 the municipality had to undertake the construction of plague sheds, and to pay contribution to Government for plague

precautions, the charges for which were included under this head. There was no such expenditure during the year under review. Similarly, in the Gaya Municipality the expenditure in 1898-99 was abnormally high, owing to the purchase of a large quantity of tramway materials for the introduction of Part IX. Large variations occurred also in the following municipalities:—

Name of Municipality.	Increase.	Name of Municipality.	Decrease.
	Rs.		Rs.
Muzaffarpur	9,090	Darbhanga	6,326
Burdwan	4,348	Howrah	4,725
Titagarh	3,047	Serampore	2,700
South Barrackpore	2,478	Baidyabati	2,186
Garden Reach	2,106		

At Burdwan the increase was due partly to the payment of charges incurred in the previous year, and partly to increased expenditure incurred during the year. The increase at Titagarh was due to the excavation of two tanks on the trenching-ground, and the employment of additional establishment. Increased establishment and the construction of a public latrine account for the increase at South Barrackpore. At Garden Reach the increase was chiefly on account of the sinking of six wells for road-watering. The decline at Howrah and Darbhanga is only apparent, being due to the wrong classification in 1898-99 of certain charges under this head, which have been shown under the proper head in 1899-1900. No explanation has been given of the reduction at Serampore, whilst that at Baidyabati was due to the unsatisfactory ground of the reduction of the conservancy staff. It is reported that coke-breeze filters are working satisfactorily at Dacca, Narayanganj and Nasirabad.

Since the close of the year the Sanitary Board have published a report on the results of the experiments carried on by the Sanitary Engineer in the septic tank treatment of sewage. Further experiments have been directed by Government, and in the meantime municipal authorities have been advised to proceed cautiously in introducing the system.

37. *Hospitals and Dispensaries.*—The expenditure under this head amounted to Rs. 3,89,172, an increase of Rs. 28,516 on the previous year. The actual expenditure from municipal revenues was Rs. 2,50,165, showing an increase almost precisely equal to that in the contributions made to municipalities for medical purposes. The most important undertaking of the year was at Khulna, where a new hospital was constructed by the municipality with the aid of a contribution from Government and liberal private subscriptions. This undertaking affords a gratifying example of what can be effected by well-directed public spirit. In Darbhanga the outdoor dispensary was converted into an indoor hospital, causing a rise in expenditure of Rs. 5,513, and extensions and improvements were made in the dispensary at Burdwan. On the whole, it appears that municipalities contribute to this purpose as liberally as their resources will permit. Complaints, however, occur in the reports of the unwillingness of private individuals to subscribe to the support of institutions under the management of municipalities. The liberality of the public is conspicuous on special occasions, as in Khulna during the year under review, when funds are required for a tangible object, such as the construction of a new building; but interest in medical institutions has been found almost invariably to flag when it comes to keeping up a regular flow of subscriptions for the maintenance of a municipal dispensary. This fact was specially brought to the notice of Government during the year, and instructions were issued with a view to ensuring that the contributions of municipalities to dispensaries should be fixed for definite periods, that unofficial managing Committees should exercise more direct control over management and be given a greater interest than they at present have in obtaining subscriptions by the certainty of being able to devote the whole amount collected, in addition to the municipal contribution, to the improvement of their dispensaries. These instructions will, it is hoped, have a good effect in increasing private contributions. Their issue has been too recent for much result to be shown during the year under review.

38. *Vaccination.*—The statement in Appendix H gives full information in regard to vaccination. There were 202 vaccinators employed at a cost

of Rs. 19,902, and these performed 98,664 operations, of which 83,224 were primary, and 15,440 were revaccinations; of the total operations, 88·9 per cent. are reported to have been successful, against 87·4 in the previous year. Each operator vaccinated on an average 488 persons, the average cost of each operation being 3 annas 7 pies. The proportion of persons primarily vaccinated exceeded 5 per cent. of the total population in the seven towns named in the margin.

39. *Public Works.*—The expenditure on Public Works rose from Rs. 5,59,030 to Rs. 6,73,847 during the year. The following table compares the expenditure under the several sub-heads during the two years :—

Years.	Establishment.	Buildings.	Roads.	Stores.	Total.
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.	Rs.
1898-99 ...	77,279	41,958	4,23,762	16,031	5,59,030
1899-1900 ...	81,474	54,125	5,33,217	5,031	6,73,847
Increase (+) or decrease (−)...	+4,195	+12,167	+1,09,455	−11,000	+1,14,817

40. *Public Instruction.*—The total expenditure under this head, as shown in Form III, was Rs. 1,26,483 against Rs. 1,26,874 in the preceding year.

The total expenditure on primary education, the details of which are given in Appendix I, amounted to Rs. 68,388 against Rs. 65,576 in 1898-99. The following table compares the expenditure on primary education, Division by Division, during the last two years, with the standard, as shown in column 2, which has been fixed as a reasonable average :—

Name of Division.	Cost of teaching half the boys of a school-going age in the municipalities in each Division at 10 annas per head.	Total expenditure on primary education.		Variation between the figures in columns 2 and 4.	Variation between the figures in columns 3 and 4.	Ratio of expenditure on primary education to total ordinary income.	
		1898-99.	1899-1900.			1898-99.	1899-1900.
1	2	3	4	5	6	7	8
	Rs.	Rs.	Rs.	Rs.	Rs.		
Burdwan ...	12,321	11,662	14,161	+1,780	+2,439	1·3	2·4
Presidency ...	14,084	14,027	13,618	−466	−409	2·7	2·6
Rajshahi ...	3,610	5,838	6,162	+2,552	+324	3·1	2·6
Dacca ...	6,752	5,599	6,283	−469	+684	2·2	2·5
Chittagong ...	2,009	2,437	2,337	+328	−100	2·3	2·2
Patna ...	18,975	15,406	15,145	−3,830	−261	3·2	2·9
Bhagalpur ...	5,293	5,194	5,141	−152	−53	2·1	2·8
Orissa ...	3,098	3,490	3,485	+387	−5	4·4	3·7
Chota Nagpur ...	2,174	1,923	2,116	−58	+193	2·7	3·0
Total ...	68,316	65,576	68,388	+72	+2,812	2·6	2·7

It will be observed that on the whole the expenditure has almost exactly coincided with the standard, which however is based on the figures of the last census, and is therefore probably lower than will be shown in future reports.

41. *Loans.*—The table in Appendix K shows the loan transactions of municipalities during the year. The new loans raised and the purposes for which they were obtained are shown in the margin. At Darjeeling the Commissioners received an instalment of Rs. 23,000 out of the total loan of Rs. 1,20,000 for the electric light installation. This municipality also obtained an instalment of

Name of Municipality.	Amount of loan.	Purpose.
	Rs.	
Howrah ...	... 50,000	Water-supply.
Baraset ...	... 5,000	Ditto.
Rangpur ...	... 10,000	Drainage.
Darjeeling ...	... 2,00,000	Water-supply, &c.
Monghyr ...	... 10,000	Drainage.
Jamalpur ...	... 3,600	
Total	... 2,78,600	

Rs. 50,000 out of the loan of Rs. 2,00,000 sanctioned for the improvement and extension of the water-supply. The Baraset Municipality also received the first instalment of Rs. 2,500 out of the loan of Rs. 5,000 for water-supply. The Jamalpur Municipality received Rs. 3,600 for improving the drains in the bazar. The total loan liabilities of municipalities at the close of the year amounted to Rs. 30,58,883.

42. *Financial condition of municipalities in debt to Government.*—The statement in Appendix N shows the financial condition of municipalities which were in debt to Government during the past year. The list contains the names of 34 municipalities. All of these paid the interest and sinking fund instalments due from them in full during the year, and, as the figures show, there is no danger that any of them will in future be unable to do so. In the fourteen municipalities named in the margin the ordinary income of the year fell short of the ordinary expenditure and the loan charges together. This however is due either to a reasonable use being made of the balances in hand at the opening of the year, or to failure to collect the full revenue of the municipality, which, if realised would have given a surplus over all charges. With the exception of Howrah and Bhagalpur the financial condition of all these municipalities is satisfactory; and an improvement in administration would put the finances of these towns also on a sound basis.

Name of Municipality.		Deficit.	Percentage of total collections on total demands on account of rates and taxes.	Closing balance.
		Rs.		Rs.
Howrah	...	22,138	60·8	20,978
Rajpur	...	806	78·8	693
Krishnagar	...	5,751	89·4	26,865
Meherpur	...	430	98·5	336

Rampur Boalia	...	3,554	71·3	2,084
Serajganj	...	3,176	87·3	877
Narainganj	...	5,177	99·4	15,368
Nasirabad	...	218	94·0	5,423
Chittagong	...	3,293	68·2	1,580
Patna	...	10,374	91·7	2,896
Gaya	...	2,618	99·8	15,517
Jamalpur	...	1,742	93·3	3,567
Bhagalpur	...	2,149	69·9	64

43. *Audit of Accounts, and embezzlements.*—A large number of cases of embezzlement was brought to notice again during the past year, most of which were facilitated by laxity of supervision of the collection establishment. The defalcations occurred in the municipalities of Kotrang, Maniktala, Nator, Darjeeling, Nalchitti, Patna, Kishenganj, Lohardaga and Daltonganj. The list is longer than it should be, and it is necessary that Chairmen and Vice-Chairmen of municipalities should pay greater regard to the Municipal Account Rules than they appear to do at present.

44. *Working of the Porters and Dandiwallas' Act.*—The Act is in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during the year was 653, against 750 in the previous year. There were 25 prosecutions under the Act, against 22 in 1898-99, and the amount of fines realised was Rs. 38. No license was cancelled during the year. The law continued to be carefully worked, and a close supervision is exercised over the porters and *dandiwallas*.

45. *General working of the Bengal Municipal Act, 1884, during the year.*—Mr. C. J. S. Faulder, Officiating Commissioner of the Burdwan Division, makes the following remarks on the subject—remarks which, the Lieutenant-Governor regrets to observe, corroborate the opinions of his predecessor:—

"As Magistrate of Midnapore I had always been able to report very favourably upon the progress of municipal institutions. I there found the small municipalities very well managed and the big town of Midnapore very fairly so. On coming to Chinsura as Commissioner, I have been very disappointed at the contrast afforded by the big municipalities which lie along the East Indian Railway to those which I had known at Midnapore. My Midnapore experience was entirely confirmed by what I found to be the state of affairs in the municipalities of other out-of-the-way parts of the Division, those of the Bankura and Birbhum districts and the remote parts of Burdwan and Hooghly; but the backwardness and inefficiency of almost all of the more important municipalities in close touch with Calcutta has been an unpleasant surprise. The chief cause of their failure appears to be the prevalence and malignity of party spirit among the classes which compete for election; the parties being divided upon purely personal lines rather than by any divergences of principle or policy, their emulation is not of a healthy kind or beneficial to municipal progress."

46. Mr. W. C. Macpherson, Officiating Commissioner of the Presidency Division, writes:—

"The most satisfactory feature in the municipal administration of the Division is the improvement in the collections, which is, I have no doubt, largely due to the Hon'ble Mr. Buckland's vigilant inspections and admonitions. The record of work done shows solid progress, though much yet remains to be done in all the municipalities."

47. The following are the comments of Mr. H. Savage, Commissioner of the Dacca Division:—

"Narayanganj continues to be a model of what a municipality in Eastern Bengal can and should be. Barisal and Faridpur are its nearest rivals in excellence. Dacca and Nasirabad are both improving, and in nearly all of the other and smaller municipalities as much has been done as can fairly be expected under existing circumstances."

48. Mr. R. S. Greenshields, Officiating Commissioner of Chittagong, who has only recently joined the Division, observes that the town of Chittagong appears to be well kept, but that it is said that fever has become more prevalent since the cyclone of 1897.

49. Mr. L. Hare, C.I.E., Officiating Commissioner of the Patna Division, observes:—

"On the whole the year was one of moderate progress and improvement in several branches of municipal administration. The improvement in the management of the Patna and Darbhanga Municipalities has been marked, as already noticed. The non-official Chairman of the Arrah Municipality, Babu Chaturbhuj Sahai, continued to work well. He has been re-elected as Chairman since the close of the year. I myself joined this Division only in March, and have only had an opportunity of seeing Patna and Barh Municipalities. In Patna I have been well satisfied with the business-like way in which work is done, and many improvements have been and are being carried out. Barh is a most difficult town to deal with, and I do not feel very hopeful about it."

50. The following are the comments of Mr. H. C. Williams, Commissioner of the Bhagalpur Division:—

"I consider that, on the whole, the year has been one of steady progress. In most municipalities both Chairmen, Vice-Chairmen and Commissioners have taken considerable interest in their work, and some have devoted a great deal of time to what is often a thankless task. Some of the most prominent features of the work of 1898-99 have been improved, especially the low proportion of rate-payers in Bhagalpur. I would bring especially to the notice of Government the work done by the following gentlemen:—Babu Shiva Nandan Prosad Singh, Vice-Chairman, Monghyr Municipality; Babu Kirti Chandra Chatterji, Chairman, Bhagalpur Municipality; Mr. A. W. Rendell, Chairman, Jamalpur Municipality; Babu J. N. Mukherji, Vice-Chairman, Purnea Municipality; Babu Nilmani Ghattak, Chairman, English Bazar Municipality; Babu Hari Charan Ganguli, Chairman, Colgong Municipality; Babu Poshupati Bose, Vice-Chairman, Sahibganj Municipality.

51. Mr. E. B. Harris, Commissioner of the Orissa Division, is of opinion that the general working of the Municipal Act in that Division was satisfactory. As regards the Puri Municipality, he observes that the town is undoubtedly in a very insanitary condition, as reported by the Sanitary Commissioner and the Inspector-General of Civil Hospitals; that the expenditure incurred by the municipality on account of the influx of pilgrims is large, and that it is hardly possible that proper sanitary precautions can be taken unless the sanitation of the town is undertaken by Government.

52. Mr. A. Forbes, C.S.I., Commissioner of the Chota Nagpur Division, concludes his report with the following observations:—

"On the whole, there has been a marked improvement in municipal administration throughout the Division during the past year. The percentage of collections on current demand has increased from 73·9 to 83·2 and on the total demand from 69·7 to 77·3, with the result that the total collections have improved from Rs. 97,693 in 1898-99 to Rs. 1,11,763 during the year under review. The extension of Part IX of the Act and the introduction of the system of making collections at the Municipal Office have been progressed with, on the whole, with good results; the only matter in regard to which I am not quite satisfied being the doubtful manner in which the work of revision of assessments has, in some cases, been conducted, owing to the difficulty in obtaining the services of properly-trained assessors for this important duty. . . . . The instructions from this office have always been taken in good part, and properly attended to by the Municipal Commissioners; and I can only repeat what I said two years ago, viz., that the standard amongst Municipal Commissioners in this Division generally as regards interest in their work and their wish to do their duty, appears to me quite up to, if not in advance of, that to be found in any other part of Bengal.

"My special thanks are due to the gentlemen mentioned in the margin for the great personal interest shown by them in their municipal duties and the good and useful work they have each done."

Babu Kalipada Ghose, Vice-Chairman, Ranchi Municipality.
The Revd. F. Hahn, Chairman, Daltonganj Municipality.
Babu Nanda Lal Dey, Vice-Chairman, Chaibassa-Chattra Municipality.
W. B. Thomson, Esq., C.S., Chairman, Chaibassa Municipality.
Dr. A. A. Allison, Vice-Chairman, Chaibassa Municipality.

53. As a whole, the year has been one of improvement. Collections of revenue are decidedly better, and there is some evidence that the repeated admonitions of Government and its supervising officers have had effect in stimulating the energies of Municipal Commissioners in this vital branch of their duties. Assessments are still unequal, and sometimes inadequate, and it is doubtful whether real improvement will ever be effected till municipalities avail themselves more generally of trained professional agency. In almost all other branches of work, good progress has been made. The record of what has been accomplished in Patna is a striking one, and entitles the local authorities to the highest credit. Other towns which have deservedly earned high praise are Narainganj and Tamluk. On the other hand, the administration of the larger towns in Hooghly, Howrah and Burdwan has been the subject of unfavourable comment, which is the more regrettable, because these are inhabited largely by persons from whose education was expected the best and most honourable result. The Lieutenant-Governor trusts that they too will take to heart the example offered by their neighbours, and that the report for current year will record an honest endeavour to raise their standard of administration.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Government of Bengal.

APPENDICES.

APPENDIX A.

Statement showing the date of establishment of each municipality in Bengal, the population within municipal limits, and the actual number of rate-payers in each municipality during the year 1899-1900.

* The cause of discrepancies from the figures of outstanding balance of last year's Statement D, is owing to correction of certain mistakes in the classification, &c.

(a) The actual balance is Rs. 1,552, but in 1898-99 it was shown to be Rs. 1,555.

(b) The difference of Rs. 3 is a mistake.

(b) The actual outstanding balance at credit is Rs. 1,191 at hand as per audit certificate, and Rs. 16 through oversight excess collected and not included in this account.

(c) This does not include Rs. 91 collected on 31st March 1899, but remitted into the treasury in April 1899 and Rs. 3 odd annas excess remittance made in March 1900.

(d) Satisfactory explanation of the difference between this amount and that shown in column 14 of the previous year's Statement D, not given. Called for.

(e) The increase of Rs. 127 is due to clerical error in the outstanding balance of last year.

(f) The increase of Rs. 177 is due to the revision of assessment under head offensive and dangerous trade.

(g) Out of the total collections of Rs. 3,803, Rs. 23 collected on 31st March 1900, but remitted to treasury after the close of the year.

(h) This is correct, as the Magistrate reports, and not the figures of outstanding balance of the previous year's Statement D.

(k) Does not tally with the figure of the previous year. Explanation called for.

APPENDIX H.

Statement showing the result and cost of vaccine operations carried on in each Municipality in the Province during the year 1899-1900.

Serial number of Municipality.	Name of Municipality.	Number of vaccinators employed.	Number vaccinated.							Average number of operations by each vaccinator.	Total number of successful operations (primary and re-vaccinations).	Percentage of successful cases.		Ratio of number primarily vaccinated per cent. of population.	Expenditure.	Average cost of each successful operation.	Remarks.
			Primary vaccination.			Re-vaccination.											
			Males.	Females.	Total.	Males.	Females.	Total.	Total.			Primary.	Re-vaccination.

(*a*) Includes Rs. 10 as reward for passing Lower Primary examination.
(*b*) Ditto ditto ditto.
* Excluding an uncashed cheque of Rs. 130.
† If Rs. 463, on account of school-fees collected during the year, and Rs. 87 on account of interest of the Bharataswari Patsala Fund, be added, the total would tally with total of group 7 of Statement III.
‡ Rupees 96 paid to two Mukhtabs.
§ Granted for the primary classes of the schools.

APPENDIX K.

Statement showing the loan transactions of Municipalities in the Province during the year 1899-1900.

Serial number of Municipalities.	Name of Municipality.	Amount of loan sanctioned— From Government.	Amount of loan sanctioned— Outside Government account.	Rate of interest per cent. per annum.	Purpose for which sanctioned.	Number and date of order sanctioning the loan.	Balance of last year.	Amount of loan during the year.	Total.	Amount repaid during the year.	Balance of loan at the close of the year.	Amount of interest due.	Amount of interest paid.	Balance of sinking fund.

Ramjibanpur.	I	759	.....	.....	Rameswarpur ...	1	8	9	...	...	...	9	8	1	...	...	...	...	...	...	...	9	...	Yes.	People of Baburampur and Sonarbazar obtain chiefly their supply from two nearing large and wholesome tanks named Raja's tank and Piri tank situated in Wards Nos. II and III, respectively. People living in these two mahallas fetch their supply from two neighbouring large tanks named Piri and Rama tanks, situated in the ward. Supply of drinking water is drawn from two neighbouring tanks Singapuker and Duttapuker, situated in Wards Nos. II and IV, respectively.

(a) Ordinary income means income excluding that under "extraordinary and debt."
(b) Ordinary expenditure means expenditure excluding that under "extraordinary and debt," "interest on loans," and "expenditure from loan funds."
(c) Rupees 1,183 being the amount of interest on the Sinking Fund is not included in the closing balance.
(d) This includes Rs. 25,000 borrowed from the Water-works Maintenance Fund held in trust by the Commissioners. Of this loan, Rs. 1,500 was repaid during the year. This loan is not shown in the Accountant-General's books.

N.B.—The Municipality of South Barrackpore having fully liquidated its debts to Government during the year has been omitted from this statement.

MUNICIPAL DEPARTMENT.

MUNICIPAL—No. 120M.

CALCUTTA, THE 7TH JANUARY 1902.

FROM THE HON'BLE H. M. KISCH,

Offg. Secretary to the Government of Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

SIR,

I AM directed to submit, for the information of the Government of India, the accompanying copy of a Resolution recorded by the Lieutenant-Governor on the working of Municipalities in Bengal during the year 1900-1901, together with Statistical Tables Nos. I, II, and III, prescribed under the Home Department's Resolutions No. $\frac{1\text{ Mupl.}}{53-64}$, dated 31st May 1890, and No. $\frac{1\text{ Mupl.}}{68-79}$, dated 23rd July 1891. Table No. IV is blank, as no octroi duties are levied in Bengal.

2. In accordance with the orders of the Government of India, contained in Mr. Lyall's letter No. 32, dated the 19th April 1894, the balances of the several Municipalities have been verified in the manner prescribed by the Accountant-General.

3. The Report on the working of the Calcutta Municipality has already been submitted to the Government of India, with the Lieutenant-Governor's Resolution thereon.

I have the honour to be,

SIR,

Your most obedient servant,

H. M. KISCH,

Offg. Secretary to the Government of Bengal.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

RESOLUTION—No. 70M.

CALCUTTA, THE 7TH JANUARY 1902.

READ—

The reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1900-1901.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1899-1900.

The number of municipalities in Bengal during the year ending with the 31st March 1901 was 155. Two new municipalities were formed during the year—at Budge-Budge and Panihati—the latter by dividing the South Barrackpore Municipality which had been found too large for efficient administration.

2. The census of 1901 shows the total municipal population to be 2,833,176 souls. Deducting from this figure the total number of inhabitants (13,120) of the new municipality of Budge-Budge, the recent census shows for the towns under the Municipal Act an increase of 89,247 persons, or 3·3 per cent., over the census figures of 1891. The increase was shared by all Divisions except Patna and Bhagalpur, where the panic caused by the appearance of plague led a large number of the residents of municipal towns to desert their houses temporarily when the census was taken. A revised census of the towns of Patna and Monghyr was accordingly taken in July, with the result of adding 32,817 souls to the municipal population as given by the March census. The July figures are incorporated in this Resolution and its appendices. The largest increases of population—14 and 11 per cent.—occurred in the Burdwan and Chota Nagpur Divisions.

The total number of rate-payers rose from 469,669 in 1899-1900 to 478,519. This represents 17 per cent. of the municipal population, as determined by the late census, which is rather lower than the percentage in 1891, at the census then taken. The rise in the number of rate-payers last year was contributed mainly by the municipalities in the Patna Division where the number of rate-payers shows an increase of 4,651. The municipalities in the Chittagong and Chota Nagpur Divisions alone show a decrease, and it was slight. A revision of assessment in the Bihar Municipality brought to light that many well-to-do persons had escaped the payment of taxes for years and the number of rate-payers rose from 7,266 to 9,329, showing an increase of 28·4 per cent. on the previous year's figures. The Lieutenant-Governor invites the prominent attention of the Commissioners to the very low percentage of rate-payers to population in many municipalities forming the head-quarters of districts, such as Arrah (12·3), Motihari (9·3), Darbhanga (13·1), Cuttack (12·7), Comilla (13·2), and Dacca (13·8), compared with the provincial average of 17, and desires that next year's reports may contain an explanation. The income in these cases may be perfectly adequate to the needs of the towns or, as in Dacca, may be largely helped from sources other than taxation; but, ordinarily speaking, the standard of municipal administration is higher at the head-quarters of a district than in outlying places and entails on the residents a higher rather than a lower expenditure. The assessment roll should never exclude any person, who is liable to assessment under the law. It is unfair to those who are included. If a higher income is not required, the assessees are at least entitled to the lower rate which would follow on a better distribution. The percentage of rate-payers to population varied between 32·17 in the Katwa

Municipality in the Burdwan district and 5·6 in the Kurseong Municipality in the district of Darjeeling.

3. *Results of Elections held during the year.*—General elections were held in 20 municipalities, and these were successful in all cases except in two wards of the Deoghur Municipality, where, owing to the absence of candidates for election, Government had to appoint four Commissioners to fill up the vacancies. A considerable amount of interest was taken generally in these elections; out of 85 wards in which elections were held, there were contests in 48 wards, and the attendance of voters at the contested elections was fair.

4. *Constitution of Committees.*—There was little variation in the composition of Municipal Committees.

5. *Attendance at meetings.*—There were in all 2,546 meetings held during the year against 2,515 in 1899-1900, and of these, only 207 had to be adjourned, a small proportion. The number of municipalities which held more than 20 meetings was larger than in the previous year; the number of municipalities which failed to hold at least one meeting every month was smaller; good evidence of increased attention to business. The largest number of meetings, viz., 32, was at Ranaghat; Darjeeling held 31 meetings. Only eight meetings were held during the year in the Municipalities of Baranagar, Garden Reach, Jagdispur, Sahibganj, Ranchi, and Raghunathpur, and 7 meetings at Purulia. The important Municipality of Garden Reach has, for three successive years, failed to convene one meeting a month as required by the law. As stated in last year's Resolution, the Commissioners promised to avoid the irregularity. The Commissioner of the Presidency Division will now be separately addressed on the matter. In 108 Municipalities, as against 69 in 1899-1900, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were at Hajipur, at North Barrackpore, and at Kamarhati, and the lowest at Debhatta. On the whole the meetings appear to have been sufficiently frequent and well attended for practical purposes

6. *Assessments and taxation.*—The main form of municipal taxation is either the rate on holdings or the alternative tax on persons according to their circumstances and property. The former was in force in 43 towns, and the latter in 110. In two, Puri and Bhaddressur, both forms of taxation were in force in different wards. The rate on holdings was levied at less than the maximum rate allowed by the law in 14 towns, including Howrah, Hooghly and Chinsura, Krishnagar, and Darjeeling. The lowest rate levied on holdings was in the new Municipality of Budge-Budge where it was fixed at only 4½ per cent. The tax on persons is levied at different rates in different towns according to requirements. Of the special rates, the latrine-rate was levied in 99 towns, the water-rate in 9 towns which have been provided with a supply of filtered water, and the lighting-rate in 2 towns, namely, Howrah and Darjeeling.

7. The incidence of municipal taxation (excluding Calcutta) varied between Rs. 6-10-6 at Darjeeling and Re. 0-3-10 at Vishnupur in the district of Bankura. The average for the whole Province, calculated on the increased population according to the recent census, was Re. 1-1-5. In 1891-92, on the municipal population then returned, the incidence was Re. 0-12-4; municipal taxation has, therefore, materially increased in the interval. The number of municipalities, in which the taxation is below 8 annas per head, has fallen from 67 in 1891 to 38 in 1901.

8. *Revision of assessment.*—A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Bihar	10,285	South Suburban ...	1,494
Patna	5,878	Rampur Boalia ...	1,462
Garden Reach	5,547	Titagar	1,392
Ranchi	4,594	Krishnagar	1,372
Maniktola	4,331	Dinapore Nizamut ...	1,226
Darjeeling	3,742	Jalpaiguri	1,122
Nasirabad	1,745	Kendrapara	1,109
Gaya	1,625	Khulna	1,080

The result of the last assessment in the North Barrackpore Municipality having been found to be very unsatisfactory, a fresh revision was directed by Government with the suggestion that it should be entrusted to a paid assessor. There was difficulty also at Baidyabati, and the matter there is still under consideration. There was a decrease of Rs. 3,080 in the Bhagalpur Municipality, numerous objections having been filed against the recent heavy reassessment and the decision of the objections being in favour of the rate-payers.

9. *Demands, collections, remissions and outstandings on account of taxes.*—The current demand rose in the year under report by Rs. 1,02,164 to Rs. 31,86,777; and the total demand on the municipal books, including arrears to Rs. 37,35,303 from Rs. 36,90,413 in 1899-1900. The total collections also rose from Rs. 29,42,162 to Rs 30,25,244, and the outstanding balance stood at the close of the year at Rs. 5,18,670 against Rs. 5,47,306 at the beginning of the year, whilst the remissions fell by Rs. 9,556. In other words, the collections of the year averaged 95 per cent. of the current demand, a creditable performance. The first duty of a municipality is to make a fair assessment; their next duty is to levy that assessment fairly and punctually for the fulfilment of the purposes, for which taxation is imposed. There was an increase of 4·4 per cent. in the collection of the current demand. The year's administration thus showed a general improvement.

10. Turning now to the results attained by the groups of municipalities in each Division, it appears that there was a rise in the percentage of collections in all the Divisions except Chittagong, Patna, and Chota Nagpur, where there were falls of 6, 1, and 8 per cent., respectively. The largest percentage (96) was again attained in the Dacca Division, and the lowest (70) in the Chota Nagpur Division.

11. In individual municipalities the percentage of total collections on total demand varied between 100 per cent. at Tamluk and 43·3 per cent. in the new municipality of Budge-Budge in the 24-Parganas.

In 61 towns, against 51 in the previous year, over 95 per cent. of the total demand was collected, whilst in 31 towns the Commissioners succeeded in collecting over 98 per cent. of the demand. Conspicuous amongst these are the towns of Tamluk, Dumraon, Jhalakati, Sitamarhi, Gaya, Jagdispur, Titagar, Narayanganj, Bazitpur, Deoghur, Madhubani, and Suri, where over 99 per cent. of the demand was realized. The demands of these towns varied between Rs.56,840 at Narayanganj and Rs 2,876 at Bazitpur. The Lieutenant-Governor congratulates all these municipalities on their successful management of the important department of collection.

In last year's Resolution the municipality of Howrah was noticed as the most important of those towns which called for adverse criticism in this respect. The total collections in this municipality during the year under review rose slightly from Rs. 4,35,155 to Rs. 4,48,600, there being an increase of Rs. 14,899 in the realisation of the current demand, as compared with the previous year. The remissions, however, amounted to Rs. 79,450, or 11 per cent. of the demand, and yet the outstanding balance stood at Rs. 1,93,328, including the large sum of Rs. 1,38,876 on account of the current demand. The difficulties in the way of collections are thus explained by the Chairman:—

"One part of the income is drawn from an immigrant population of a less stable character than that of any of the towns with which Howrah can be compared, and the other part from great corporations against whom it is impossible to enforce the ordinary provisions of the Bengal Municipal Act.

* * * * * * * *

"For many years the demand has never been properly supervised: it has been allowed to grow and grow; and if large amounts of irrecoverable taxes have been remitted, yet the root of the evil—a demand swollen by amounts purely fictitious—has been allowed to grow and flourish At last some sort of order has been taken with this; the growth of the demand has been checked, and remissions have been made to the extent of Rs. 79,450, or 11·01 per cent. The reduction of course leaves a much easier task for the present year and chances of a much better percentage in future."

It is reported that the Warrant Department has now been sufficiently strengthened and placed under the personal supervision of the Chairman and that it is increasing in efficiency; and, if arrears are left out of account and the collections are set entirely against the current demand, they amount to 92 per cent., a satisfactory improvement of more than 5 per cent. in the past two years.

Also in the last five years the annual collections have increased by 75·7 per cent., or nearly two lakhs of rupees; and, although about Rs. 1,14,000 of the increase was due to the imposition of a water-rate, a large addition to the demand from any cause necessarily increases the difficulties of collection. With such a great increase (60 per cent.) as has occurred in the demand in the last five years, it may still take some years before the percentage of collections (62·18) on the total demand rises to the provincial average of 80·9, but the Lieutenant-Governor trusts that the current year's returns will show a marked improvement.

The collections in the municipality of Darbhanga, which were also specially noticed last year as giving a low percentage on the demand, rose to 93·2 per cent. during the past year. The very satisfactory improvement in the collections of this municipality in the past two years is partly due to the proper reduction of a previously excessive demand.

Very unsatisfactory results are noticeable again in the municipality of Bally, where the percentage of collections to total demand was 51·6, against 53·0 in the previous year. Hooghly and Chinsura, Chittagong, and Ranchi are the only other towns in the Province, except the new municipality of Budge-Budge, where the percentage of collections was below 60 per cent. of the total demand. No explanation has been given regarding Bally and Hooghly-Chinsura. At Chittagong the fall was due to the non-payment of rates imposed on the railway property in the town, owing to objections raised by the Assam-Bengal Railway to the mode of assessment. The Commissioner has already drawn the attention of the Chairman of the Hooghly-Chinsura Municipality to the subject, and an explanation is awaited.

12. The percentage of remissions on the total demand for the whole Province fell from 5·4 in 1899-1900 to 5·1; and with improved collections there was a considerably greater fall—from 14·8 to 13·9—in the percentage of the outstanding balance on the total demand.

The percentage of remissions fell in all the Divisions except Burdwan, where the rise was due to the large remission of Rs. 79,450 allowed by the Howrah Municipality. The other municipalities where large remissions were allowed were the South Suburban (12·0 per cent.), Garden Reach (12·9), Budge-Budge (21·6), Nalchiti (18·7), Chandpur (16·04), Bhabhua (12·5), Hazaribagh (18·6), and Ranchi (12·0). The large remissions at Budge-Budge were allowed with a view to rectify incorrect valuations of mill premises. No explanation has been given of the very large remissions granted at Nalchiti and Hazaribagh.

13. *Fresh imposts levied during the year.*—Fees for the registration of carts were levied for the first time in the municipality of Dainhat. Fees under Part IX of the Bengal Municipal Act for the cleansing of private privies were also levied for the first time at Dainhat and in portions of the municipalities of Howrah and Gaya. License-fees under section 261 were levied at Arambagh Jamalpur, and Chaibassa. Fees under the Hackney Carriage Act were levied, for the first time at Khulna and Naihati. Fees under section 263 of the Municipal Act, relating to animals kept for purposes of trade, were also levied at Narainganj and Monghyr. The rate on holdings under section 85(*b*) of the Act was substituted for the tax on persons previously in force at Ranchi and Chaibassa.

INCOME.

14. The total funds available for expenditure during the year were Rs. 49,77,650, against Rs. 46,84,589 in the previous year. The total expenditure was Rs. 43,72,575, against Rs. 40,83,170 in 1899-1900.

15. *Closing balances of Municipalities.*—There was a slight increase of Rs. 3,656 in the aggregate closing balances of the municipalities, which amounted to Rs. 6,05,075. In several cases funds are being accumulated for schemes of sanitation or other municipal reforms, and in others money was reserved for probable plague charges. Savings effected in estimated expenditure during the year and the inability to fully utilise loan funds or contributions also led to the increase of closing balances.

No explanation has, however, been given of the large closing balances of the municipalities of Katwa, Jalpaiguri, Dinajpur, Dacca, Nasirabad, Barisal, Chandpur, Patna, Bihar, Buxar, Sitamarhi, and Deoghur. On the other hand,

the working balances fell so low as Rs. 76 at Burdwan, Rs. 12 at Baduria, Rs. 11 at Jamalpur, Rs. 678 at Bhagalpur, and Rs. 191 at Ranchi.

16. The following statement shows the total income of the 155 municipalities under various heads during the past year and the variations from the previous year:—

Head of Revenue.	Total receipts, 1900-1901.	Comparison with 1899-1900.		
		Increase.	Decrease.	Percentage of variation.

Total ...	43,76,219	2,10,740	34,962	...
Net increase ...	...	1,75,778	...	+ 4·1

17. Of the total increase in income shown above, the portion derived from taxation, which is a permanent and genuine increase, amounted to Rs. 97,225. The increase was shared by all the Divisions except Chota Nagpur, and was largest in the Rajshahi Division.

18. *Tax on houses and lands.*—This tax yielded a revenue of Rs. 10,94,403, which is Rs. 26,737, or 2·5 per cent., in excess of the income during the previous year. The increase was shared by the groups of municipalities in all Divisions except Rajshahi and the Presidency, where the yield was practically stationary. In the Chota Nagpur Division, this form of taxation was for the first time adopted by the Commissioners of the Ranchi and Chaibassa Municipalities in lieu of the tax on persons, and thus there was an apparent increase of Rs. 10,290. The largest increase occurred in the Patna Division. There were large increases in the municipalities of Bhagalpur (Rs. 7,305), Chapra (Rs. 4,307), Raniganj (Rs. 3,154) Dacca (Rs. 3,043), and Patna (Rs. 2,307). The income fell off considerably in the municipalities of Hooghly-Chinsura (by Rs. 3,065), Cossipore-Chitpur (by Rs. 3,205), and Monghyr (by Rs. 3,327). Better collections of both arrear and current demands and revised assessments completed in the previous year contributed to the increases under this head, whilst delay in the disposal of objections against assessment, laxity of supervision over the collection establishment, absence of large outstanding balances and the appearance of plague were responsible for reduced collections in those municipalities which showed a fall of revenue.

19. *Tax on animals and vehicles.*—There was an increase of Rs. 9,605, or 4·2 per cent., on the revenue under this head in the previous year. The receipts declined in the municipalities of Gaya (by Rs. 1,003) and Darbhanga (by Rs. 1,268). The decrease at Gaya is attributed to a reduction in the number of carriages, horses, carts, and other vehicles owing to an outbreak of plague in that town. In Darbhanga the realisation of heavy arrears in the previous year accounts for the decline of the revenue in the year under review.

20. *Tax on professions and trades.*—The comparatively small revenue of Rs. 55,281 under this head shows an improvement of Rs. 4,850, or 9·6 per cent., on the income of the previous year. The increase occurred mainly in the Burdwan and Presidency Divisions, where the revenue rose by Rs. 2,247 and Rs. 2,351, respectively.

21. *Tolls on roads and ferries.*—Tolls are nowhere levied on roads in Bengal, and in the Chota Nagpur Division none of the municipalities derive any income from ferries. The towns of Dacca and Narayanganj show increases of Rs. 3,075 and Rs. 5,552, respectively, and the Patna Municipality shows an improvement of Rs. 3,031. There was an increase of income in Chapra, in Bhagalpur, and in Cuttack. The receipts declined at Chittagong (by Rs. 1,338), Monghyr (by Rs. 3,250), and Muzaffarpur (by Rs. 1,804). Competition among bidders at the sales of the ferries contributed to the increase in Dacca as well as in Patna and Chapra, whilst in Narayanganj the income is more apparent than real, as the Commissioners have to pay rents to Government for the ferries leased out to them. In Cuttack the realisation of arrears increased the revenue. In Chittagong the District Board having opened out a new waterway, the bids for the municipal ferry fell off; and in Monghyr the establishment of a ferry service by the East Indian Railway reduced the income from the municipal ferry.

22. *Water-rate.*—This rate was levied in only nine towns where waterworks have been installed. The income of Rs. 2,35,982 shows a small increase of Rs. 9,072, which was shared by six towns, and mainly by Bhagalpur (Rs. 4,680), Berhampore (Rs. 4,436), and Howrah (Rs. 3,390). The income fell at Arrah, Cossipore-Chitpur, and Burdwan, and in the place last-named the decline amounted to Rs. 3,169. At Howrah the increase was due to an extension of the water-supply and to better collections. At Berhampore the tax was levied in the previous year for three quarters only, and the additional income for the fourth quarter accounts for the increase. Better collections contributed to the increase at Bhagalpur and in this, as in other matters connected with municipal administration, the Commissioner gives great credit to Mr. Shirres, the Magistrate, who has worked indefatigably for the improvement of the town.

An outbreak of plague accounts for the decline of revenue at Arrah. No explanation has been given of the decline at Burdwan and Cossipore-Chitpur. No rate is levied in Dacca on account of the water-works in that town.

23. *Lighting-rate.*—This is levied only in the towns of Howrah and Darjeeling, where the income rose by Rs. 625 and Rs. 9,492, respectively. The large increase at Darjeeling was due to better supervision of collections and to the receipts on account of house connections with the electric light installation in that town. In Howrah the installation is of gas with Welsbach burners and incandescent mantles.

24. *Conservancy, including scavenging and latrine rates.*—The revenue under this head was Rs. 6,70,774, which shows an increase of Rs. 29,264 over the previous year's income. This increase was shared largely by the Municipalities of Howrah Rs. 2,867), Kamārhati (Rs. 3,500), Garden Reach (Rs. 6,585), Bhatpara (Rs. 4,262), Dacca (Rs. 2,706), Bihar (Rs. 2,938), Bhagalpur (Rs. 2,292), and Hazaribagh (Rs. 3,635). There was, on the other hand, a marked decline of revenue in the municipalities of Burdwan (Rs. 2,734), Hooghly and Chinsura (Rs. 2,159), Baranagar (Rs. 4,755), and Purulia (Rs. 2,479). The enforcement of Part IX of the Municipal Act in portions of the Bhatpara Municipality accounts for the increase in that place. At Bhagalpur the increase was due to a more efficient administration. The decrease in Burdwan was due to the objections against revision of assessment not having been disposed of during the year, and in Hooghly and Chinsura to a change in the executive and to heavy arrears hampering collections. At Purulia want of proper supervision over the Collection Branch was responsible for the short collection.

Several municipalities continued their efforts towards making trenching-grounds a source of income; but, as in the previous year, the income from this source was trifling.

25. *Tax on persons according to their circumstances and property.*—The total revenue which amounted to Rs. 5,62,415 shows a decline of Rs. 4,284, as compared with the previous year. This is, however, more than accounted for by the nominal decline of Rs. 14,627 in the Chota Nagpur Division, where the tax on houses and lands in the Ranchi and Chaibassa Municipalities was substituted for the tax on persons which was in force in those towns in the previous year. There was a marked decline of income in the municipalities of Arrah, Darbhanga, and Balasore. The appearance of plague and a smaller collection of arrears account for the decrease in Arrah and Darbhanga. The largest increases of revenue occurred in the Dinajpur Municipality, in Bhatpara, Bihar, and Cuttack.

26. *Grants from Provincial and Local Funds and contributions by private individuals.*—The total receipts rose from Rs. 2,47,292 to Rs. 2,95,643. The contributions were—for medical purposes, Rs. 1,69,919, for education Rs. 4,293, and for general purposes Rs. 1,21,431.

27. *Gifts of money or land and works of public utility executed by private individuals.*—Many instances of private liberality are brought to notice in the Commissioners' reports; but as a separate Resolution and a detailed list of private donations for the public benefit have been recently recorded and published, with the Lieutenant-Governor's acknowledgments to the donors, it is unnecessary to specify here all the gifts which relate to municipalities. One of the most important gifts was a contribution of Rs. 15,000 by Babu Baijnath Goenka towards the cost of a scheme for the improvement of the drainage of the town of Monghyr.

EXPENDITURE.

28. The total expenditure in the municipalities in the Province (excluding Calcutta) amounted during the year to Rs. 43,72,575, against Rs. 40,83,170 in 1899-1900, being an increase of Rs. 2,89,405. The year closed with a balance of Rs. 6,05,075, against Rs. 6,01,419 in the preceding year. The percentages which the expenditure under each of the principal

heads bore to the total outlay (excluding debt and suspense heads in each of the past five years are as follow:—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1896-97 ...	9·8	4·7	15·5	3·4	26·6	9·5	·56	16·1	3·8
1897-98 ...	10·4	7·2	7·4	3·2	30·3	9·7	·57	17·1	3·7
1898-99 ...	10·6	4·4	5·9	3·4	31·7	10·5	·5	16·3	3·4
1899-1900 ...	10·4	5·8	6·5	3·5	29·5	10·5	·5	18·3	3·4
1900-1901 ...	11·4	5·7	6·7	5·2	31·1	11·5	·53	15 04	3·3

As stated in last year's Resolution these percentages do not show the exact state of affairs, as any heavy expenditure on a single item, whether met from loan funds or otherwise, is liable to cause a material alteration in the year's percentage.

29. The following statement shows the expenditure of 1900-1901 under the main heads, and also shows how the totals varied from those of the previous year:—

Heads of Expenditure.	Total expenditure in 1900-1901.	Comparison with 1899-1900.		
		Increase.	Decree.	Percentage of variation.

Net increase ...	...	2,89,405	...	+ 7·08

30. *Office and collection establishment.*—The total expenditure on office establishment and that on collection establishment show increases representing in all 8·6 per cent. of the expenditure in the previous year. The expenditure under this head is steadily growing, but it is evident from the reports submitted by the Commissioners that, in passing the annual estimates of municipalities this item is carefully scrutinised.

31. *Prevention of fire.*—The expenditure under this head shows an increase of Rs. 3,135. As in previous years, almost the entire amount of the charge was incurred in the municipalities which are served by the Metropolitan Fire-brigade and contribute to its cost, viz., Howrah, Cossipore-Chitpur, Maniktala, and Garden Reach.

32. *Street lighting.*—The expenditure rose from Rs. 2,13,611 to Rs. 2,20,292, an increase of 3 per cent. The increase was largest in the Orissa Division (Rs. 2,245), and was incurred mainly by the Cuttack Municipality. Thirteen municipalities incurred no expenditure on this service, as against 16 municipalities in the previous year.

33. *Water-supply.*—The expenditure under this head, Rs. 2,60,262, shows an increase of 8 per cent., over the expenditure in the previous year. The increase was considerable in Burdwan (Rs. 9,869), the Presidency Division (Rs. 5,803), Bhagalpur (Rs. 3,644), and Chota Nagpur (Rs. 2,984). At Howrah an increased cost of Rs. 4,095 was incurred on the maintenance of the water-works. The schemes for the extension of the filtered water-supply from the Calcutta mains to the South Suburban and Garden Reach Municipalities have not yet been carried out. The supply of filtered water from the Calcutta mains was extended to the South Dum-Dum Municipality through the local Cantonment pipes. The Darjeeling Municipality obtained a loan of Rs. 1,65,000 from Government for the improvement and extension of the water-supply in that town, and it is estimated that the new works will raise the supply to 276,000 gallons in 24 hours. The Pasteur-Chamberlain filter, which was constructed in the town, was removed by the contractors, as it failed to work properly. In Dacca 2,042 feet of additional

piping were laid, and two new hydrants were put up by the Municipality. The question of water-supply in that town has been much complicated by the shifting of the stream of the river and the formation of a big *char* in front of the water-works suction pipe. It is in contemplation to sink a series of wells in the *char* near the intake for the supply of good water. One such well was sunk during the year and, as the conditions of the soil and rainfall are different from those at Bhagalpur, it is hoped that the experiment will be more satisfactory than the one mentioned below. As regards the municipalities in the Patna Division, the Commissioner reports that on the whole the supply of water was adequate and good, and no scarcity of drinking water was felt. At Bhagalpur very great difficulty was felt in bringing water to the intake, owing to the river having receded. To meet the difficulty, an experimental percolation well, lined with bricks loosely packed together, was sunk in the sands just below the water-works. The idea was to make a series of such wells connected with each other, from which a plentiful supply of ready filtered water could be drawn. Experience, however, showed that the percolation well yielded very little water and that it silted up during the rains. The Commissioners also made experimental borings in the sand to a depth of 50 feet, but did not find the water-bearing strata. Having regard, therefore, to a probable improvement in the river in the immediate future, the Commissioners have decided to postpone further expense on both wells and borings, although in the cold weather, as usual, there was considerable scarcity.

34. *Drainage.*—The total expenditure rose to Rs. 2,03,519, showing an increase of 55 per cent., over the expenditure of the previous year. This increase occurred under both capital outlay (Rs. 38,483) and maintenance charges (Rs. 33,744). The increase was shared by all the Divisions and was largest in the Patna Division (Rs. 28,647), Presidency (Rs. 16,457), Bhagalpur (Rs. 13,355), and Rajshahi (Rs. 7,526). The municipality of Patna contributed largely to the increase in the Patna Division. There the expenditure shows an increase under capital expenditure of Rs. 19,367, and under maintenance charges of Rs. 2,402. In addition to other works, new masonry drains, over a mile and-a-half in length, were constructed and linked up with the flushing scheme. Upon the important and successful operations, which have done so much during the last few years for the sanitation of the city of Patna, the Commissioner make the following very pertinent remarks:—

"In Patna the extension of the drainage system, the linking up of the old drains, and, above all, the extension of the flushing of the drains, have been an immense improvement. It is everywhere forced upon our notice that in an Indian town the complement of pucka drains is flushing. It is impossible to keep sullage water out of the drains, and if it cannot be flushed away outside the town, the drains become a serious nuisance. Though not, perhaps, more unhealthy in the long run, such drains are more universally unpleasant than the kutcha drains, which absorb much of the sullage water. With much improvement effected, there is still much to be done in Patna. When money is available, the flushing scheme should be completed. The most immediate urgent want, which can at present be supplied, is an efficient and economical workshop and more system and method for the maintenance, in efficient order, of the carts and material for cleansing the town.

In the Presidency Division the Krishnagar Municipality expended Rs. 13,472 on the excavation of the Anjona channel in that municipality. In the Bhagalpur Division the largest increase was in the Monghyr Municipality (Rs. 10,641) where the new roadside drains in the Chowkbazar, for which the municipality borrowed a sum of Rs. 10,000 from Government, were taken in hand and completed during the year. The late Chairman also raised a sum of Rs. 18,280 by subscriptions to enable the municipality to take in hand the road-side drains at Baribazar and their outfalls and beds, and the work has been begun. The Commissioner notices with approval the commencement made in improving the drainage of the town of Purnea. In the Rajshahi Division the municipalities of Rangpur and Dinajpur show the largest increases of Rs. 4,383 and Rs. 2,328, respectively.

35. *Conservancy (including road-cleaning, road-watering, and latrines).*—The expenditure of Rs. 12,08,614 shows a large increase of Rs. 1,21,823 as compared with the previous year. The increase was shared by all the Divisions except the Presidency Division. The largest increase occurred in the Divisions of Patna (Rs. 66,282), Burdwan (Rs. 21,369), and Dacca (Rs. 20,029). In the

Patna Division the increase was most marked in the municipalities of Bihar (Rs. 23,805), Patna (Rs. 18,526), Chapra (Rs. 9,389), and Gaya (Rs. 8,229). In Patna arrangements have been made to clean the principal roads a second time each day. In Chapra measures for the prevention of plague account for the increase. About the conservancy system in Gaya, the Commissioner makes the following remarks. The experience there may be of value elsewhere:—

"In Gaya the steam-tramway system for removing the night-soil seems likely to collapse. Either more money must be spent to perfect it or it will have to be given up. In many places the tramway has been built too lightly with the sleepers too far apart. There is an insufficiency of rolling-stock. There is a want of suitable depôts linked up with the tram line, where a waggon could be left in a comparatively secluded spot to be loaded up. The arrangements for distributing the night-soil over the trenching-ground require improvement. A workshop is needed for petty repairs. All this will cost money, and I fear the Municipal Commissioners, including their Chairman, are not sufficiently convinced of the suitability of the tramway system to carry the business through. Certainly, in the absence of any efficient mechanical or engineering talent in the Board to meet difficulties as they arise and see the business through, it would have been better to have been content with the more humble system of carts, specially as the trenching-grounds are not so very far off. But now a large sum has been borrowed and spent on the tramway system, and the municipality are very much in a fix."

In the Burdwan Division the increase was contributed mainly by the Howrah Municipality, which enlarged its working staff and purchased a large number of animals. The rise in the Dacca Division was greatest in the Dacca and Narainganj Municipalities. In Monghyr the expenditure rose by Rs. 5,263 from measures taken to protect the town against plague.

36. *Hospitals and Dispensaries.*—The expenditure under this head rose from Rs. 3,89,172 to Rs. 4,45,642—an increase of 14·5 per cent. In the Presidency and Chittagong Divisions the expenditure declined by Rs. 12,930 and Rs. 6,796, respectively. The decrease in the former was mainly in the municipalities in the 24-Parganas (Rs. 6,673) and in the Khulna Municipality where the expenditure of the previous year was abnormal, owing to the construction of buildings for a hospital and outdoor dispensary. The decline in the Chittagong Division was due in part to large capital expenditure in the previous year. In the Patna Division a large increase of expenditure is returned by the municipalities of Gaya (Rs. 27,112), Dinapore (Rs. 3,923), Chapra (Rs. 2,142), and Patna (Rs. 2,118). In Gaya quarters were constructed for the Assistant Surgeon and the female Hospital Assistant, and a new operating room was added to the Pilgrim Hospital. At Puri a ward was built for moribund cases, and at Purulia an addition made to the dispensary building of a ward for females. Five municipalities incurred no expenditure on this account during the year under review.

37. *Vaccination.*—The total expenditure under this head (Rs. 20,774) shows a slight increase of Rs. 1,165. The special appendix, which used to contain detailed information as to cost, number of vaccinators, operations, etc., has been abolished, but the narrative portion of the Commissioners' reports should in future give, for each municipality at the head-quarters of a district, the number of vaccinators and the number of primary and other operations.

38. *Public Works.*—The expenditure under this head declined from Rs. 6,73,847 to Rs. 5,83,174, the decrease occurring under "Buildings," "Roads," and "Stores," and being largest under "Roads" (Rs. 78,119).

39. *Public Instruction.*—The expenditure under this head, amounting to Rs. 1,26,923, was practically the same as in the previous year. The expenditure on primary schools diminished from Rs. 68,388 to Rs. 66,881.

40. *Loans.*—The Darjeeling Municipality drew during the year Rs. 1,50,000, being the balance of a loan of two lakhs for water-supply and repairs to the electric light installation which was damaged by the cyclone of the previous year. The Chittagong Municipality obtained a loan of Rs. 7,000 for the purchase of a steam-roller. A loan of Rs. 50,000 was obtained by the Patna Municipality for carrying out a scheme for the flushing of the drains in an important ward of the municipality.

41. *Financial condition of Municipalities in debt to Government.*—All the municipalities indebted to Government paid the interest and instalments on their loans in full, and no instance of default was brought to the notice of

Government. In a few municipalities the ordinary expenditure exceeded the ordinary revenue of the year, but the funds available (inclusive of the opening balance) enabled the Commissioners to duly meet their loan liabilities in addition to the regular charges of administration. It does not appear from the accounts that there is any danger that any of the municipalities will, in the ordinary course, be unable to meet their liabilities in future.

42. *Audit of accounts and embezzlements.*—A considerable number of cases of embezzlement came again to notice during the year under review, most of them being facilitated by laxity of supervision over the collection establishment. The defalcations occurred in the municipalities of Kharar, Bhatpara, Baruipur, Krishnagar, Maniktala, Kishanganj, and Ranchi.

43. *Working of the Porters' and Dandiwallas' Act.*—The Act, V (B.C.) of 1883, is in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during the year was 775, against 653 in the previous year. There were 23 prosecutions under the Act, against 25 in 1899-1900, and the amount of fines realised was Rs. 40. One license was cancelled during the year. The law continued to be carefully worked.

44. On the whole, the reports of the year's work are hopeful and the Lieutenant-Governor gratefully acknowledges that in many Municipalities a large amount of time has been freely given by the Municipal Commissioners to the public service. There are still complaints in the Burdwan and Presidency Divisions of deficiency in the "patient and steady performance of those duties, which involve daily drudgery and unpopularity, such as the prevention of nuisances and encroachments and the close supervision of work out-of-doors," to quote the words of the Commissioner of the former Division. But these are defects which have been overcome elsewhere, and the Lieutenant-Governor trusts the District Officers so to encourage and stimulate the public spirit of the Commissioners that they may give to the working of the administration in their several wards that attentive personal supervision which is essential to the prevention of negligence, waste, and corruption.

By order of the Lieutenant-Governor of Bengal,

H. M. KISCH,

Offg. Secretary to the Government of Bengal.

FORM No. I.

STATEMENT SHOWING THE CONSTITUTION OF THE MUNICIPALITIES IN BENGAL

DURING

1900-1901.

(a) Closing balance ... ... Rs. 507
Add amount of a cheque drawn in March 1901, but not cashed within the year 106
Balance in the sub-treasury account 613

(b) Accountant-General's account shows balance of Rs. 1,414. The difference is due to the fact that a cheque for Rs. 484 issued on 31st March 1901 was not cashed till after the close of the year.

(c) Includes plague charges of Rs. 10,530.
(d) Includes plague charges of Rs. 843.

(e) Includes plague charges of Rs. 720.

(f) Includes plague charges of Rs. 36.

(g) Includes plague charges of Rs. 406.
(h) Includes plague charges of Rs. 820.

(i) Includes Rs. 1,045 on account of plague charges.

...	16	16	...	1	...	1	...	...	...	...	14	...	Yes	* No ward is solely supplied from river or tank. These parts of the wards which are on the bank of the river and its immediate neighbourhood get the benefit of the river, while the remote parts use the tank water. Hence is the repetition of the names as has been shown in the columns 5 and 6 of this statement.

...	1	...	1	...	...	...	...	...	...	...	1	...	,,	
2	6	4	2	...	...	...	...	...	...	...	4	2	Inadequate.	Besides the wells and tanks shown in this statement, there are other wells belonging to private people at quarters far off from the river. The number of these wells is 420. 2. On account of the recession of the river below the town, the Commissioners supplied pure drinking-water from the main river duringthe hot season. 3. The Commissioners also serve notices upon the owners of filthy tanks and ditches either to re-excavate or fill them up with suitable materials.

MUNICIPAL DEPARTMENT.

MUNICIPAL—No. 3068M.

CALCUTTA, THE 29TH NOVEMBER 1902.

FROM E. W. COLLIN, ESQ.,

Offg. Secretary to the Government of Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

SIR,

I AM directed to submit, for the information of the Government of India, the accompanying copy of a Resolution recorded by the Officiating Lieutenant-Governor on the working of Municipalities in Bengal during the year 1901-1902, together with Statistical Tables Nos. I, II and III, prescribed under the Home Department's Resolutions No. $\frac{1\text{ Mupl.}}{53-64}$, dated 31st May 1890, and No. $\frac{1\text{-Mupl.}}{68-79}$, dated 23rd July 1891. Table No. IV is blank, as no octroi duties are levied in Bengal.

2. In accordance with the orders of the Government of India contained in Mr. Lyall's letter No. 32, dated the 19th April 1894, the balances of the several Municipalities have been verified in the manner prescribed by the Accountant-General.

3. The Report on the working of the Calcutta Municipality with the Officiating Lieutenant-Governor's Resolution thereon will be submitted to the Government of India at an early date.

I have the honour to be,

SIR,

Your most obedient servant,

E. W. COLLIN,

Offg. Secretary to the Government of Bengal.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

RESOLUTION—No. 3021M.

CALCUTTA, THE 27TH NOVEMBER 1902.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1901-1902.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1900-1901.

The number of Municipalities in Bengal during the year ending with the 31st March 1902 was 157. Two new Municipalities were formed during the year at Tollyganj and Giridih, the former by dividing the South Suburban Municipality which had been found too large for efficient administration. The inhabitants of the 157 Municipalities number 2,839,764 persons. As the Giridih Municipality came into existence towards the close of the year, this review deals with the statistics of 156 Municipalities.

2. The total number of rate-payers rose from 478,519 to 487,767, representing 17·1 per cent. of the total municipal population. The increase was shared by all the Divisions except Orissa and Chota Nagpur, where there was a slight decline. The percentage of rate-payers to population varied between 18·7 in the Presidency Division and 14·3 in the Dacca Division. Taking, however, the case of individual Municipalities the percentage varied between 34·7 at Chapra and 5·1 at Kurseong. Unfavourable mention was made in last year's Resolution of the low percentage of rate-payers in the Municipalities of Arrah, Motihari, Darbhanga, Cuttack, Comilla and Dacca, which form the head-quarters of districts. Of these Comilla shows an increase from 13·2 to 16·5 per cent. due to revision of assessment. Among the rest there was a slight rise in the percentage at Motihari and Dacca, whilst the figures returned from Arrah, Darbhanga and Cuttack showed further decline. The decline at Darbhanga is attributed to the fact that many poor people left the town on the appearance of the plague. In Cuttack a revision of assessment is proceeding, in which the existing defects will, it is hoped, be rectified.

The percentage of rate-payers to population was below the Provincial average in no less than 72 towns, and the attention of the Commissioners of those towns is specially drawn to the remarks on the subject recorded in the last Annual Resolution.

3. *Results of Elections held during the year.*—General elections were held only in the Municipalities of Cossipur-Chitpur and Maniktala. All the elections, but one, were contested, and at those elections the percentage of attendance of persons qualified to vote varied between 65 and 43.

4. *Constitution of Committees and attendance at Meetings.*—There was little variation in the composition of Municipal Committees. There were in all 2,541 meetings held during the year, almost the same number as in the previous year, and of these only 214, or 8·4 per cent had to be adjourned. Twenty-nine Municipalities held more than 20 meetings during the year; whilst twenty-one failed to hold at least one meeting every month, as required by the law. Ranaghat again held the largest number of meetings, viz., 35 against 32 in the previous year, and Cossipur-Chitpur and Burdwan stand next with 30 and 29 meetings, respectively. The smallest number of meetings, viz., 7, was held in the Revelganj Municipalty. Of the seven Municipalities noticed in the previous year's resolution for holding too few meetings, Garden Reach alone complied during the present year with the requirements of the law, the number of meetings held being 13: and the rest all failed to hold 12 meetings—Jagadispur and Sahebganj again holding only 8 and 9 meetings, respectively. The North Barrackpore Municipality has for the third year in succession failed to hold regular monthly meetings. The Commissioner has drawn the attention of the Municipal Commissioners to the law on the point. Throughout the province the average percentage of attendance of Commissioners was 52 as in the previous year. In 91 Municipalities as against 108 in the previous year, an average of

more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were at Garulia (81 per cent.), Tollyganj and Bihar (75 per cent.), Daltonganj (74 per cent.), and Kamarhati and North Barrackpore (73 per cent.): and the lowest, 21 per cent. at Jhalda. On the whole the frequency of the meetings and the attendance at them were sufficient for practical purposes.

5. *Assessments and taxation.*—The main form of Municipal taxation is either the rate on holdings, or the alternative tax on persons according to their circumstances and property within the Municipality. The former system was in force in 43 towns, and the latter in the remaining 113 exclusive of the Municipality of Bhadreswar, where both forms of taxation are in force in different wards. The rate on holdings was levied at less than the maximum rate allowed by the law in 13 towns, among which the Municipalities of Howrah, Hooghly and Chinsura, Krishnagar and Darjeeling again find place, and the lowest rate, viz., 5 per cent. on the annual value of holdings, was levied at Sahebganj. The tax on persons is levied at varying rates according to requirements. Of the special rates the latrine-rate was levied in 103 towns, the water-rate in 10 towns which have been provided with a filtered water-supply (excepting the town of Dacca, where no water-rate is levied although the town is supplied with filtered water), and the lighting-rate only in two towns, viz., Howrah and Darjeeling, no rate being levied for the purpose in the other Municipalities adjoining Calcutta which are lighted with gas, or at Dacca which is lighted with electricity.

6. The incidence of Municipal taxation (excluding Calcutta) varied between Rs. 7-7-10 per head at Darjeeling and Re. 0-4-5 at Ramjibanpur. The average for the whole Province was Rs. 1-2-10 against Rs. 1-1-5 of the previous year. The number of Municipalities in which the taxation is below 8 annas per head fell from 38 in 1900-1901 to 32 during the year under review.

7. *Revision of Assessment.*—A revision of assessment, general or partial, came into force in several Municipalties, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Dacca	22,422	South Suburban ...	2,398
Howrah	8,775	Rangpur	2,206
Gaya	8,559	Krishnagar	2,080
Arrah	5,319	Jamalpur	1,940
Puri	5,149	Serajganj	1,722
Maniktala	4,975	Bettiah	1,580
Chapra	4,596	Barh	1,529
Patna	4,126	Sasaram	1,414
Titagar	3,668	Narainganj	1,286
Nasirabad	2,556	Bankura	1,260

At Ranchi the demands for the rate on holdings and the latrine-rate declined by Rs. 2,310 as the result of a partial revision of assessment. No explanation has been furnished of this unsatisfactory result. The Commissioners of the North Barrackpore Municipalty have twice revised their assessments, but on both occasions the results were found to be unsatisfactory. They were moved to appoint a paid assessor to make a further revision, and have at last resolved to do so.

8. *Demands, collections, remissions and outstandings on account of Taxes.*—The current demand amounted to Rs. 32,79,297, showing an improvement of Rs. 92,520 as compared with the previous year; and the total demand on the Municipal books, including arrears, rose from Rs. 37,35,303 to Rs. 37,94,123. The total collections also rose from Rs. 30,25,244 to Rs. 32,39,390, and the outstanding balance at the close of the year stood at Rs. 3,66,274 against Rs. 5,18,670 at the beginning of the year, whilst the remissions fell again by Rs. 2,930. The collections of the year averaged 98·8 per cent. of the current demand, against 95 per cent. in the previous year. The collection of the current demand shows, as in the preceding year, an improvement of about 4 per cent. The year's administration in this respect was very creditable, and it is to be hoped that the general improvement will be maintained.

9. When the results attained by the groups of Municipalities in each Division are considered, it appears that the highest percentage of total collections on current demand was 101·7, which was attained in the Patna

Division; the Burdwan Division stands next with a percentage of 99·9; the lowest percentage, viz., 93·0, is returned by the Municipalties in the Chittagong Division. In individual Municipalties the percentage of total collections on current demand varied between 115·9 at Chittagong and 76·9 at Tollyganj. Calculating the total collections on the current demand, they failed to reach 95 per cent. in 26 towns. In 19 towns the Commissioners succeeded in realising the demand without leaving any arrears outstanding at the close of the year, or only a small amount not exceeding Rs. 10 in any case. The most successful were Assansol, Titagarh, Jhalakatti, Jamalpur, Dumraon, Hajipur, Deoghur, and Kendrapara. It appears that in all these towns there were no arrears at the beginning of the year, or only small outstanding balances to collect, and it is evident that if the taxes are promptly realised, the large remissions, which are such an unsatisfactory feature of some towns, can be avoided.

At Howrah, where the administration of this Department has been defective for some years past, the total collections rose from Rs. 4,48,600 in 1900-1901 to Rs. 4,96,121, and the collection of the current demand showed an improvement of Rs. 56,479. Although the percentage of total collections on the current demand shows a satisfactory rise from 92 per cent. to 100·4 per cent., the percentage of current collections on current demand stood only at 81·5. The balance was 1¼ lakhs out of a demand of 5 lakhs, and Rs. 62,045 were remitted during the year. The results, though better than in the preceding year, cannot be considered satisfactory. Of the other Municipalities which were the subject of adverse criticism in the last Resolution, Bally shows an advance of 5·5 per cent. in the percentage of total collection on total demand, but, in spite of large remissions, the outstanding balance was Rs. 11,410 out of a total demand of Rs. 38,103. The Commissioners only succeeded in raising 62·3 per cent. of their current demand for the year. The Hooghly and Chinsura Municipality also shows an advance of 6 per cent. in the percentage of total collections on total demand, but the collection of the current demand (71·4 per cent.) was unsatisfactory. A satisfactory advance was made at Chittagong, where 96·4 per cent. of the total demand was collected, against 55·3 per cent. in the previous year. The collections in Burdwan were unsatisfactory. Only half the arrears were realised, and the outstanding balance was about one-fifth of the current demand. In Ranchi large arrears accumulated in previous years, and only a small portion could be collected. The collection of the current demand was also unsatisfactory, although it is said that punctual payments are being enforced. The Officiating Lieutenant-Governor observes with regret that four out of the six towns just mentioned are in the Burdwan Division: the special attention of the Commissioner will doubtless be given to the matter.

10. The percentage of total remissions on current demand for the whole Province fell from 6·0 to 5·7 during the year. It is satisfactory to note that, with this fall in the percentage of remissions, the percentage of outstanding balance on the total demand, which stood at 9·6 per cent., also shows a decline of 4·3 per cent., as compared with the previous year. Calculated on the current demand, the percentage of remission varied between 9·7 per cent. in the Burdwan Division to 1·9 per cent. in the Chittagong Division. The Bhagalpur and Chota Nagpur Divisions return large percentages of remissions, viz., 7·8 per cent. and 8·2 per cent. The Bhagalpur Municipality allowed a total remission of Rs. 12,799, or 17·3 per cent. of the current demand in order to clear off old accounts which were unrealisable owing, it is reported, to persons having left the town, and to the reduced circumstances of some of the ratepayers. There was still a large outstanding balance of Rs. 25,370, or about 34 per cent. of the current demand, at the close of the year. These results compare unfavourably with those at Patna, where the remissions were only 1·8 per cent., and the balance about 3 per cent. of the current demand. Large remissions were also allowed in the Municipalities of Hooghly and Chinsura (19·1 per cent. of the current demand), Bhadreswar (10·4 per cent.), Bansberia (10·8 per cent.), Howrah (12·5 per cent.), Garden Reach (21·6 per cent.), Rajpur (14·6 per cent.), Samastipur (12 per cent.), Ranchi (10·7 per cent.), Lohardaga (13·8 per cent.) and Purulia (12·8 per cent). The defective administration of the Hooghly and Chinsura Municipality has already attracted the notice of Government, and a special report on the subject from the Commissioner is awaited.

11. *Fresh imposts levied during the year.*—The tax on animals and vehicles under section 86(*a*) of the Bengal Municipal Act, 1884, was introduced into the

Municipalities of Barh and Madhubani. License fees under section 261 of the Municipal Act, for carrying on offensive and dangerous trades, were levied for the first time in the North Dum-Dum, Jessore, Faridpur and Rosera Municipalities. Fees for the cleansing of private privies were levied in the Municipalities of North Dum-Dum and Jajpur, and in portions of the South Suburban and North Barrackpore Municipalities.

Income.

12. The total funds available for expenditure were Rs. 51,62,352 against Rs. 49,77,650 in the previous year. The total expenditure was Rs. 45,56,164 against Rs. 43,72,575 in 1900-1901.

13. *Closing balances of Municipalities.*—The aggregate closing balances of the Municipalities, which stood at Rs. 6,06,188, shows a slight increase of Rs. 1,113 as compared with the previous year. In several cases funds are being accumulated for schemes of Municipal reforms, and in others money was reserved for probable plague charges. Savings effected in estimated expenditure, and the inability to fully utilise loan funds or contributions also led to the increase in some Municipalities. In Monghyr the closing balance was over Rs. 25,000, a large part of which is required for the drainage scheme, but it would be wise to spend as much as can be spared on conservancy requirements, which are urgent. It is said that many of the public latrines are in ruins, and plague and cholera are always present. The working balances fell below Rs. 100 in several Municipalities, which must have caused some inconvenience.

14. The following statement shows the total income of the Municipalities under various heads during the past year and the variations from the previous year :—

Head of Revenue.	Total receipts 1901-1902.	Comparison with 1900-1901.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes—				
(*a*) Tax on houses and lands ...	11,96,554	1,02,151	.....	+ 9·3
(*b*) „ on animals and vehicles	2,42,439	7,137	.....	+ 3·0
(*c*) „ on professions and trades	57,361	2,080	.....	+ 3·7
(*d*) Tolls on roads and at ferries	1,51,812	8,367	.....	+ 5·8
(*e*) Water-rate	2,58,125	22,143	.....	+ 9·3
(*f*) Lighting-rate	86,208	15,803	.....	+ 22·4
(*g*) Conservancy (including scavenging and latrine-rates).	7,45,156	74,382	.....	+ 11 0
(*h*) Tax on persons according to circumstances and property.	5,70,632	8,217	.....	+ 1·4
(*i*) Miscellaneous penalties, etc. ...	29,129	8,473	.....	+ 41·0
2. Realizations under special Acts ...	98,954	2,546	.....	+ 2·6
3. Revenue derived from Municipal property and powers apart from taxation	3,63,865	24,108	.....	+ 7·1
4. Grants and contributions for general and special purposes ...	3,14,786	19,143	.....	+ 6·4
5. Miscellaneous	1,35,531	35,463	.....	+ 35·4
6. Extraordinary and debt—				
(*a*) Sale proceeds of Government securities and withdrawals from Savings Bank ...	114	.....	9,286	— 98·8
(*b*) Loans	60,100	.....	1,48,900	— 71·2
(*c*) Realizations of Sinking Fund for repayment of loans.	.....	.....	2,310	—100·0
(*d*) Advances	1,75,868	18,292	.....	+ 11·6
(*e*) Deposits	70,704	.....	6,690	— 8·6
Total ...	45,57,338	3,48,305	1,67,186	.....
Net increase ...	.....	1,81,119		+ 4·1

15. The increase of Rs. 1,81,119 in the revenue shown above does not represent the real increase in the ordinary revenues of the Municipalities, for they borrowed Rs. 1,48,900 less than in 1900-1901. Excluding the receipts under "6—Extraordinary and debt," the total real income amounted to Rs. 42,50,552 against Rs. 39,20,539 in the previous year, showing an increase of Rs. 3,50,013, or 8·4 per cent.

The permanent increase in income derived from taxation proper amounted to Rs. 2,48,753, or 8·0 per cent. The increase was shared by all the Divisions, and was largest in the Burdwan Division.

16. *Tax on houses and lands.*—This tax yielded a revenue of Rs. 11,96,554, which was Rs. 1,02,151 in excess of the income during the previous year. The increase was shared, more or less, by the groups of Municipalities in all the Divisions. The largest increase of Rs. 24,207 and Rs. 24,863, occurred, respectively, in the Burdwan and Presidency Divisions. There were large increases in the Municipalities of Burdwan (Rs. 7,234), Hooghly and Chinsura (Rs. 4,381), Serampore (Rs. 2,330), Howrah (Rs. 11,948), Garden Reach (Rs. 4,032), Dacca (Rs. 13,790), Chittagong (Rs. 5,080), Patna (Rs. 2,699), Gaya (Rs. 3,437), Muzaffarpur (Rs. 9,132), Monghyr (Rs. 3,953), Jamalpur (Rs. 2,162), Puri (Rs. 3,720) and Ranchi (Rs. 2,393). At Budge-Budge, which was formed into a Municipality only in the previous year, the income rose from Rs. 4,197 to Rs. 16,297. The increase at Chittagong was due to the realisation of taxes due from the Assam-Bengal Railway for the last three years. Revised assessments brought into operation during the year and better collection of both arrear and current demand, contributed generally to the increases under this head in the other towns.

17. *Tax on animals and vehicles.*—There was an increase of Rs. 7,137, or 3·0 per cent., in the revenue under this head, which was shared by several Municipalities, the largest increase of Rs. 3,069 occurring in the Rangpur Municipality, where the rate of fees on the registration of carts was raised from Rs. 2 to Rs. 3 per annum. At Barasat, in the Presidency Division, the revenue derived from this source (Rs. 5,319) exceeded the income from the tax on persons levied in that town, and the fairness of this arrangement should be investigated.

18. *Tax on professions and trades.*—The comparatively small revenue from this source shows a small increase of Rs. 2,080. This was shared by all the Divisions, except Bhagalpur and Orissa, where there was a decline of revenue, whilst the income was stationary in the Burdwan Division. In the Chota Nagpur Division the income rose from Rs. 680 in 1900-1901 to Rs. 1,179.

19. *Tolls on roads and at ferries.*—Tolls are nowhere levied on roads in Bengal but 49 Municipalities derive an income from ferries. The largest increase of income under this head occurred in the Municipalities of Patna (Rs. 4,014), Bhagalpur (Rs. 2,807), Chandpur (Rs. 1,265) and Chittagong (Rs. 1,187); while there was a decline of Rs. 1,558 at Muzaffarpur, Rs. 1,257 at Narainganj and at Daudnagar where the income fell from Rs. 1,025 in 1900-1901 to Rs. 256. The realisation of arrears accounts for the increase at Patna and Bhagalpur; the increase in the other places, and part of that at Bhagalpur, was due to competition among the lessees of the ferries.

20. *Water-rate.*—This rate was in force in 10 Municipalities against 9 in the previous year, having for the first time been levied in the South Dum-Dum Municipality during the year under reveiw. The income of Rs. 2,58,125 shows an increase of Rs. 22,143, which was shared by the Municipalities of Burdwan (Rs. 4,566), Howrah (Rs. 9,917), Maniktala (Rs. 4,555), Berhampore (Rs. 1,023) and Arrah (Rs. 1,999). The income fell off at Cossipore-Chitpur, and at Bhagalpur, where the decline amounted to Rs. 1,377. The increase at Howrah and Burdwan was due to the extension of the service and at Maniktala to the raising of the rate from 1½ to 3 per cent. on the annual value of holdings. Recovery of arrears accounts for the increase at Arrah. There was a decline at Bhagalpur, due to the causes mentioned in paragraph 10.

21. *Lighting-rate.*—The income which amounted to Rs. 86,208 rose both at Howrah and Darjeeling, where the rate is in force by Rs. 2,754 and Rs. 13,049, respectively. At Darjeeling the increase was due mainly to the inclusion under this head of the amounts realized for making private connections during the year under report, which in previous years were credited under "Actual cost of private works."

22. *Conservancy, including scavenging and latrine rates.*—The revenue under this head, which amounted to Rs. 7,45,156, shows an increase of Rs. 74,382, or 11·0 per cent. over the income during the previous year. The increase occurred mainly in the Municipalities of Burdwan (Rs. 3,393), Hooghly and Chinsura (Rs. 2,312), Howrah (Rs. 23,052), Titagur, (Rs. 2,645), Garden Reach (Rs 2,767), Dacca (Rs. 2,947), Gaya (Rs. 5,062), Muzaffarpur (Rs. 7,907) and Jamalpur (Rs. 2,208). The increase is generally attributed to more efficient administration, whilst at Gaya the previous year's accounts showed only the income for three months, and at Titagur the rate was raised.

Several Municipalities continued their efforts towards making the trenching-grounds a source of income; but, as in previous years, the result was trifling. Monghyr and Ranchi were most successful in the disposal of their sewage.

23. *Tax on persons according to their circumstances and property within the Municipality.*—The total revenue of Rs. 5,70,632 shows a small increase of 8,217 as compared with the previous year. The increase was shared by several Municipalities and was marked in Arrah (Rs. 2,735) and Balasore (Rs. 2,235). Revision of assessment and collection of arrears account for the increase. The income declined by Rs. 2,567 at Dinajpur, Rs. 2,059 at Puri, and Rs. 1,565 at Cuttack. At Dinajpur the decline is only apparent, as there was a corresponding increase in the income under the tax on houses and lands of Rs. 2,022, and at Puri this system of taxation, which was introduced experimentally, was abandoned. Short collections are responsible for the decline at Cuttack.

24. *Grants from Provincial and Local Funds and contributions by private individuals.*—The total receipt amounted to Rs. 3,14,786, showing an increase of Rs. 19,143. The contributions were for medical purposes Rs. 1,74,267, education Rs. 8,487, and for general purposes Rs. 1,32,032.

25. *Gifts of money or land and works of public utility executed by private individual.*—Many instances of private liberality are brought to notice in the Commissioners' reports which will be noted in a separate Resolution. The most important were a gift of Rs. 15,000 from the late Nawab of Dacca for a hospital at Patuakhali, and another of Rs. 12,000 from Babu Ugar Mal Lohia for the construction of a building at the burning ghat at Sibpur in Howrah.

Expenditure.

26. The total expenditure in the Municipalities of the Province (excluding Calcutta,) amounted during the year to Rs. 45,56,164, against Rs. 43,72,575 in 1900-1901, being an increase of Rs. 1,83,589. The year closed with a balance of Rs. 6,06,188, against Rs. 6,05,075 in the preceding year. The percentages which the expenditure under each of the principal heads bore to the total outlay (excluding debt and suspense heads) in each of the past five years) are as follows:—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1897-98 ...	10·4	7·2	7·4	3·2	30·3	9·7	·57	17·1	3·7
1898-99 ...	10 6	4·4	5·9	3·4	31·7	10·5	·5	16·3	3·4
1899-1900 ...	10·4	5·8	6·5	3·5	29·5	10·5	·5	18 3	3·4
1900-1901 ...	11·4	5·7	6·7	5·2	31·1	11 5	·53	15·0	3·3
1901-1902 ...	10·0	6·0	6·1	4·2	31·3	11·8	·53	16·5	3·2

The percentages for the past year shown in the table above are exclusive of expenditure met from loan funds.

27. The following statement shows the expenditure of 1901-1902 under the main heads, compared with that of the previous year:—

Heads of Expenditure.	Total expenditure in 1901-1902.	Comparison with 1900-1901.		
		Increase.	Decrease.	Percentage of variation.
1	2	3	4	5
1. General administration—	Rs.	Rs.	Rs.	Rs.
(*a*) Office establishment, &c. ...	2,14,939	4,712	...	+ 2·2
(*b*) Collection of taxes, &c. ...	1,90,613	10,873	...	+ 6·0
(*c*) ,, of tolls ...	1,022	96	...	+ 10·3
(*d*) Survey of land	8,016	...	1,641	− 16·9
(*e*) Refunds	5,339	3,160	...	+ 145·0
(*f*) Pensions and gratuities ...	856	76	...	+ 9·7
2. Public Safety—				
(*a*) Fire (establishment, &c.) ...	22,791	...	1,326	− 5·5
(*b*) Lighting	2,44,816	24,524	...	+ 11·1
(*c*) Police	18,384	1,213	...	+ 7·0
(*d*) Rewards for destruction of wild animals	2,230	168	...	+ 8·1
3. Public Health and Convenience—				
(*a*) Water-supply	2,49,351	...	10,911	− 4·1
(*b*) Drainage	1,72,151	...	31,368	− 15·4
(*c*) Conservancy (including road-cleaning and watering) and latrines	12,68,329	59,715	...	+ 4·9
(*d*) Hospitals and dispensaries ...	4,48,847	3,205	...	+ 0·7
(*e*) Vaccination	21,523	749	...	+ 3·6
(*f*) Market and slaughter-houses ...	25,405	2,502	...	+ 10·9
(*g*) Pounds	5,239	...	571	− 9·8
(*h*) Dâk bungalows and serais ...	1,295	616	...	+ 90·7
(*i*) Arboriculture, &c.	12,912	905	...	+ 7·5
(*j*) Public works—				
(*i*) Establishment ...	85,092	2,078	...	+ 2·5
(*ii*) Buildings	58,598	17,814	...	+ 43·6
(*iii*) Roads	5,10,922	55,824	...	+ 12·2
(*iv*) Stores	14,921	10,643	...	+ 248·7
4. Public instruction	1,32,340	5,417	...	+ 4·2
5. Contribution for general purposes ...	10,256	5,328	...	+ 108·1
6. Miscellaneous	3,76,143	60,884	...	+ 19·3
7. Extraordinary and debt—				
(*a*) Investments (Government securities and Savings Banks) ...	63,275	...	79,727	− 55·6
(*b*) Payment to sinking funds ...	10,500	...	...	...
(*c*) Provident Fund withdrawals ...	...	...	...	...
(*d*) Repayment of loans ...	1,13,595	8,947	...	+ 8·5
(*e*) Advances	1,85,888	5,975	...	+ 3·3
(*f*) Deposits	80,576	23,709	...	+ 41·6
Total ...	45,56,164	3,09,133	1,25,544	...
Net increase ...	...	1,83,589		+ 4·1

28. *Office and Collection Establishment.*—The expenditure under this head is growing in spite of the careful scrutiny of the annual estimates by the Commissioners of Divisions. A standard has recently been prescribed by the Presidency Commissioner fixing 7½ per cent. of the collections as the standard cost of management in Municipalities. It is hoped that this order will produce a good effect in the future, but at present the average is over 10 per cent. In the case of two Municipalities in this Division a preaudit of establishment bills by the Magistrate's office was ordered, and was successful in checking irregular and unauthorised expenditure.

29. *Prevention of Fire.*—The expenditure under this head shows a decline of Rs. 1,326. As in previous years, almost the entire amount of the charge was incurred in the Municipalities adjoining Calcutta which are served by the Metropolitan Fire-brigade.

30. *Street Lighting.*—The expenditure rose from Rs. 2,20,292 in 1900-1901 to Rs. 2,44,816, showing an increase of Rs. 24,524, or 11·1 per cent., which occurred mainly in the Municipalities of Howrah (Rs. 15,805) and Darjeeling (Rs. 10,001). The payment of arrear gas-bills at Howrah and the purchase of materials for the electric-light installation at Darjeeling account for the rise of expenditure in those places. The only other Municipality which is lighted with electricity is Dacca, but the installation, which was a gift of the late Nawab Sir Khwaja Ahsanullah Bahadur, K.C.I.E., is in the hands of a board of trustees, the Municipality only contributing for the lighting of the streets the amount it formerly used to spend on oil-lamps.

31. *Water-supply.*—The expenditure under this head was Rs. 2,49,351, showing a decline of Rs. 10,911, or 4·1 per cent. The decrease was mainly in the Municipalities of Darjeeling, Dacca and Bhagalpur, where the expenditure declined by Rs. 15,576, Rs. 2,051 and Rs. 13,030, respectively, whilst on the other hand the expenditure increasd in the Municipalities of Cossipore-Chitpur (Rs. 3,078), Maniktala (Rs. 3,112) and Berhampore (Rs. 5,978). The whole of Cossipore-Chitpur and a portion of Maniktala receive a supply of filtered water from the mains of the Calcutta Corporation. The Municipal Commissioners of Maniktala spent Rs. 4,828 in replacing 2,450 feet of existing pipes by others of a larger dimension. The Commissioners intend to extend the water-supply further in that Municipality at an estimated cost of Rs. 99,981, and the proposals are under the consideration of Government.

The scheme for the supply of filtered water in the Garden Reach Municipality has already been sanctioned, and a loan of Rs. 45,000 has been granted for the purpose. The work will be undertaken during the current year. The filtered water scheme for the South Suburban Municipality, as well as a loan of Rs. 29,000 for its execution, has also been sanctioned by Government. Some of the Mill authorities in Naihati, Bhatpara, Titagur and Garulia continued to supply filtered water to the public free of charge from their mills. It is proposed to extend this system, so as to provide the entire population of these Municipalities with filtered water at a small cost. The supply of filtered water at Berhampore is giving general satisfaction, and the Larymore boiler put up at Barasat continued to yield excellent water. The decrease of expenditure at Darjeeling was due to the absence of expenditure on new works. A revised scheme has been sanctioned for the improvement and extension of the water-supply, which is estimated to cost Rs. 1,87,893. The decline at Dacca was in the cost of maintenance of the water-works in that town. At Bhagalpur the payments of the previous year were unusually high, which accounts for the decrease of expenditure during 1901-02. The difficulties of connection with the river have been partially removed, but the reservoirs and house-connections gave trouble during the year.

The Officiating Lieutenant-Governor is gratified to find from the reports that considerable activity was displayed during the year in several Municipalities in excavating tanks and sinking masonry and tube-wells, in improving existing sources of supply, and especially in reserving selected tanks and wells for drinking and culinary purposes. The provision of a filtered water-supply is beyond the means of any but the larger and more wealthier municipalities, but almost every town can do something to extend or improve its water-supply, a measure of real and widespread beneficence.

32. *Drainage.*—The total expenditure was Rs. 1,72,151, showing a decrease of Rs. 31,368, or 15·4 per cent., as compared with the expenditure of the previous year. This decrease occurred under capital outlay, the maintenance charges showing a small increase of Rs. 1,637. The decrease was shared mainly by the Municipalities of Krishnagar (Rs. 5,104). Darjeeling (Rs. 3,395), Rangpur (Rs. 4,459), Patna (Rs. 22,486), Tikari (2,051) and Monghyr (2,013), whilst there were comparatively large increases at Howrah (Rs. 3,134), Asansol (Rs. 2,899) and Raniganj (Rs. 3,240). Large capital expenditure which was incurred in the previous year on the improvement of drains accounts for the apparent decline in the Municipalities named above. The improvements at Monghyr were continued, and an outfall scheme is being carried out. Schemes

for the improvement of drainage have been prepared for the Municipalities of Cossipur-Chitpur and Maniktala, and the latter is now before the Sanitary Board. It is satisfactory to find from the reports that steps are being taken in several other Municipalities for the improvement of drainage. The report of the Commissioner of Dacca is, however, silent on the subject, although the need of a drainage system in Dacca is urgent, and specially attracted the attention of the late Lieutenant-Governor when he visited the town in August last. In Howrah, where a good system of drainage has long been urgently required, nothing was done beyond the appointment of a surveyor and some *coolies* to take levels. The Officiating Lieutenant-Governor hopes that more effective action will be taken during the course of the current year. The Chairman of the Chittagong Municipality complains of the injury to the health of the town caused by the overgrowth of jungle and want of drainage in private premises. Section 195 of the Act is intended to meet such cases, and should be put in force if necessary.

33. *Conservancy, including road-cleaning, road-watering and latrines.*—The expenditure of Rs. 12,68,329 shows a large increase of Rs. 59,715, or 4·9 per cent., as compared with the previous year. Taking the Municipalities in groups of Divisions, the increase was shared by those of the Burdwan, Presidency, Rajshahi, Orissa and Chota Nagpur Divisions, those in the two first named Divisions showing the largest increases of Rs. 35,803 and Rs. 29,015, respectively. The expenditure declined in the rest of the Divisions, and most markedly in the Patna Division, where it fell by Rs. 13,554. The increased expenditure of Rs. 20,742, Rs. 3,195 and Rs. 2,476 incurred by the Municipalities of Howrah, Burdwan and Midnapore contributed mainly to the large increase returned from the Burdwan Division. At Howrah the increase was due to the large purchase of disinfectants, higher prices of fodder, acquisition of land, the construction of bacteriological filters, purchase of a number of sullage carts, and the payment of all bills received up to March. The other Municipalities which returned comparatively large increases of expenditure in the other Divisions were Cossipore-Chitpur (Rs. 5,139), Maniktala (Rs. 3,013), Garden Reach (Rs. 2,182), Budge-Budge (Rs. 4,313), Titagarh (Rs. 4,239), Darjeeling (Rs. 3,674) and Cuttack (Rs. 2,355). On the other hand the expenditure declined largely in the Municipalities of Narainganj (Rs. 4,169), Patna (Rs. 3,594), Bihar (Rs. 15,670) and Monghyr (4,890). At Monghyr the decline was due to the fact that in the previous year an increased expenditure was incurred to secure greater cleanliness of the town so as to prevent the importation of plague. No explanation has been given of the decline of expenditure in the other towns, and the decline in Dacca, where the Magistrate reports "a crying necessity for further improvements in conservancy," is especially to be regretted. The Commissioner of the Presidency Division brings to notice the refusal of the Commissioners of the Santipur Municipality to introduce the provisions of Part IX of the Act in spite of the proved pollution of the wells, which are the source of water-supply, by well-privies, which abound in the town. The Officiating Lieutenant-Governor hopes that the Commissioner will be able to overcome this difficulty. A scheme for the conservancy of the town has been prepared, and should be introduced without delay. The improvement of *bustees* in Municipalities near Calcutta is being taken up systematically under section 245 of the Municipal Act, but progress is necessarily slow.

The expenditure on conservancy exceeded 50 per cent. of the total expenditure in five towns, viz., Titagarh (64·5), Baranagar (53·2), Garulia (53·4), Bhatpara (50·7) and Noakhali (51·0). The first four Municipalities are largely managed by the mill authorities, and the Officiating Lieutenant-Governor congratulates them on the attention paid to this important branch of administration.

34. *Hospitals and Dispensaries.*—The expenditure under this head rose from Rs. 4,45,642 in 1900-1901 to Rs. 4,48,847. The increase was shared by the Burdwan, Presidency, Chittagong and Chota Nagpur Divisions, and was largest in the Presidency Division. The expenditure declined in the remaining Divisions, and the fall was largest in the Dacca Division, where it amounted to Rs. 9,517. The increase of Rs. 12,460 at Howrah accounts mainly for the increase in the Burdwan Division; but no explanation has been given. Large increases of expenditure are also returned by the Municipalities of Baranagar (Rs. 7,654),

Cossipur-Chitpur (Rs. 4,951), Maniktala (Rs. 2,367), Darjeeling (Rs. 4,035), Rangpur Rs. (2,306), Monghyr (Rs. 4,358), Bhagalpur (Rs. 3,314), Comilla (Rs. 3,217) and Purulia (Rs. 3,694). The employment of two plague Health Officers and a gang of *coolies* accounts for the increase at Baranagar and Cossipur-Chitpur, and at Darjeeling it was due to the purchase of more European medicines and instruments for the dispensary and the provision of increased accommodation in the small-pox hospital. The construction of a ward for female patients contributed to the increase at Comilla and Purulia, and at the latter place a separate hospital was also built for contagious diseases. Large decreases of expenditure occurred in the Municipalities of Narainganj (Rs. 10,241), Dinapur (Rs. 3,328), Gaya (Rs. 10,691) and Puri (Rs. 4,826). The cost of a new dispensary building, constructed at Narainganj in the previous year, accounts for the apparent decline in the year under review. Payment of arrear bills in the previous year, reduction of plague charges, and the completion of certain works of improvement in the previous year were, respectively, responsible for the decline of expenditure in the other towns. Only two Municipalities, against five in the previous year, incurred no expenditure whatever on medical aid.

35. *Vaccination.*—The total expenditure under this head of Rs. 21,523 shows a small increase of Rs. 749. The best work was done in the Monghyr and Bhagulpur Municipalities, where each operator performed over 1,400 operations at an average cost of about 3 annas.

36. *Public Works.*—The expenditure under this head rose from Rs. 5,83,174 to Rs. 6,69,533, showing a large increase of Rs. 86,359. The increase occurred under all the sub-heads—"Establishment," "Buildings," "Roads," and "Stores," and was largest under "Roads," being Rs. 55,824.

37. *Public Instruction.*—The expenditure under this head, which amounted to Rs. 1,32,340, shows a small increase of Rs. 5,417. The expenditure on primary education was Rs. 67,090, or 2·5 per cent. of the aggregate ordinary income of the Municipalities in Bengal. This falls below the standard of 3·2 per cent prescribed by Government, and the Officiating Lieutenant-Governor desires that the controlling authorities will see that during the current year a proper provision, suitable to the different Municipalities, is made for the extension of primary education. Mr. Stevenson-Moore has shown the great need for this in the industrial Municipalities of the 24-Parganas, and his remarks will be considered in the Education Department. The wealthy Municipalities of the Burdwan and Dacca Divisions are the most backward in providing for primary schools.

38. *Loans.*—The South Suburban and Baraset Municipalities in the Presidency Division, and the Dinajpur and Darjeeling Municipalities in the Rajshahi Division, obtained loans of Rs. 29,000, Rs. 1,100 (being the second instalment of the loan), Rs. 10,000, and Rs. 20,000, respectively, from Government. The first two loans were for the improvement of water-supply, and the others for improvement of drainage and for the electric light installation at Darjeeling.

39. *Financial condition of Municipalities in debt to Government.*—All the Municipalities indebted to Government paid the interest and instalments on their loans in full, and no instance of default was brought to the notice of Government. There appears from the accounts to be no danger that any of the Municipalities in debt to Government will be unable to meet their liabilities in future.

40. *Audit of accounts and embezzlements.*—A considerable number of cases of embezzlement came to notice during the year under review, most of them being facilitated by laxity of supervision over the collection establishment. The defalcations occurred in the Municipalities of Hooghly and Chinsura, Serampur, Azimganj, Garulia, Narainganj, Netrokona, Patna, Gaya, and Bhagalpur. Considering the simple nature of Municipal accounts, the carefully prepared account rules, and the system of regular audits, it is much to be regretted that so many cases of embezzlement have to be chronicled every year. No less than six cases occurred in Bhagalpur, the offenders being the tax-collectors of the Municipality. The circumstance is discreditable to the administration of the collection department.

41. *Working of the Porters and Dandiwallas Act.*—Bengal Act V of 1883 for the control of porters and *dandiwallas* was in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during

the year was 843, against 775 in the previous year. There were 12 prosecutions against 23 in 1900-1901, and the amount of fines realized was Rs. 11-10 Three licenses were cancelled during the year. The law continued to be worked carefully and to produce good results.

42. The Divisional Commissioners have reported favourably on the general working of the Municipalities of the Province, with a few exceptions, which include those situated in the Nadia District and the Municipality of Pabna. The main difficulty is to secure a full and equitable assessment, and suggestions are made that in all cases joint assessors should be appointed. The defects in assessments are responsible not only for insufficient revenues, but also for delay and friction in the collection of taxes, which react upon the whole system of administration. In other respects there is evidence that the Commissioners have worked well for the improvement of their Municipalities and there are few complaints of lethargy or of difficulties caused by party spirit. The year has generally been one of steady improvement. Taxes have on the whole been collected with greater punctuality. The percentage of expenditure on administration has decreased, while the amounts spent on the main branches of municipal administration have increased. A readiness has been shown to initiate and carry out large schemes for water-supply and drainage, especially in the towns near the metropolis. The Chairmen and Vice-Chairmen are generally reported to have done good work, and the Officiating Lieutenant-Governor gladly acknowledges the services of those gentlemen, who have been especially mentioned by the Divisional Commissioners. It would be well if, as required by the Commissioner of Burdwan, the mass of the Commissioners would take interest in the daily work of their establishments and would supervise local works and prevent encroachments and nuisances, but so long as the presiding officers of the Municipalities are active and zealous, the Officiating Lieutenant-Governor is confident that the progress of the last few years will be maintained. He is glad also to notice that the relations between the Committees and the local authorities are satisfactory, and that the latter have been careful to give that personal attention to Municipal administration which is so valuable in stimulating local interest and in improving efficiency.

By order of the Offg. Lieutenant-Governor of Bengal,

E. W. COLLIN,

Offg. Secretary to the Government of Bengal.

FORM No. I.

STATEMENT SHOWING THE CONSTITUTION OF THE MUNICIPALITIES IN BENGAL

DURING

1901-1902.
